"SOLVING YOUR INDUSTRIAL RECYCLING PROBLEMS FOR TODAY AND TOMORROW!"

Since 2001 we have been minimizing the amount of scrap that goes into the landfill helping our environment and maximizing our customer's profits. We have reduced many of our customer's waste 80% which can potentially cut costs by 25-50%! By providing the right equipment and knowledge, RCI can solve your waste hauling problems and environmental concerns.

We have an extensive list of materials that we recycle:

- Plastics (#1-7)
- OCC (Cardboard)
- All Types of Paper
- Drums (Steel, Poly & Fiber)
- Pallets
- Auto Parts
- Re grind & Purges
- And many more!
