**PUBLIC NOTICE AS OF APRIL 7, 2014– STATE OF MICHIGAN-DEPARTMENT OF ENVIRONMENTAL QUALITY FOR PROPOSED MODIFICATION OF DEQ CONSERVATION EASEMENT** Water Resources Division, 525 West Allegan Street, Lansing, Michigan 48933, 517-284-6669, File Number: 13-74-0026-V/File Number: 01-74-0168-P. Mr. Nicholas Barrett, owner of Parcel 3 in Nature’s Way Subdivision, St. Clair Township, St. Clair County, has applied to this office for authorization to modify a conservation easement (easement) that was originally conveyed by Nature’s Way Properties, LLC, on May 9, 2002, to the Department of Environmental Quality (DEQ), Water Resources Division (WRD) as a condition of a permit (WRD File Number: 01-74-0168-P) authorizing wetland impacts associated with the development of a residential subdivision. The easement was recorded by the St. Clair County Register of Deeds on December 5, 2003, Liber 3088 and Pages 436-458. Mr. Barrett requests a modification of the easement in order to resolve a violation associated with the unauthorized construction of a residential home within the conservation easement boundaries. The property owner has offered as compensation for the removal of 0.20 acre of land from the easement premises, the addition of 0.80 acre of land to the easement in accordance with plans located at the following link [http://www.michigan.gov/documents/deg/wrd-wetlands-exhibitC\\_453977\\_7.pdf](http://www.michigan.gov/documents/deg/wrd-wetlands-exhibitC_453977_7.pdf). Submit written comments to Colleen O’Keefe, Water Resources Division, P.O. Box 30458, Lansing, Michigan 48909-7958. Written comments will be accepted by e-mail and all statements must be received in writing by April 25, 2014. Information Contact: **Colleen O’Keefe**, Water Resources Division, [okeefec@michigan.gov](mailto:okeefec@michigan.gov) or 517-284-5538. Decision-maker: **William Creal**, *Water Resources Division Chief*. The project is located in T05N, R16E, Section 30, St. Clair Township, St. Clair County, Michigan. **THIS NOTICE IS NOT A PERMIT.** The proposed project may also be regulated by one or more additional parts of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, that are administered by the Water Resources Division (WRD). The requirements of applicable parts are considered in determining if it is in the public interest to issue a permit. When a proposal to modify a DEQ conservation easement is received requesting authorization to work in wetlands and integral habitat protected by a conservation easement granted to the State of Michigan, pursuant to PART 303, WETLANDS PROTECTION, OF THE NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT, 1994 PA 451, AS AMENDED, Modification of Easement Procedures, Admin-00-01, require that the department submit copies for review to the city, village or township, the county where the project is to be located, the local soil conservation district, and adjacent property owners. Additional notification is provided to certain persons as required by statute or determined by the department. Those persons wanting to make comments on the proposed project shall furnish this office with their written comments no later than 20 days from the date of this notice. Written comments will be made part of the record and should reference the above file number. Objections must be factual, specific, and fully describe the reasons upon which any objection is founded. Send public comments to: Conservation Easement Coordinator, DEQ, WRD, Constitution Hall, 3rd Floor South, P.O. Box 30458, Lansing, Michigan 48909-7958. The determination as to whether the easement will be modified will be based on evaluation of all relevant factors defined in the Modification of Easement procedures. All public comments received will be considered. Final decision-maker: **DEQ Director**.

**MICHIGAN GREEN INFRASTRUCTURE CONFERENCE: PROTECTING WATER RESOURCES AND PROMOTING ECONOMIC DEVELOPMENT, THE LANSING CENTER, LANSING, MICHIGAN.** This conference is a natural outgrowth of the Governor's 2012 Special Message on Energy and the Environment, where the Governor identified green infrastructure as a way to improve water quality in Michigan and create recreational space at the same time. The conference expands on this theme to highlight a broad range of benefits and opportunities provided by green infrastructure planning and preservation at local and regional scales. "How-to" presentations and case studies will be highlighted. Many experts will be available at this two-day conference to discuss what's being done to advance GI at the federal and state levels. The regional and local levels will focus on codes and ordinances, funding, cost/benefits, and partnerships. The site-specific level will feature presentations on preparation, design, placement, sizing, and maintenance of structural and vegetative controls. This conference is targeted towards local government decision makers and engineers, planners, consultants and landscape architects, developers and builders, drain commissioners, road agencies, business and industry, conservation organizations, foundations and environmental non-profits groups, and anyone with duties related to land use and stormwater management. Updated conference information is available on the Web at [www.michigan.gov/deqworkshops](http://www.michigan.gov/deqworkshops), click on "DEQ Workshops". **WASTE CHARACTERIZATION WORKSHOPS, VARIOUS LOCATIONS, MICHIGAN.** The DEQ is hosting two workshops to explain the process of characterizing business waste. The Waste Characterization Workshop will expand on the basic concepts and principles provided in the [Introductory Webinars](#) and the Waste sessions featured at the upcoming [2014 Michigan Environmental Compliance Conference](#). This half-day workshop will focus on hazardous and liquid industrial waste and will provide information on the basic waste characterization concepts, including practical details to use when evaluating any waste. Environmental, health, and safety professionals at small quantity and large quantity generators of hazardous waste and anyone who manages waste for their business or institution will benefit from attending this training. Topics will include: point of origination or when a waste first becomes subject to regulation; hazardous waste exclusions, where they are cited, and when you can use them; how to determine whether your waste meets the land disposal restrictions, needs to be treated before disposal, and how to determine the underlying hazardous constituents in your waste; how to determine when a listing applies and when generator treatment is an option; and how to collect random samples, what analysis is required, and when you

can use less costly analysis method. Although solid waste will not be covered in the presentations, technical staff will be available on site. Updated workshop information is available on the Web at [www.michigan.gov/deqworkshops](http://www.michigan.gov/deqworkshops), click on "DEQ Workshops."
