TAKEBACK PROGRAM INFORMATION

9. Please describe your takeback program.

HP will be using a collection network defined by our contracted vendor, MPC. Currently, the collection network will entail retailer locations and/ or municipal collection sites defined by MPC. See Attachment 1 for a list of retailer collection sites currently planned for use by MPC. These arrangements will enable HP to have a compliant program in Michigan.

NOTE: HP will still offer our existing Consumer Buyback program, that is, mailback program. However, HP will not list this program as one of our compliance programs for Michigan, because a five item limit per customer transaction conflicts with MI's limit of seven.

10. What information do you provide to consumers on how and where to return covered electronic devices that are labeled with your name or brand label?

HP will provide consumers with locations of where they may submit (drop-off) HP covered devices for free recycling. HP plans to link to MPC's website to enable consumers to obtain the current list of drop-off locations.

11. How do you provide information to consumers on how and where to return covered electronic devices?

HP will make the information available via our website at: <http://www.hp.com/hpinfo/globalcitizenship/environment/recycles/us/mi.html>.
