

Ypsilanti P.R.I.D.E. Day

Ford Motor Company Rawsonville Plant and the Ann Arbor/Ypsilanti Regional Chamber Foundation

Ford Motor Company sponsored the 19th Annual Ypsilanti P.R.I.D.E. (People Restoring Image and Developing the Environment) Day. The event was a community-wide event intended to foster community pride and encourage local business growth. On this day hundreds of volunteers picked up litter, painted, planted flowers, removed debris from the Huron River, as well as a variety of beautifying activities to make the community clean and inviting at over 40 public sites.
