Mr. Robert Kaplan  
Acting Regional Administrator  
United States Environmental Protection Agency, Region 5  
77 West Jackson Boulevard (R-19J)  
Chicago, Illinois 60604-3507

Dear Mr. Kaplan:

SUBJECT: Michigan State Implementation Plan (SIP) Submittal for Michigan's 2010 National Ambient Air Quality Standard Sulfur Dioxide Nonattainment Area

Pursuant to Section 110 of the federal Clean Air Act and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, the Michigan Department of Environmental Quality (MDEQ) is submitting "Michigan's 2010 Sulfur Dioxide One-Hour National Ambient Air Quality Standard Nonattainment State Implementation Plan for Wayne County (partial)" to the United States Environmental Protection Agency (USEPA) for review and approval.

This SIP submittal details and demonstrates Michigan's progress towards achieving attainment with the 2010 sulfur dioxide standard in the designated nonattainment area in Wayne County, Michigan. Significant steps have been taken to decrease sulfur dioxide emissions in the area, and monitoring data indicates we are succeeding in meeting the current standard. This document fully describes the analysis demonstrating that the actions taken will result in permanent compliance with the standard through legally enforceable reductions. A key provision of our submittal, Rule 430, will be forwarded to you once it is fully signed and promulgated.

An opportunity for public comment and hearing was provided both for the major components of this submittal and for the submittal in its entirety. This submittal consists of one hard copy of the required documentation, which is also being sent to you electronically.

We ask that the USEPA approve this revision to the Michigan SIP. Questions on this submittal may be directed to Ms. Lynn Fiedler, Chief, Air Quality Division, at 517-284-6773; [fiedlerl@michigan.gov](mailto:fiedlerl@michigan.gov); or MDEQ, P.O. Box 30260, Lansing, Michigan 48909-7760; or you may contact me.

Sincerely,

Keith Creagh  
Director  
517-284-6700

Enclosure
