

# Project Clarity

Herman Miller and the Outdoor Discovery  
Center Macatawa Greenway

---

Herman Miller employees volunteered on 15 dates from June through September to help clean up Poppin Woods and Peter's Creek. Their work included removal of garbage, debris, and invasive plants. This work was done as part of Project Clarity, a community effort to raise awareness and funding to restore the wetlands and reduce sediment and nutrient pollution in Lake Macatawa by 70 percent over the next five years. This partnership gave the employees a chance to directly help the community while helping the environment at the same time.
