

84 ppb Ozone Attainment Designation Status

as of June 2009 based on 2006-2008 Data

West Michigan

Allegan county recorded a violation of the 8-hour 84 ppb standard in 2008 that is attributable to emissions transport.

Note that the "1997 8-hour Ozone Standard of 0.08 ppm" is labeled "84 ppb Ozone" for simplicity.
