Part 127 Groundwater Protection and Water Wells Stakeholder Meeting Agenda

Tuesday May 7, 2013 9:00-12:00

Michigan Department of Environmental Quality
Constitution Hall
John McCauley Conference Room (4th floor, South Tower)

Introductions

- Roll Call
- What is a stakeholder: A person representing a group with a vested interest in the outcome of the meeting
- Statute verse rule

Goals and Background

- Statute and Rules revision
- History of Act 368, Part 127
- DEQ relationship with local health departments (LHDs)
- Michigan well construction statistics

Meeting Expectations

- Discuss the collaborative effort of the workgroup meetings
- Determine expected outcomes of the workgroup
 - Policy and Procedures
 - Sub groups/technical groups
 - Geothermal to be addressed separately
- Define expectations of stakeholder workgroup members
 - Determine the level of commitment needed for a stakeholder participant
 - Who is responsible for what during and after the workgroup meetings?

Stakeholder Ideas and Issues

- Time for general brainstorming of changes Stakeholders would like to see

Wrap-Up and Summary of Action Items

- Have we overlooked a stakeholder?
- Stakeholder Contact List and posting on the Internet
- Updates on DEQ well construction website
- Scheduled Next Meeting(s) and meeting frequency
- Read Statute (page 1-5) and come prepared to discuss at next meeting
