Subject: Announcing The December 30, 2013 Promulgated Cleanup Criteria

Having trouble viewing this email? [View it as a Web page.](#)

The Part 7 Cleanup Criteria Rules were rescinded on December 31, 2013. Taking their place are new criteria rules, numbered from 299.1 to 299.50 which became effective on December 30, 2013. A link to the [new Environmental Contamination Response Activity rules](#) is available on the [Remediation and Redevelopment Division \(RRD\) web site](#).

The Part 201 groundwater and soil cleanup criteria and screening levels, criteria footnotes and the toxicological and chemical-physical properties of the hazardous substances are now located in the following rules:

- R 299.44 Generic groundwater cleanup criteria (Table 1).
- R 299.46 Generic soil cleanup criteria for residential category (Table 2).
- R 299.48 Generic soil cleanup criteria for nonresidential category (Table 3).
- R 299.49 Footnotes for generic cleanup criteria tables.
- R 299.50 Toxicological and chemical-physical properties (Table 4).

As presented in the Cleanup Criteria Requirements for Response Activity Rules, some groundwater and soil cleanup criteria and screening levels were revised, as compared to the previous September 28, 2012 release of these tables under the Part 7 rules. These changes will be noted in a document to be posted to the RRD website in the near future. Microsoft Excel and Adobe Reader PDF files of the criteria tables will be posted to the RRD website in the near future.

For general questions, please contact Chris Flaga, Chief, Toxicology Unit, RRD, DEQ, 517-284-5098, E-mail flagac@michigan.gov.

Or, Erick Wildfang, Ph.D., Toxicologist, Toxicology Unit, RRD, DEQ, 517-284-5170, E-mail wildfange@michigan.gov.
