### Announcements

#### REMEDIATION DIVISION

**FIVE YEAR REVIEW FOR GRATIOT COUNTY LANDFILL.** On September 29, 2011 the DEQ and USEPA signed a Five Year Review for the Gratiot County Landfill (GCL). This is the fifth Five-Year Review for this Superfund site of environmental contamination. These reviews are conducted as a matter of policy to evaluate whether a completed remedial action remains protective of human health and the environment at sites where hazardous waste remains onsite at levels that do not allow for unlimited use and unrestricted exposure. The Five Year Review found that the remedy at GCL is fully constructed and is currently protective of human health and the environment. Continued data collection, including groundwater and methane monitoring and evaluation, are necessary to continue to ensure that the constructed remedy remains protective for the various exposure pathways in the long-term as well as the implementation of effective institutional controls. For more information, or to relay questions, or to request a copy of the Five Year Review for Gratiot County Landfill, please contact the DEQ Remediation Division project manager Matthew Williams at 517-373-4821 or e-mail at WilliamsM13@Michigan.gov. Information Contact: Matthew Williams, Remediation Division, 517-373-4821.

**THE FUNDAMENTALS OF ASSET MANAGEMENT: A “HANDS ON” APPROACH, DOUBLE TREE HOTEL, NOVI, MICHIGAN.** In many communities, the water and wastewater infrastructure is severely stressed from overuse, under funding of maintenance and renewal, and aging. The Fundamentals of Asset Management workshop, sponsored by the Michigan Rural Water Association, Michigan Department of Environmental Quality, and U.S. Environmental Protection Agency, will provide information on a comprehensive approach to managing these capital assets. This hands-on workshop will focus on demonstrating, step-by-step, how an agency would select and deploy “Best Appropriate Asset Management Practices” that are best suited to that agency. This training has been approved for 1.4 Continuing Education Credits in Water and Wastewater Managerial. To register, visit [http://www.mrwa.net/Training.aspx](http://www.mrwa.net/Training.aspx). For more information, contact Tim Neumann, Michigan Rural Water Association, 989-539-4111 or tneumann@mrwa.net.

**AIR PERMIT APPLICATION WORKSHOP FOR FIRST-TIME APPLICANTS, CONSTITUTION HALL, LANSING, MICHIGAN.** For most first-time applicants, completing the Permit to Install application is a daunting task. However, submitting a complete and timely application can be more manageable if you know what’s expected. The Michigan Department of Environmental Quality is offering this workshop designed to give information on how to submit a complete permit application. Since this workshop is geared to first-time applicants, a significant portion of the session is devoted to your specific application. Air Quality Division permit engineers will be available to discuss your permit application with you one-on-one. To take full advantage of this time with the permit engineer, it is recommended you bring detailed information about your project with you to the session. This training is designed for first-time air permit applicants who need help completing their permit application; however, those who have applied before and need a refresher are welcome to attend as well. Registration fee is $35 and includes workshop materials. Updated workshop information and registration is available on the Web at [www.michigan.gov/deqworkshops](http://www.michigan.gov/deqworkshops), click on “Upcoming DEQ Workshops”. Information Contact: James Ostrowski, Office of Environmental Assistance, 517-241-8057, or e-mail at [ostrowskij2@michigan.gov](mailto:ostrowskij2@michigan.gov). Registration Information: Environmental Assistance Center, 800-662-9278, or e-mail at [deq-assist@michigan.gov](mailto:deq-assist@michigan.gov).

SARA TITLE III TIER TWO WORKSHOPS, VARIOUS LOCATIONS, MICHIGAN. SARA Title III,
also known as the Emergency Planning and Community Right-to-Know Act, requires facilities to
report information to state and local officials that can be vital to their communities’ safety. The 2012
SARA Title III Tier Two Workshops will cover the Tier Two hazardous chemical inventory report (due
by March 1) and the emergency planning notification requirements in SARA Title III. Find out how to
manage and submit these reports online. All attendees will receive the Michigan Facilities’ Guide to
SARA Title III, Emergency Planning, and Release Reporting. Release reporting under all regulations
that apply in Michigan will also be discussed. Bring your calculators and learn how to calculate
chemical release amounts and determine when releases must be reported. This workshop is
recommended for owners, operators, and environmental and safety personnel of facilities that have
hazardous materials on site. Environmental consultants, LEPCs, and fire department personnel can
also benefit from this workshop and are encouraged to attend. Updated event information is available
