

RICK SNYDER  
GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF ENVIRONMENTAL QUALITY  
LANSING

DAN WYANT  
DIRECTOR

TO: Stormwater, Asset Management, and Wastewater (SAW) Grant Recipients  
FROM: *STB* Sonya T. Butler, Chief, Revolving Loan Section  
DATE: June 17, 2014  
SUBJECT: Asset Management Plans

This communication is to inform you of recent enacted legislation that adds an additional SAW grant condition. The condition applies to the asset management plan (AMP) grants per Section 603 of House Bill 5313. Section 603 reads as follows:

Sec. 603. From the funds appropriated in part 1, by December 31, 2014, the department shall compile and make available to the public on a publicly accessible website a report containing a summary document of each completed asset management plan for any stormwater, asset management or wastewater grant awarded to a local unit of government to fund the development of a plan. As a condition of receiving a stormwater, asset management or wastewater grant, a local unit of government shall make its asset management plan available to the department upon request when completed and must retain copies of the plan that can be made available to the public for a minimum of fifteen years. The department shall make available a summary document of each plan on a publicly accessible website by September 30 of the year it was completed. The summary document shall include a summary of the plan, the plan's major identified assets, and contact information for the local unit of government.

Thus, by accepting this grant, you are agreeing to make the asset management plan available to the Department of Environmental Quality (DEQ) upon request AND to make a copy of the asset management plan available to the public for at least 15 years. The Asset Management Plan Certification of Project Completeness has been modified to satisfy the legislation. The Asset Management Plan Certification of Project Completeness must be submitted along with a summary of the asset management plan, which includes identifying major assets of the plan and a contact person for the public to obtain a copy of the AMP. Our office will post the Certification of Project Completeness and the attachment to the DEQ website when the AMP is completed.

If you wish to decline the SAW Grant, please contact your project manager.
