

Who to Contact

For Odor Complaints please contact the odor hotline established by Advanced Disposal. That number is 248-305-8432. Advanced Disposal has notified us that they will respond to all complainants provided that a phone number is left. Also, an email may be sent to the facility at

Anthony.Testa@advanceddisposal.com with Larry Bean (BeanL@michigan.gov), Alex Whitlow (WhitlowA@michigan.gov), and Scott Miller (MillerS@michigan.gov) carbon copied. The email should include the characteristics of the odor in addition to the date and the time the odor was observed.

For specific questions or concerns regarding the retracted expansion proposal, landfill operations, landfill design or waste streams, please call Larry Bean (517-416-4375) or Alex Whitlow (517-614-9712) during normal office hours (9 AM to 5 PM, Monday through Friday). We will return your call if a reachable number is provided.

For specific questions or concerns regarding air quality permitting relating to landfills or air monitoring, please call Diane Kavanaugh Vetort (517-780-7864) during normal office hours (9 AM to 5 PM, Monday through Friday).

If you have questions you want to direct to the MDEQ, contact the following staff:

Alex Whitlow

Environmental Engineer, E.I.T.

MDEQ Office of Waste Management and Radiological Protection

517-614-9712

WhitlowA@michigan.gov

Scott Miller

Jackson District Supervisor

MDEQ Air Quality Division

517-780-7481

MillerS@michigan.gov

Larry Bean

Jackson District Supervisor

MDEQ Office of Waste Management and Radiological Protection

517-416-4375

BeanL@michigan.gov

For information regarding the most recent construction updates or to report odor issues directly to the facility, call the hotline set up by Advanced Disposal. The number is 248-305-8432.
