TAKEBACK PROGRAM INFORMATION

9. Please describe your takeback program.

JVC is a member of and will participate with the Electronic Manufacturers Recycling Management Co. (MRM) to develop and maintain a recycling program in the State of Michigan. Under this program, consumers can bring qualified electronic items to MRM sponsored collection sites across the state and receive recycling for free. MRM contracts with environmentally responsible recyclers to provide recycling services on behalf of the manufacturers participating in the MRM program.

10. What information do you provide to consumers on how and where to return covered electronic devices that are labeled with your name or brand label?

Through the JVC web site or our Customer Care Call Center, we will answer customer questions directly or refer customer inquiries to the MRM web site for the latest information on how and where to recycle covered electronic devices. The MRM web site www.mrmrecycling.com, provides a comprehensive list of recycling locations, addresses and phone numbers for the consumers. The MRM website also provides information on what products and manufacturer brands can be dropped off for free recycling at these sites.

11. How do you provide information to consumers on how and where to return covered electronic devices?

Every covered electronic device includes an instruction book that advises customers to call the JVC Customer Care 800 number for questions relating to the product. In addition customers will be provided information through the MRM web site. The MRM also provides local outreach about its recycling program and locations through press releases and in periodic joint announcements and advertising with collection sites.
