Data Entry

This step allows you to fill out the form and to validate the information provided. The form is divided into separate sections as listed on the left. Please fill out each relevant section.

The indicators next to the sections names on the left denote the validity of each section. A red X indicates the section has an omission or invalid value. A yellow star indicates that the section has not yet been visited. A green check indicates a complete section.

Once the form is complete and all sections show a green check, click on the 'Next Step' button to proceed.

Please note: Any work you perform filling out a form will not be accessible by MDEQ staff or the public until you actually submit the form in the 'Certify & Submit' step. At the time of submission, it will be transmitted to MDEQ and it will become part of the public record.

A red asterisk denotes a required field.

Why Create an Account?

Creating a MiWaters account will allow you to manage interactions with the DEQ Water Quality Program. You'll be able to:

- Submit an application for a permit
- Change your permit (transfer, renewal, or modifications)
- Submit reports required by your permit including Discharge Monitoring Reports (DMRs) and other scheduled or unscheduled submittals

Certifier Agreement Form

Certain types of forms and reports, particularly those administered under the federal NPDES program, require that the user submit a Certifier Agreement Form that must be approved by the department before these forms and reports can be submitted.

Getting Started

MiWaters is a one-stop portal for submitting permit applications and service requests to DEQ's Water Resources Division.

Once you or your organization has been issued a permit you can submit required reports or request changes to your permit here.

Finding and Submitting Applications and Requests

Begin by **browsing the available application, service request and report forms**. Once the desired form is located, you can fill it out, submit it, and track it here.

Managing Information for an Existing Facility, Project, or Site

If you are affiliated with an existing facility, project, or site that has had DEQ involvement, your MiWaters account can be granted access to the site in one of the following ways:

- Contact the facility directly and ask the designated MiWaters account administrator to invite you to join the site.
- **Enter a Verification Code** provided by mail from DEQ.
- If the site does not currently have an active account manager, contact MiWaters support to learn how to set up a site account.

If your facility, project or site has not yet had DEQ involvement, your site will be created after you **fill out and submit an application or service request** form and DEQ has begun processing it.

Getting Help

Use the Help link icon in the top right corner of any page to view screen-specific help. If you still need assistance click the Contact link in the page header for additional support options.

Frequently Asked Questions

- ? What is the purpose of the Joint Permit Application?
- ? How do I complete the Joint Permit Application?

MDEQ/USACE Joint Permit Application (JPA)

version 1.13

This Joint Permit Application was developed to facilitate the state and federal permit application process administered by the Michigan Department of Environmental Quality (DEQ) and the U.S. Army Corps of Engineers (USACE).

The Joint Permit Application is a multi-purpose application used to describe and quantify proposed activities regulated by the DEQ and/or the USACE. This application is for those activities regulated by the following Parts of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended by the State of Michigan.

- Part 301, Inland Lakes and Streams
- Part 325, Great Lakes Submerged Lands
- Part 303, Wetlands Protection
- Floodplain Regulatory Authority found in Part 31, Water Resources Protection
- Part 315, Dam Safety
- Part 323, Shorelands Protection and Management (High Risk Erosion Areas)
- Part 353, Sand Dunes Protection and Management (Critical Dune Areas)

The regulated activities are summarized in Appendix D. The statutes and rules are available at www.mi.gov/jointpermit.

This application is also for those activities regulated by the USACE within the waters of the United States under Section 10, Rivers and Harbors Act of 1899 (33 U.S.C. 403) and Section 404, Clean Water Act of 1977 (33 U.S.C. 1344).

Processing Information

This step requires you to specify some basic information about your submission.

Please note: Any work you perform filling out a form will not be accessible by MDEQ staff or the public until you actually submit the form in the 'Certify & Submit' step. At the time of submission, it will be transmitted to MDEQ and it will become part of the public record.

A red asterisk denotes a required field.

Steps: Processing Info > Entry > Review > Certify & Submit > Payment > Confirmation

MDEQ/USACE Joint Permit Application (JPA)

version 1.11

(Submission #: 2ES-BDQ2-JYST, revision 1)

Please specify the following:

- The reason for the submission, e.g., new permit or permit modification. If no options are available, the default value is shown and cannot be changed.
- The relevant fee if requested below. Not all forms will indicate a fee at this point. This does not indicate a fee is not required at a later time; you will be notified of any additional necessary fees.

Select the reason for this submission:

New

Calculated: This fee is not yet available.

Data Entry

This step allows you to fill out the form and to validate the information provided. The form is divided into separate sections as listed on the left. Please fill out each relevant section.

The indicators next to the sections names on the left denote the validity of each section. A red X indicates the section has an omission or invalid value. A yellow star indicates that the section has not yet been visited. A green check indicates a complete section.

Once the form is complete and all sections show a green check, click on the 'Next Step' button to proceed.

Please note: Any work you perform filling out a form will not be accessible by MDEQ staff or the public until you actually submit the form in the 'Certify & Submit' step. At the time of submission, it will be transmitted to MDEQ and it will become part of the public record.

A red asterisk denotes a required field.

This step allows you to fill out the form and to validate the information provided. The form is divided into separate sections as listed on the left. Please fill out each relevant section.

The indicators next to the sections names on the left denote the validity of each section: A red X indicates the section has an omission or invalid value. A yellow star indicates that the section has not yet been visited. A green check indicates a complete section.

Once the form is complete and all sections show a green check, click on the 'Next Step' button to proceed.

Please note: Any work you perform filling out a form will not be accessible by MDEQ staff or the public until you actually submit the form in the 'Certify & Submit' step. At the time of submission, it will be transmitted to MDEQ and it will become part of the public record.

A red asterisk denotes a required field.

(Submission #: 2ES-BDQ2-JYST, revision 1)

INSTRUCTIONS: Please read first!

IMPORTANT

This online data-entry is intended to accompany the downloadable MDEQ/USACE Joint Permit Application (JPA). Filling out the online portion does NOT constitute a complete application if the JPA found at the below link is not uploaded with this submittal. All documents are to be uploaded within section 5 of this online form. We apologize some information may be asked for twice, however we have tried to ask for a minimal amount of data to be entered electronically so that it can be tracked within our database.

Certify and Submit

This step allows you to certify the form as complete and accurate and to submit the form to MDEQ for review and processing.

Please note: Any work you perform filling out a form will not be accessible by MDEQ staff or the public until you actually submit the form in the 'Certify & Submit' step. At the time of submission, it will be transmitted to MDEQ and it will become part of the public record.

MDEQ/USACE Joint Permit Application (JPA)

version 1.11

(Submission #: 2ES-BDQ2-JYST, revision 1)

I am applying for a permit(s) to authorize the activities described herein. I certify that I am familiar with the information contained in this application; that it is true and accurate; and, to the best of my knowledge, that it is in compliance with the State Coastal Zone Management Program. I understand that there are penalties for submitting false information and that any permit issued pursuant to this application may be revoked if information on this application is untrue. I certify that I have the authority to undertake the activities proposed in this application. By signing this application, I agree to allow representatives of the DEQ, USACE, and/or their agents or contractors to enter upon said property in order to inspect the proposed activity site before and during construction and after the completion of the project. I understand that I must obtain all other necessary local, county, state, or federal permits and that the granting of other permits by local, county, state, or federal agencies does not release me from the requirements of obtaining the permit requested herein before commencing the activity. I understand that the payment of the application fee does not guarantee the issuance of a permit.

DEQ MiWaters

Welcome to the CEPAS Payment Processing Payment Module for DEQ MiWaters.

This process is being used as a secure means of processing online payments 24 hours a day, seven days a week.

Payment may be made using:

1. Electronic Check (E-Check). E-Check transactions are electronic payments processed directly from your checking or savings account.
2. Credit or Debit card (Visa, MasterCard, or Discover).

*Please note, there is a 2% processing fee for the use of this on-line payment function.

In order to make a payment, please select one of the following payment options

* Indicates required field

Choose method of payment

Pay by electronic check

* **Account Type:**

Pay by credit card

IMPORTANT INFORMATION REGARDING DEBIT BLOCKS

Some financial institutions offer a service referred to as "Debit Blocking" to their business account owners to prevent unauthorized debits (withdrawals) posting to their accounts. Most financial institutions offer the option of authorizing certain debits by providing specific information about the transactions to be authorized.

If you have a Debit Block service on your account you must contact your financial institution and have ACH transactions identified with the Company ID 9044030417 authorized to debit

Submission Confirmation

New Site vs Existing Site

New Site

The screenshot shows the 'New Site' interface. On the left, a sidebar menu is visible with the following items: 'SITE', '(All Sites)', 'Home', 'Notifications', 'Apps, Requests and Reports', and 'Permits'. The '(All Sites)' dropdown is highlighted with a red box. A red arrow points from the 'Start New Form' button in the main content area to the 'Apps, Requests and Reports' menu item. The main content area is titled 'Applications, Requests and Reports' and contains the following text: 'Applications & Service Requests' followed by 'Including any other forms **not related to existing permits or**'. Below this is a button labeled 'Start New Form' with a plus icon and the text 'Permit Applications, Service Requests, and more'. A red arrow points to this button.

Existing Site

The screenshot shows the 'Existing Site' interface. On the left, a sidebar menu is visible with the following items: 'SITE', '08-307 Sunset Dr-Dowling', 'Home', 'Notifications', 'Site Information', and 'Apps, Requests and Reports'. The '08-307 Sunset Dr-Dowling' dropdown is highlighted with a red box. A red arrow points from the 'Start New Form' button in the main content area to the 'Apps, Requests and Reports' menu item. The main content area is titled 'Applications, Requests and Reports' and contains the following text: 'Applications & Service Requests' followed by 'Including any other forms **not related to existing permits or**'. Below this is a button labeled 'Start New Form' with a plus icon and the text 'Permit Applications, Service Requests, and more'. A red arrow points to this button.

Revisions

The screenshot shows a web application interface. At the top left, there is a green icon with a white arrow pointing left. Below it, a dark green bar contains the word 'SITE' in white. Underneath, a light green bar contains a radio button and the text 'Select Site' with a red downward arrow. A dropdown menu is open, showing three options: '(All Sites)', 'Bolt house', and 'Site Created for Submission 2F5-ZRJH-B219'. To the right of the dropdown, there is a table with a header 'Form Name' and several rows of text. The first row is 'Service Request - Pre-Application Meeting Part 303 (Wetlands Protection) - By Jeni Bolt for Bolt House'. The second row is 'MDEQ/USACE Joint Permit Application (boltj@TESTmichigan.gov, (616) 401-2F5-ZRJH-B219)'. The third row is 'Floodplain Elevation Calculation Request (616) 401-2297) - By Jeni Bolt for Bolt House'. On the left side of the interface, there is a vertical menu with the following items: 'Compliance and Enforcement Actions', 'Violations', 'Financials', and 'Documents'.

Revise Application

The screenshot shows a web application interface. On the left is a vertical navigation menu with a 'SITE' header. The selected site is '08-307 Sunset Dr-Dowling'. The main content area is titled 'Applications, Requests and Reports' and contains a sub-section 'Applications & Service Requests' with a descriptive note. Below this are two main action buttons: 'Start New Form' and 'Drafts & Submitted Apps / Requests'. Three red arrows are overlaid on the image: one points from the 'Drafts & Submitted Apps / Requests' button to the 'Applications & Service Requests' header, another points from the 'Drafts & Submitted Apps / Requests' button to the 'Apps, Requests and Reports' menu item, and a third points from the 'Drafts & Submitted Apps / Requests' button to the 'Start New Form' button.

Managing Information for an Existing Facility, Project, or Site

If you are affiliated with an existing facility, project, or site that has had DEQ involvement, your MiWaters account can be granted access to the site in one of the following ways:

- Contact the facility directly and ask the designated MiWaters account administrator to invite you to join the site.
- **Enter a Verification Code** provided by mail from DEQ
- If the site does not currently have an active account manager, contact MiWaters support to learn how to set up a site account.

If your facility, project or site has not yet had DEQ involvement, your site will be created after you **fill out and submit an application or service request** form and DEQ has begun processing it.

Welcome to MIWaters

Getting Started

MIWaters is a one-stop portal for submitting permit applications and service requests to DEQ's Water Resources Division. Once you or your organization has been issued a permit you can submit required reports or request changes to your permit here.

Finding and Submitting Applications and Requests

Begin by **browsing the available application, service request and report forms**. Once the desired form is located, you can fill it out, submit it, and track it here.

Managing Information for an Existing Facility, Project, or Site

If you are affiliated with an existing facility, project, or site that has had DEQ involvement, your MIWaters account can be granted access to the site in one of the following ways:

- Contact the facility directly and ask the designated MIWaters account administrator to invite you to join the site.
- **Enter a Verification Code** provided by mail from DEQ
- If the site does not currently have an active account manager, contact MIWaters support to learn how to set up a site account.

If your facility, project or site has not yet had DEQ involvement, your site will be created after you **fill out and submit an application or service request** form and DEQ has begun processing it.

Getting Help

Use the Help link icon in the top right corner of any page to view screen-specific help. If you still need assistance click the Contact link in the page header for additional support options.

MiWaters

- Introduction

On August 17, 2015, the DEQ's Water Resources Division (WRD) launched MiWaters, a web-based permitting and compliance database. MiWaters establishes a streamlined electronic permitting process, allowing Michigan to fulfill federal electronic reporting requirements and providing an online component for access to public information. The focus of MiWaters is permitting and compliance, including National Pollutant Discharge Elimination System (NPDES), storm water, groundwater discharge, aquatic nuisance control, Part 41 construction, and land and water interface ...

Q&A

Revise a permit - Apps

The screenshot displays the DEQ MiWaters website interface. At the top, there is a navigation bar with links for Home, About, Contact, Sign Out, and Mi.gov Home. Below this is a secondary navigation bar with the DEQ logo, 'MiWaters Water Resources Information and Forms', and a user profile for Jeni Bolt. The main content area is titled 'Applications, Requests and Reports' and is divided into three sections: 'Applications & Service Requests', 'Compliance Reports', and 'Permit Change Forms'. The 'Permit Change Forms' section is highlighted with a red rectangular box. A sidebar on the left contains a 'SITE' menu with options like '(All Sites)', Home, Notifications, 'Apps, Requests and Reports' (highlighted in red), Permits, Compliance and Enforcement Actions, Violations, Financials, and Documents. The footer contains links for Mi.gov Home, MiWaters Home, Contact, Policies, and Copyright 2016 State of Michigan.

Compliance Reports

- Mitigation requirements

The screenshot shows the DEQ MiWaters website interface. At the top, there is a navigation bar with links for Home, About, Contact, Sign Out, and MI.gov Home. Below this is a dark green header with the DEQ logo, the text 'MiWaters Water Resources Information and Forms', and user information for Jeni Bolt. A left sidebar contains a 'SITE' menu with options: Home, Notifications, Apps, Requests and Reports (highlighted in red), Permits, Compliance and Enforcement Actions, and Violations. The main content area is titled 'Applications, Requests and Reports' and contains two main sections. The first section is 'Applications & Service Requests', which includes a 'Start New Form' button and a 'Drafts & Submitted Apps/Requests' button. The second section, 'Compliance Reports', is highlighted with a red border and includes a 'New and Draft Compliance Reports' button and a 'Submitted Compliance Reports' button. The 'Compliance Reports' section is described as containing forms relating to active compliance actions and current permits.
