

# M-31 Adopt-a-Highway

Trendway Corporation and the Michigan Department of Transportation

Employees of Trendway Corporation have participated in the Michigan Department of Transportation's Adopt-a-Highway program consistently for 17 years. They have committed to removing litter and debris for a three mile long stretch along Highway M-31. With just under 1,000 hours of employee time donated, they have picked up an estimated three to four tons of trash and debris from the highway. By doing this, Trendway Corporation shows their commitment to the local community and has indicated that they have all intentions of continuing this practice into the future.
