

Something Rare, Yet Common

Reconstruction Instructions

The original PowerPoint file was too large to be made available as a single file. It was split into the following three files:

SRYC-1-of-3.ppt

SRYC-2-of-3.ppt

SRYC-3-of-3.ppt

These files can be viewed as separate presentations or they can be recombined into a single file.

To recombine the files

- ❖ save the files
SRYC-1-of-3.ppt,
SRYC-2-of-3.ppt,
SRYC-3-of-3.ppt to your hard disk.
- ❖ open SRYC-1-of-3.ppt,
- ❖ switch to 'Slide Sorter View'
- ❖ go to the space after the last slide (slide 44)
- ❖ from the menu select 'Insert' // 'slides from file'
- ❖ 'browse' to SRYC-2-of-3.ppt and select it
- ❖ select 'insert all'
- ❖ save the results under a new name
- ❖ do not close the file (just yet)
- ❖ repeat the process for SRYC-3-of-3.ppt.

When you are done the completed file will have 81 slides in all.

- ❖ Save your work
- ❖ View the results.
