

# Supply Chain Collaboration: Designing for Sustainability

*Mary Ellen Mika  
Manager, Global Sustainability Initiatives*

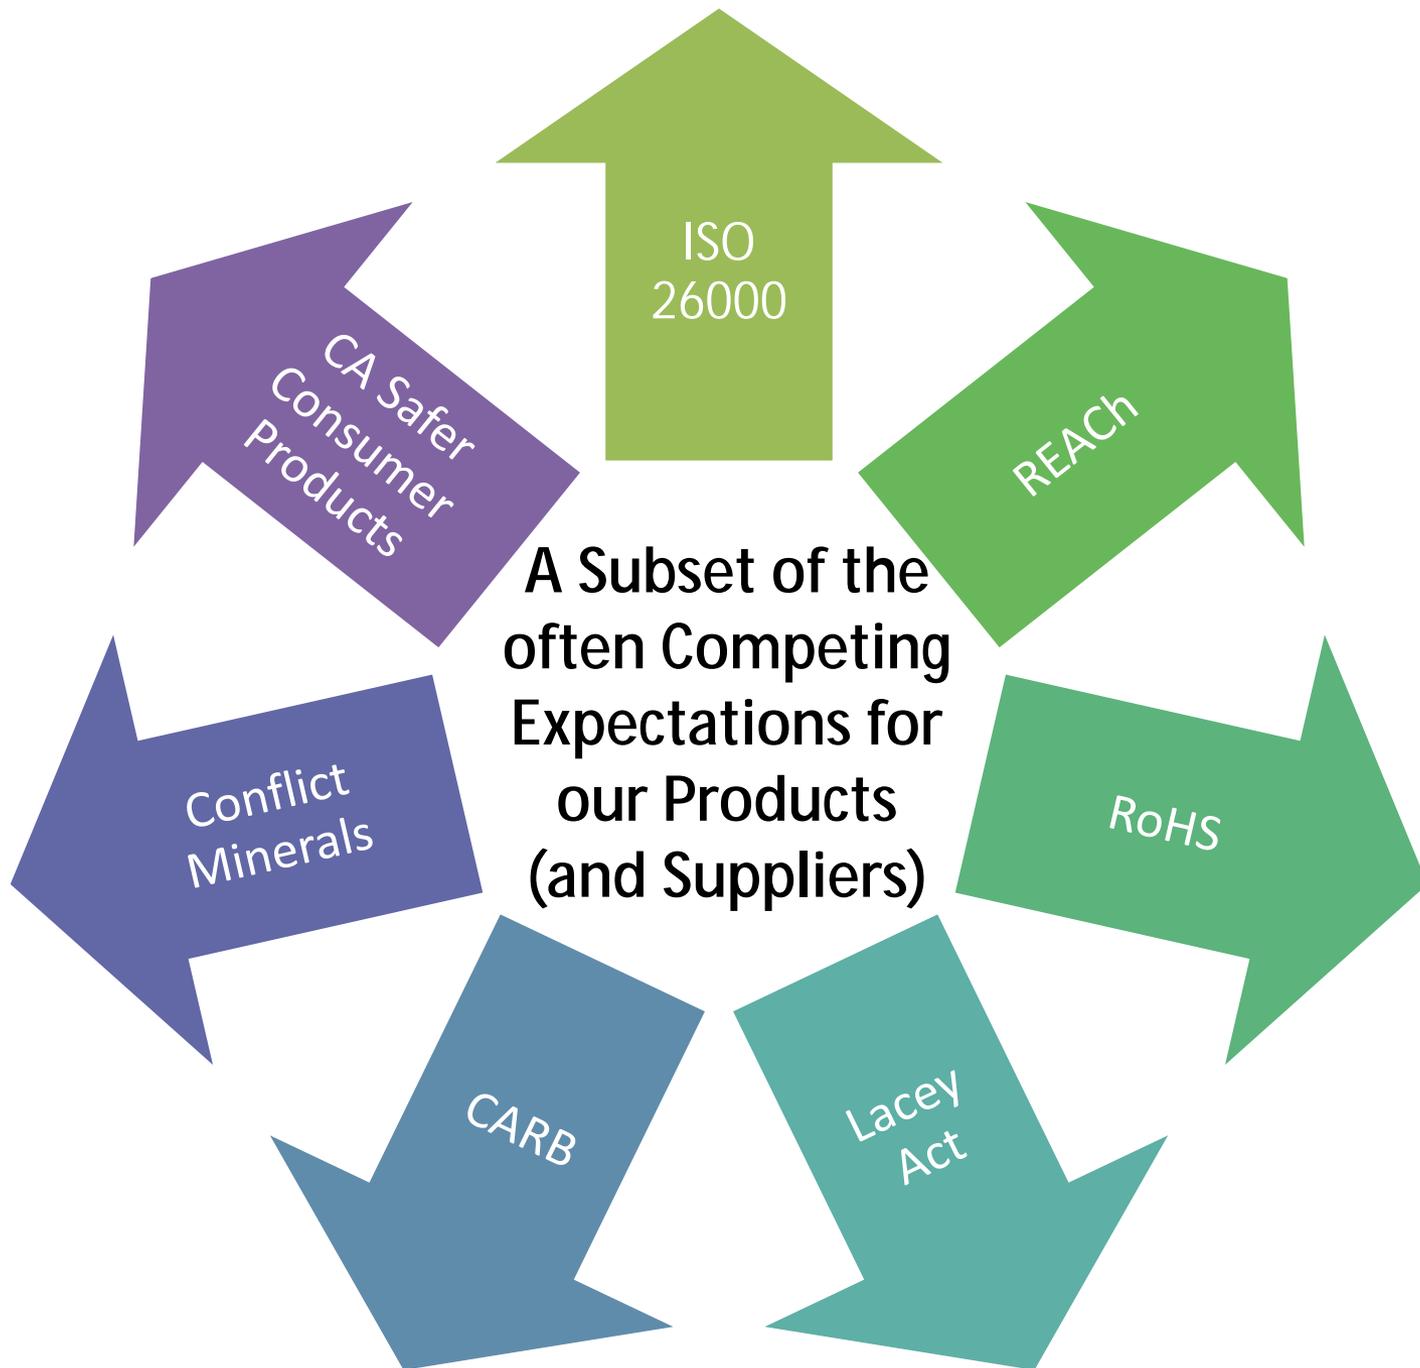

*September 17, 2014  
Sustainable Manufacturing Conference  
Kalamazoo, MI*

# Why are we concerned with supply chain sustainability?

GHG emissions across a product's life cycle

from World Resources Institute

# Menu of Sustainability Goals in Product Development

## REGULATION

Classification : Regulation (8)

- Title : CARB (1)
- Title : Chemicals of Concern (EPA) (1)
- Title : CPS IA (1)
- Title : Lacey Act (1)
- Title : OSHA (1)
- Title : REACH (1)
- Title : RoHS regulation - for electrical and electronic devices (1)
- Title : WEEE (1)

## CERTIFICATE

Classification : Certificate (50)

- Title : BIFMA e3 (3)
- Title : Blue Angel (3)
- Title : C2C (4)
- Title : CHPS (1)
- Title : Energy Star (1)
- Title : Environmental Product Declaration (EPD) (1)
- Title : European Flower - EU Ecolabel (1)
- Title : FSC (1)
- Title : GECA (Good Environmental Choice Australia) (1)
- Title : GPL (Green Purchasing Law, Japan, government sales req'mt) (1)
- Title : GPP (1)
- Title : Greenguard (1)
- Title : LEED (1)
- Title : NF Environment (20)
- Title : Nordic Swan (1)
- Title : OekoTex (1)
- Title : PEFC (1)
- Title : SCS Indoor Advantage (2)
- Title : SEMC (Swedish Environmental Management Council) (1)
- Title : SFI (1)
- Title : SMART (1)
- Title : UL Environment (1)
- Title : UNE 510 (Spain) (1)

## OTHER

Classification : Other (16)

- Title : Eco-design (14)
- Title : Europe Chemical & Material Black List (1)
- Title : No MBDC Black List (1)

We Narrow  
our  
Choices...

# Key Sourcing Criteria

variable	weight	<supplier 1>	<supplier 2>
price	x		
service	x		
quality	x		
supply chain	X		
stability	X		
capacity	X		
sustainability	?		
customer references	x		
ease of ordering/ delivery	x		
<b>supplier rating</b>			

Suppliers are concerned about much more than sustainability criteria.

# In conclusion...

Our suppliers are a critical part of our sustainability efforts. We help them and they help us to achieve our sustainability goals.

End of life

Materials

Production

Transport

Use

Thank you!

**Steelcase**

Love how you work.
