These instructions are for Public Transportation Agencies that or their authorized agent(s) eligible to receive Act 51 funding , for projects that involve the construction, maintenance, or improvement of a public transportation facility. Airport projects and public pathways that are partly funded through MDOT are also covered.

Instructions will cover the following:

- **Creating a new account**
- **Finding the correct form to use**
- **Filling out a new application for a new site**
- **Assigning another use access to your site**
- **Submitting a 2nd form/application for an existing site**
- **Submitting a revision to an existing application**
- **Searching for existing Public Notices**
- **Using site explorer to find existing information**

MiWaters

Typical Transportation Related Applications in MiWaters

What's New

- Michigan has finalized its 2016 Implementation Plan for the Western Lake Erie Basin Collaborative. This plan is the first step in achieving a 40% phosphorus reduction by 2025, and will be reviewed and updated on an annual basis. 1/15/2016
- DEQ-WRD launched a new information system called MiWaters, a web-based permitting and compliance database, on August 17, 2015. The direct link to the new application is https://miwaters.deq.state.mi.us/miwaters/#/external/home.

DEQ WATER MIWATERS

MiWaters

On August 17, 2015, the DEQ's Water Resources Division (WRD) launched a new information system called MiWaters. MiWaters is a state-of-the-art, comprehensive, Web-based permitting and compliance database. The system replaces over 25 applications and databases currently used by the WRD, some of which are over 30 years old.

MiWaters establishes a streamlined electronic permitting process, allowing Michigan to fulfill federal electronic reporting requirements and providing an online component for access to public information. The focus of MiWaters is permitting and compliance, including National Pollutant Discharge Elimination System (NPDES), storm water, groundwater discharge, aquatic nuisance control, Part 41 construction, and land and water interface permits. It also includes electronic reporting of untreated or partially treated sanitary ...

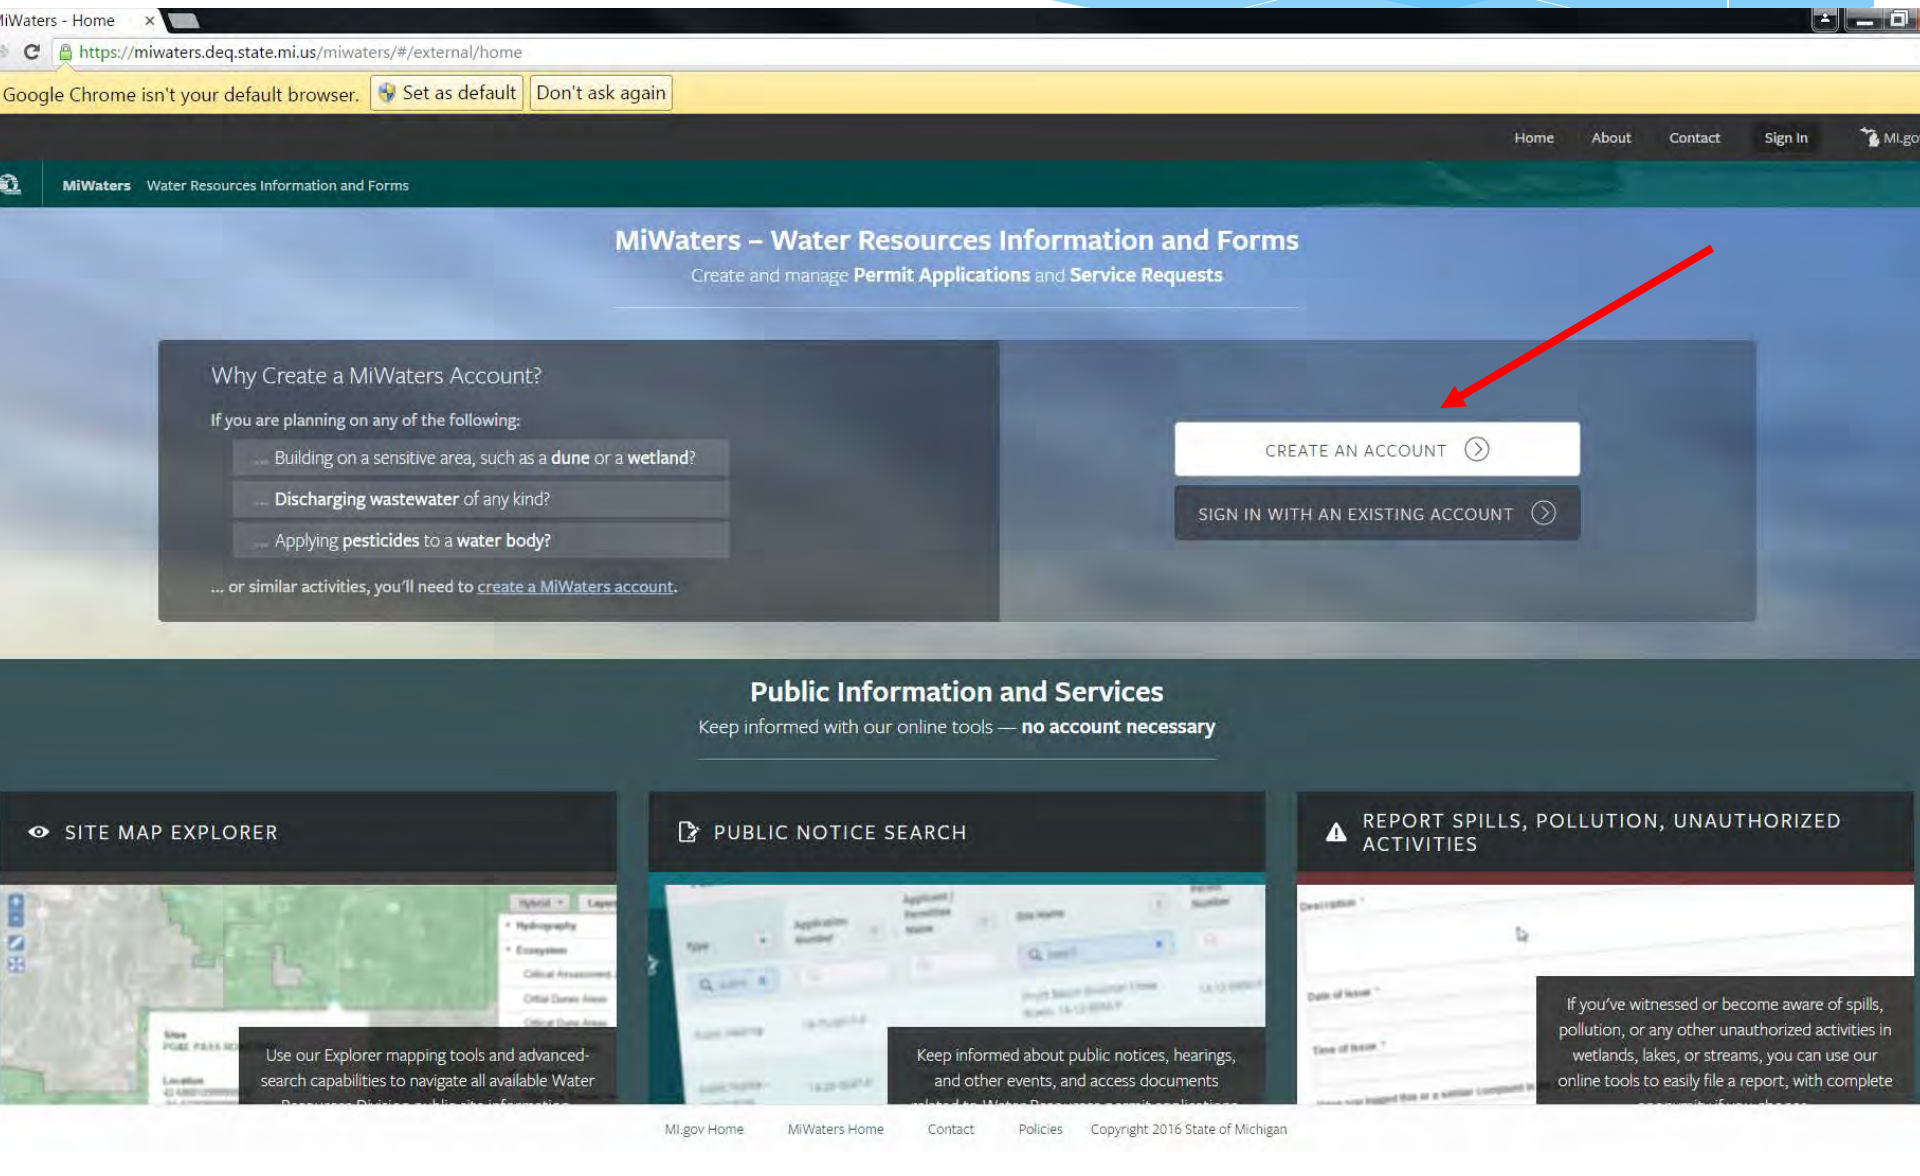
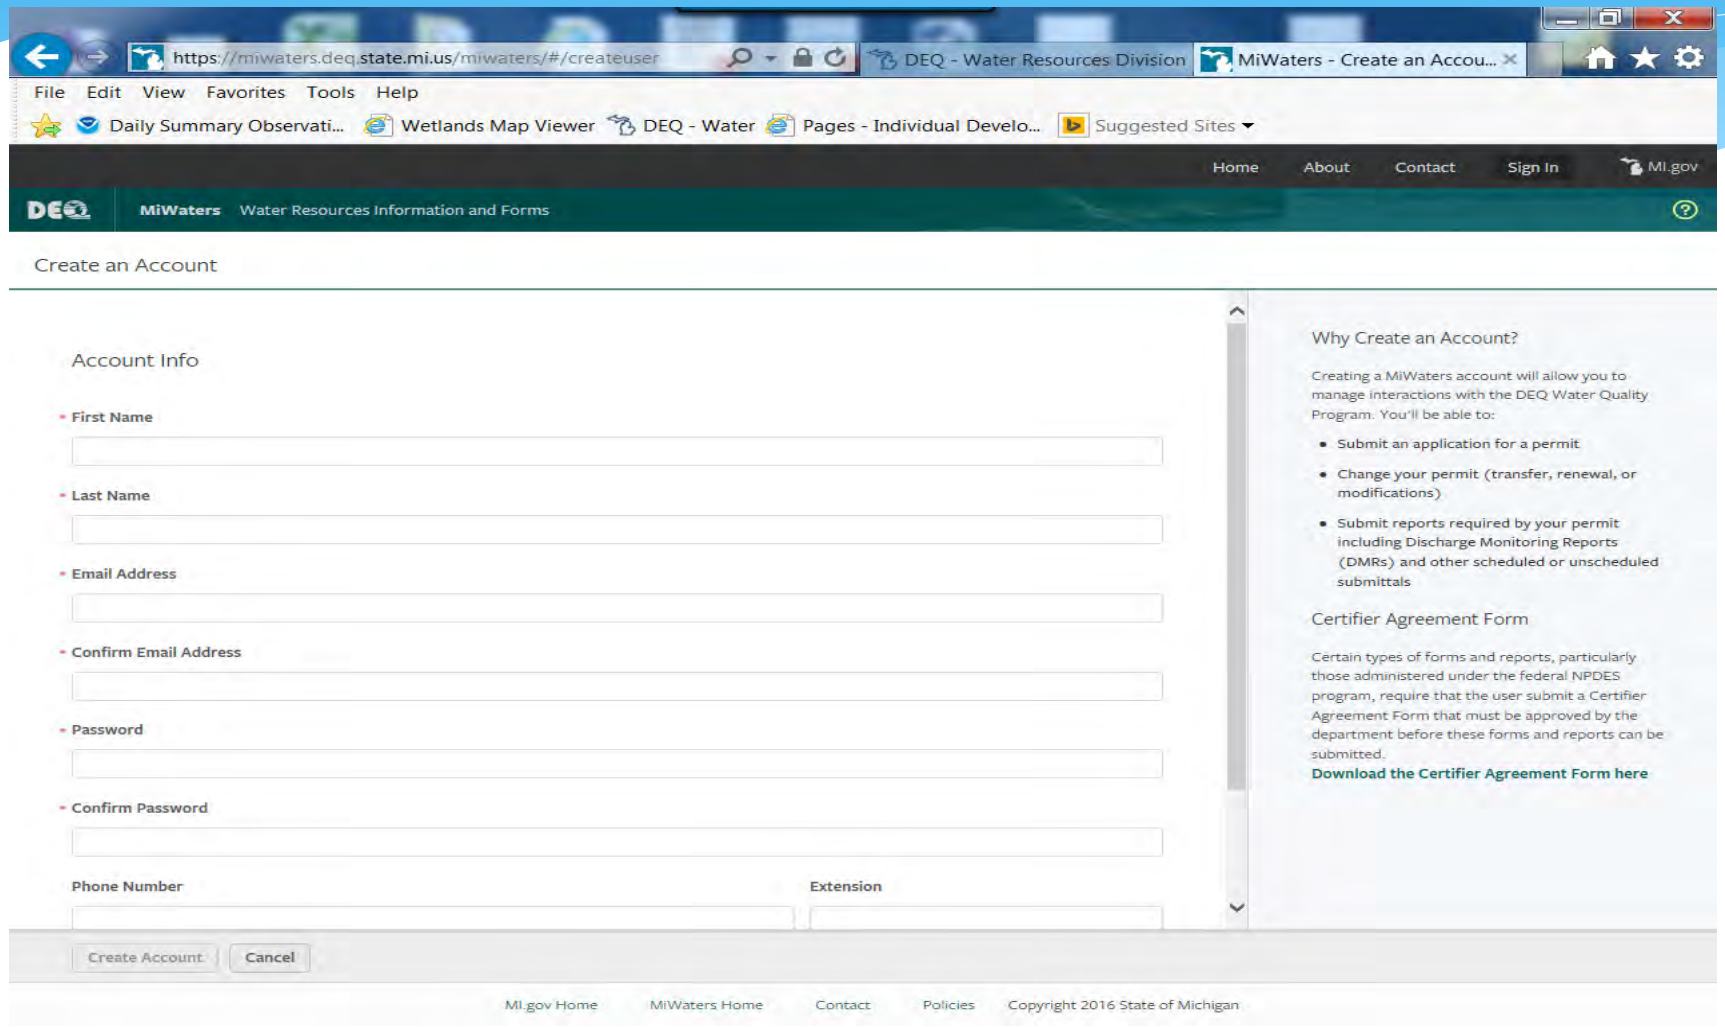
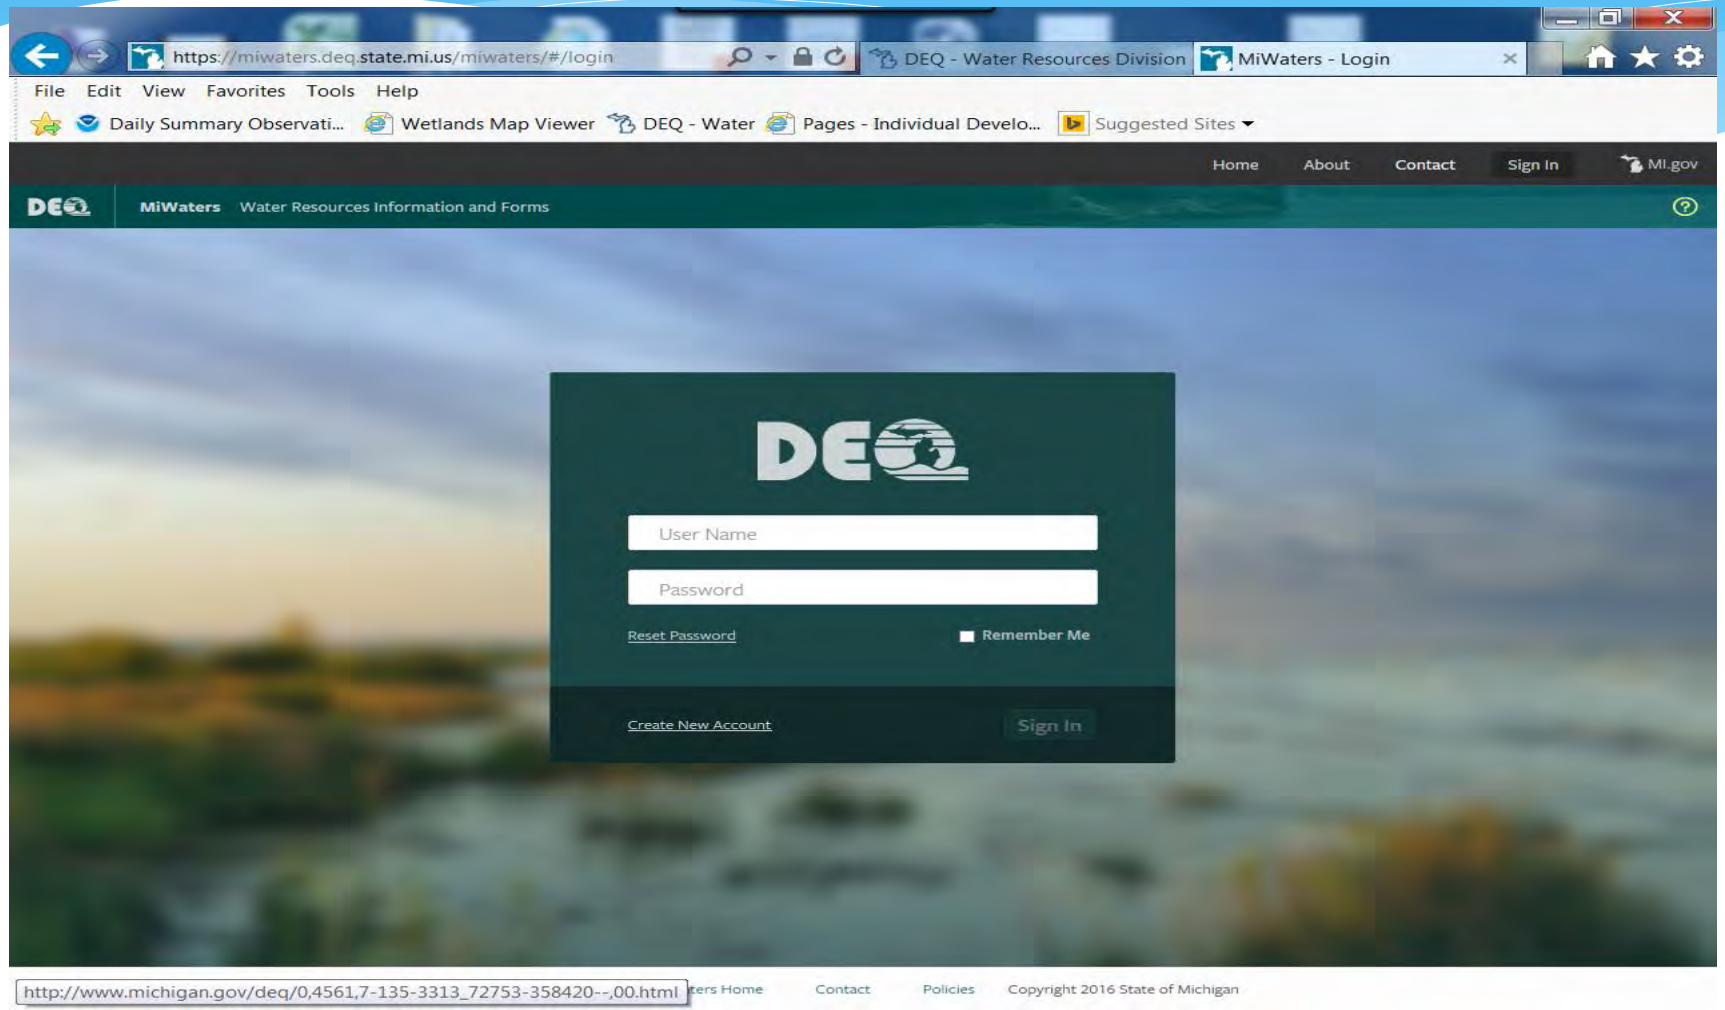
Create an Account



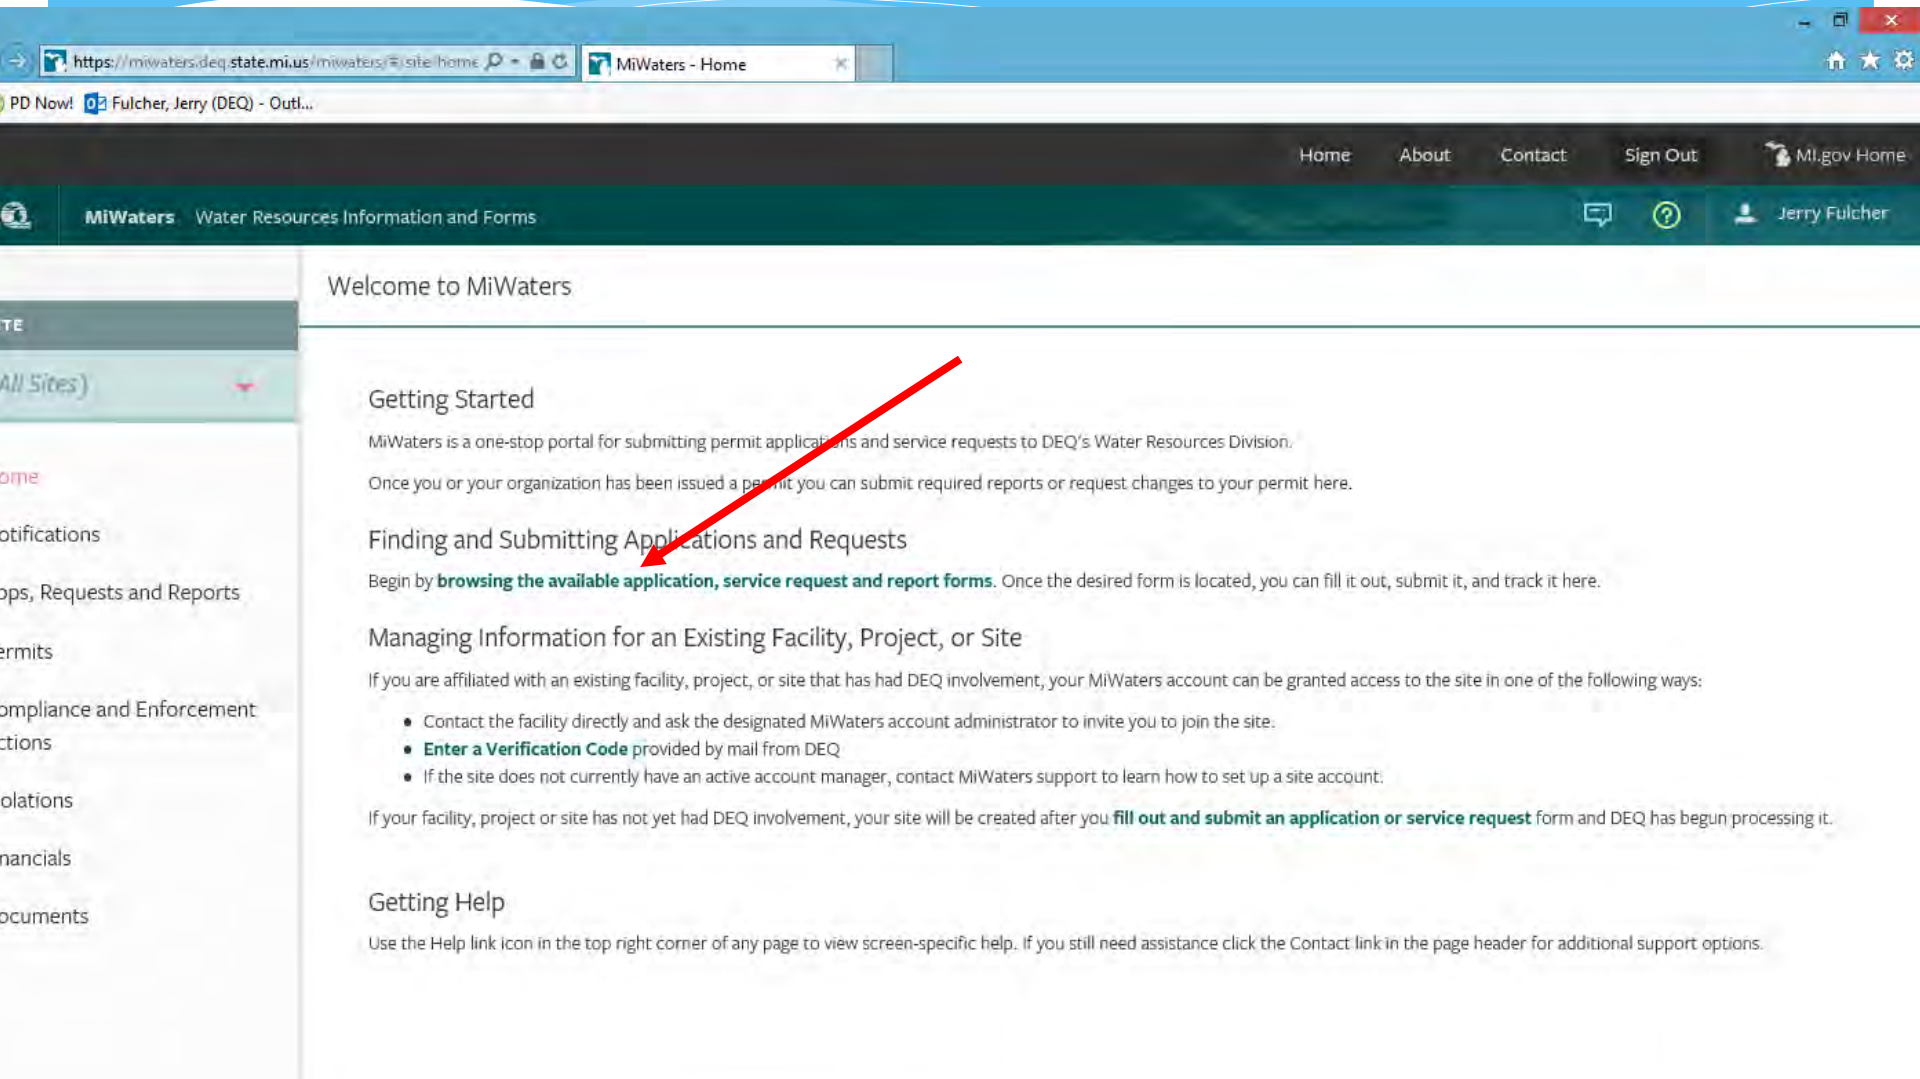
Creating Your Account



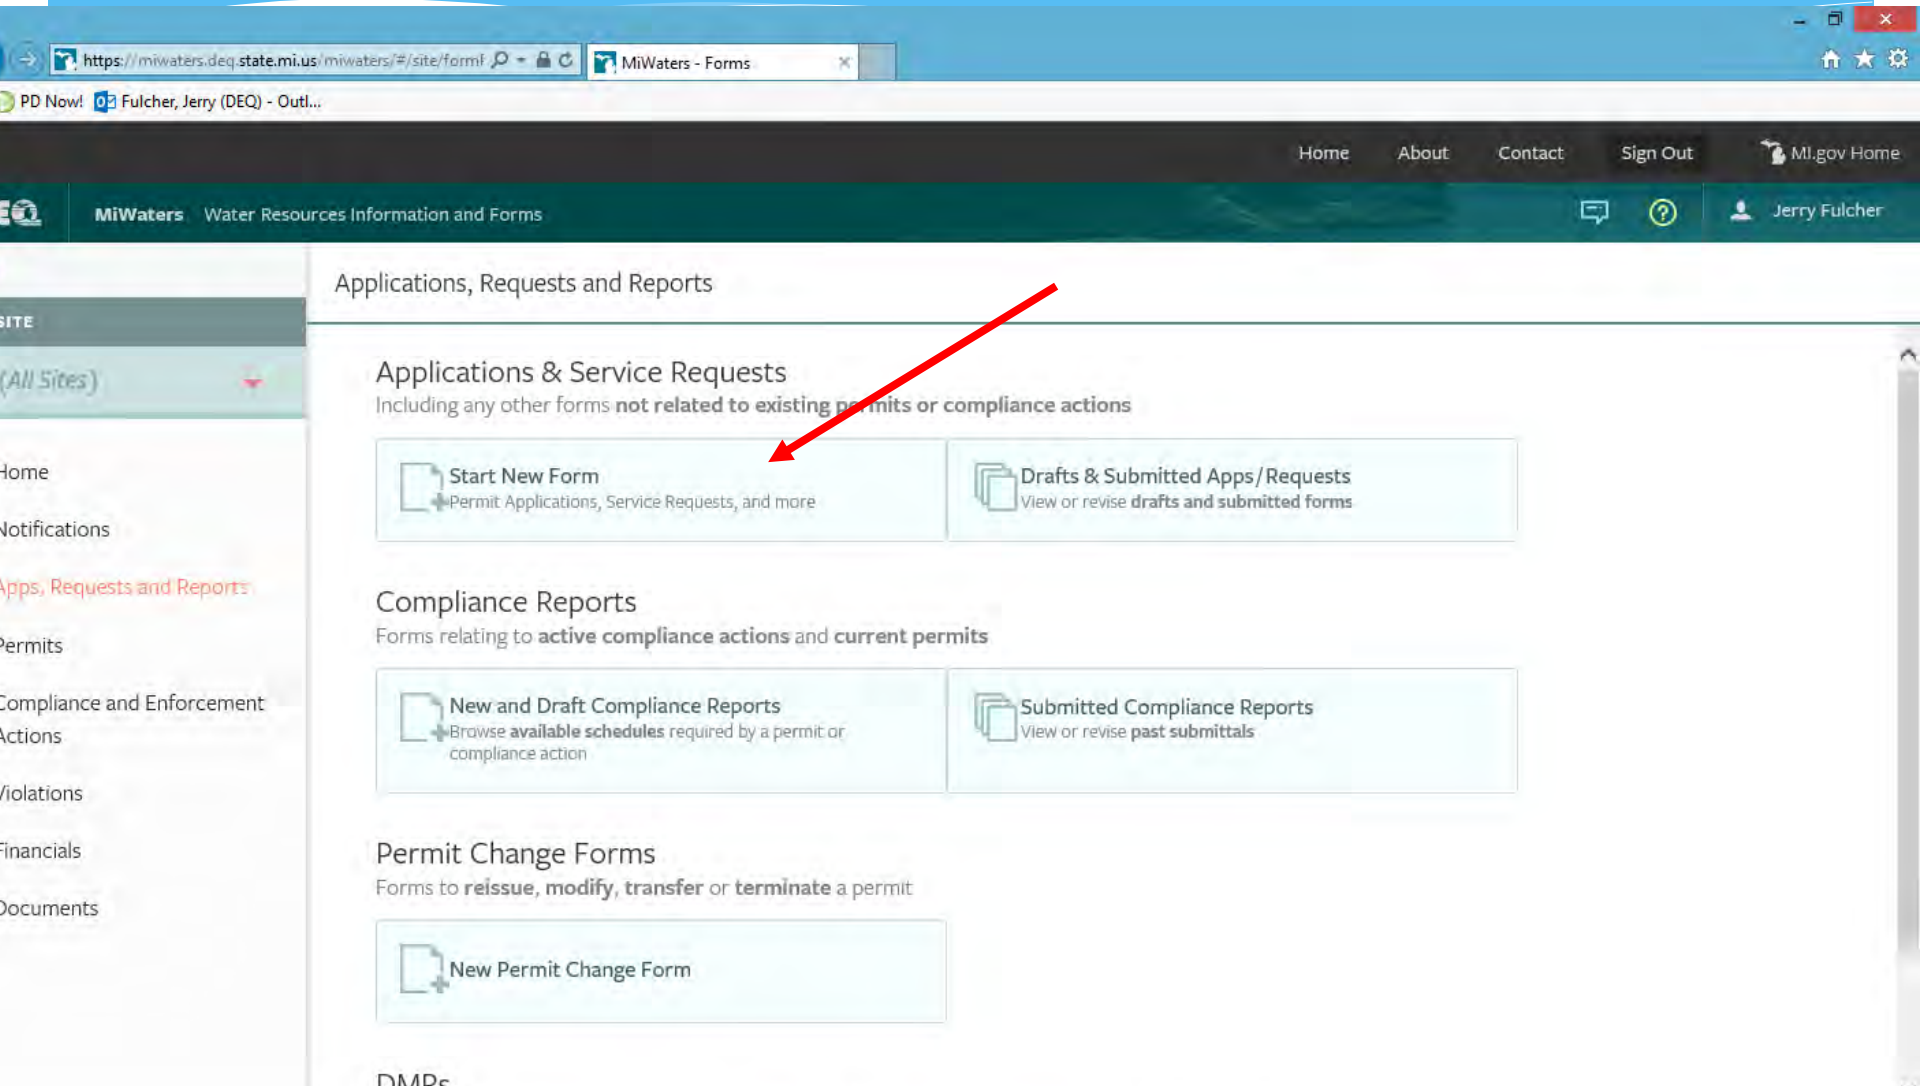
Existing Account



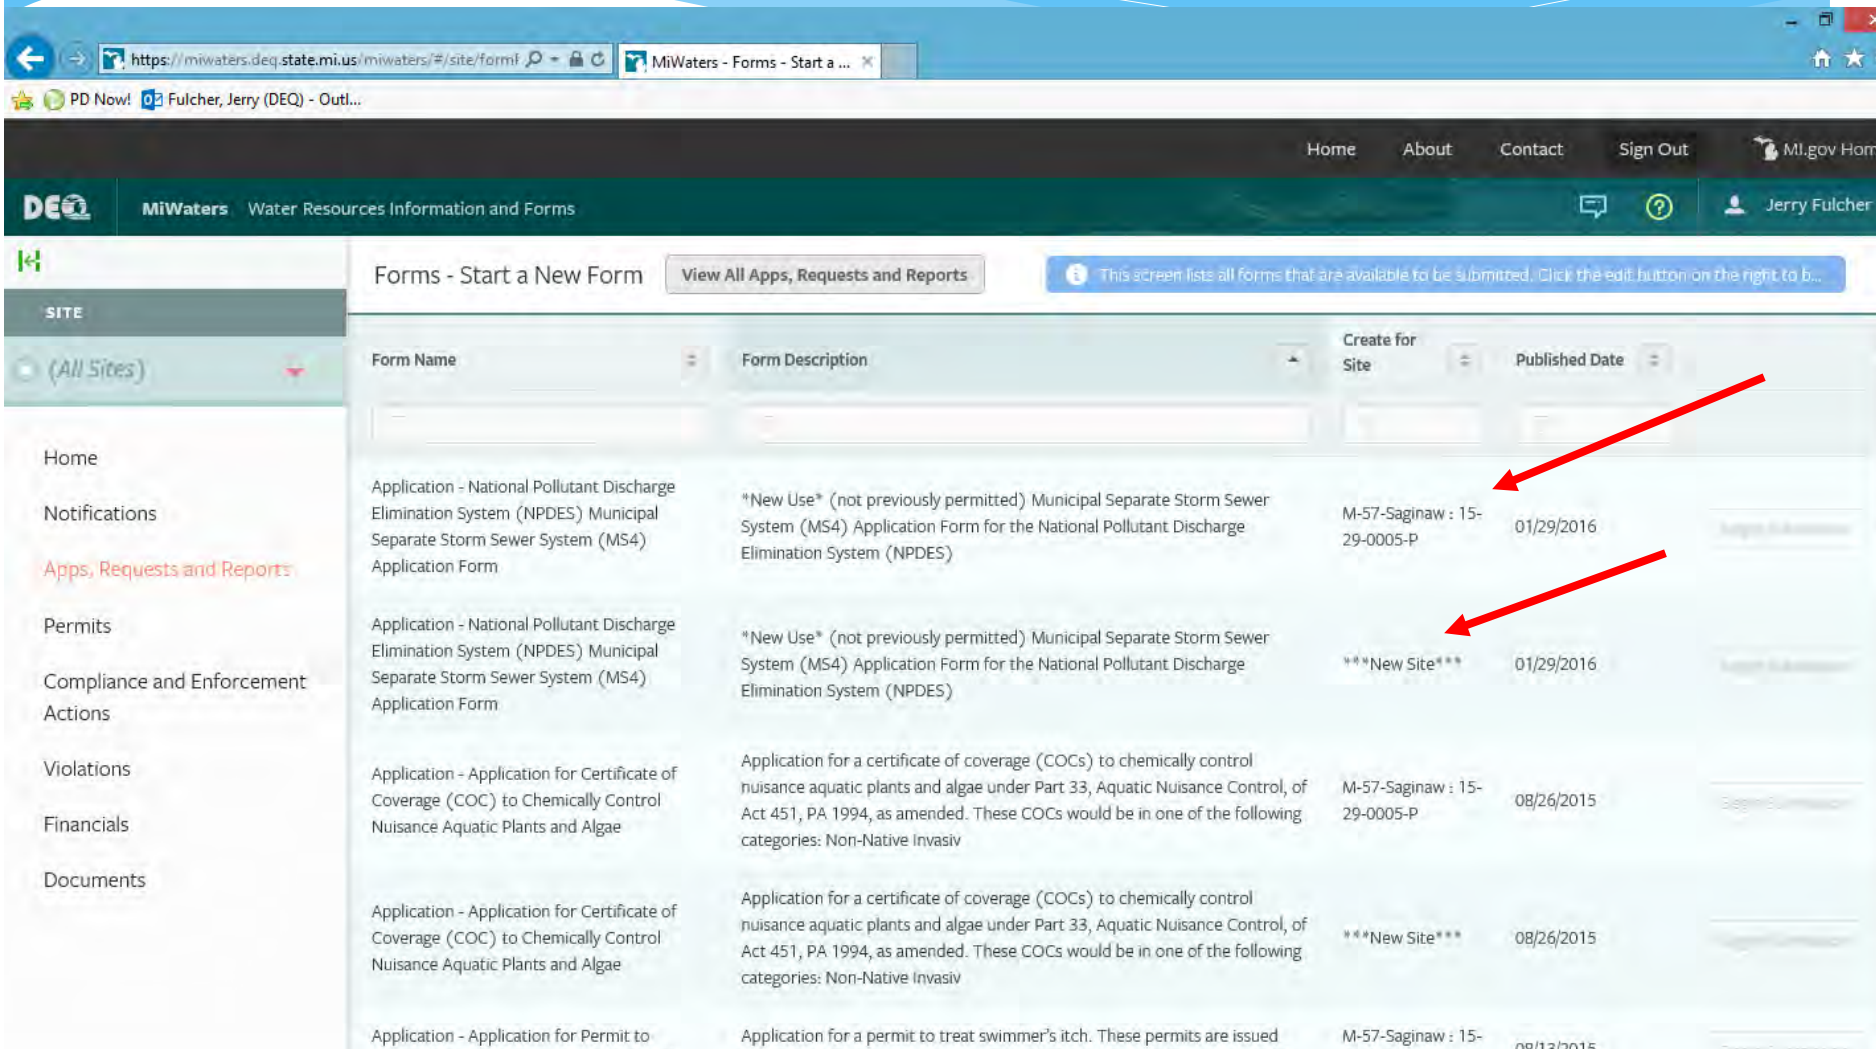
Finding the Right Form-Click on Browsing the Available Application



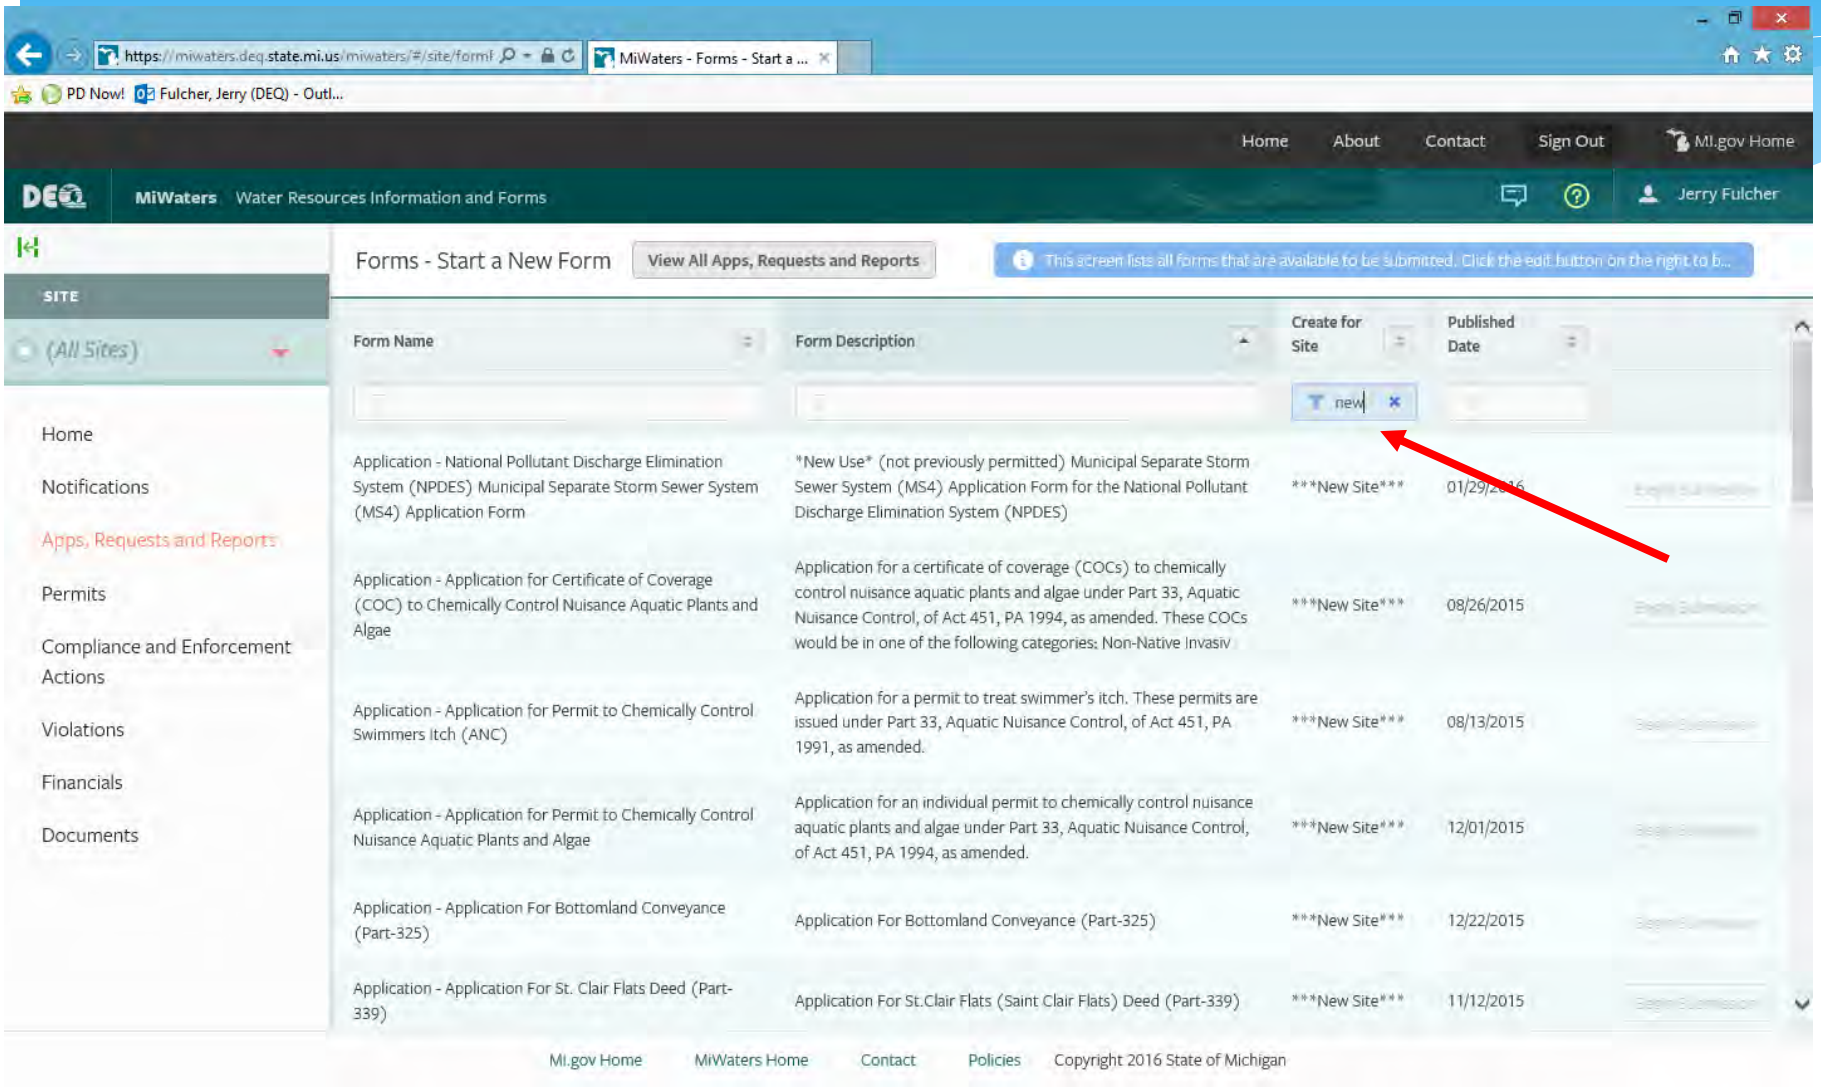
Click on Start New Form



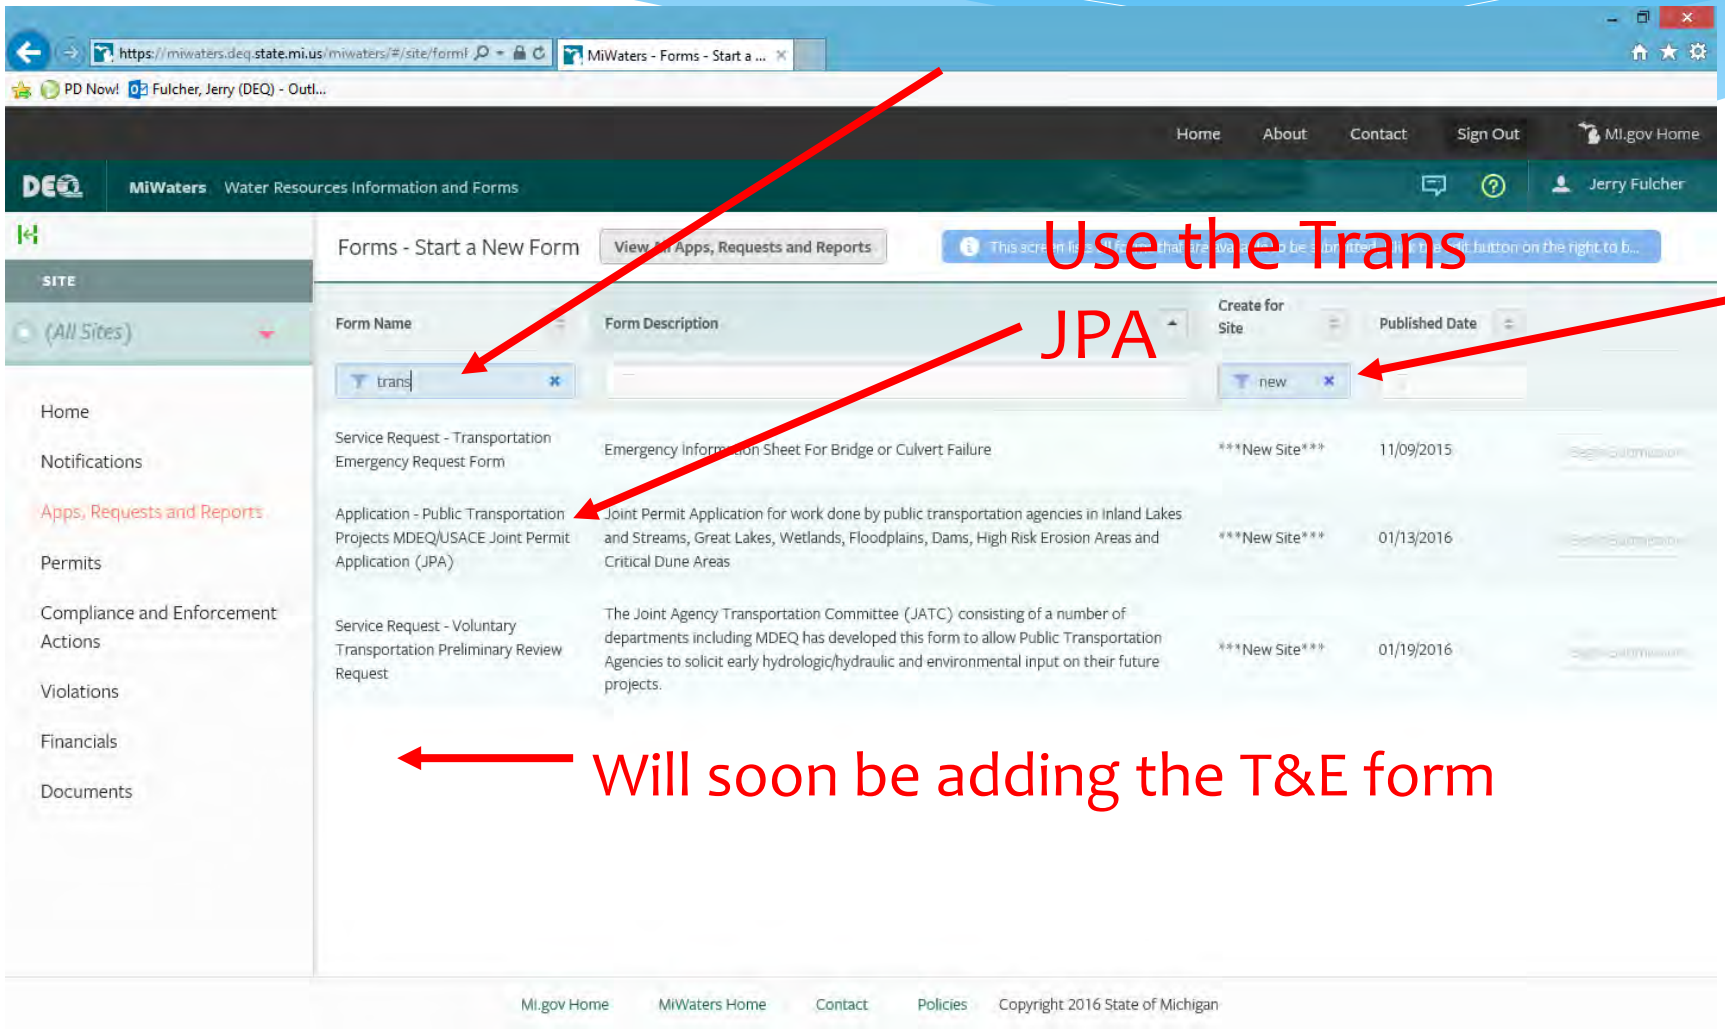
This shows both new and old forms



Narrow Your Search to Just New Sites

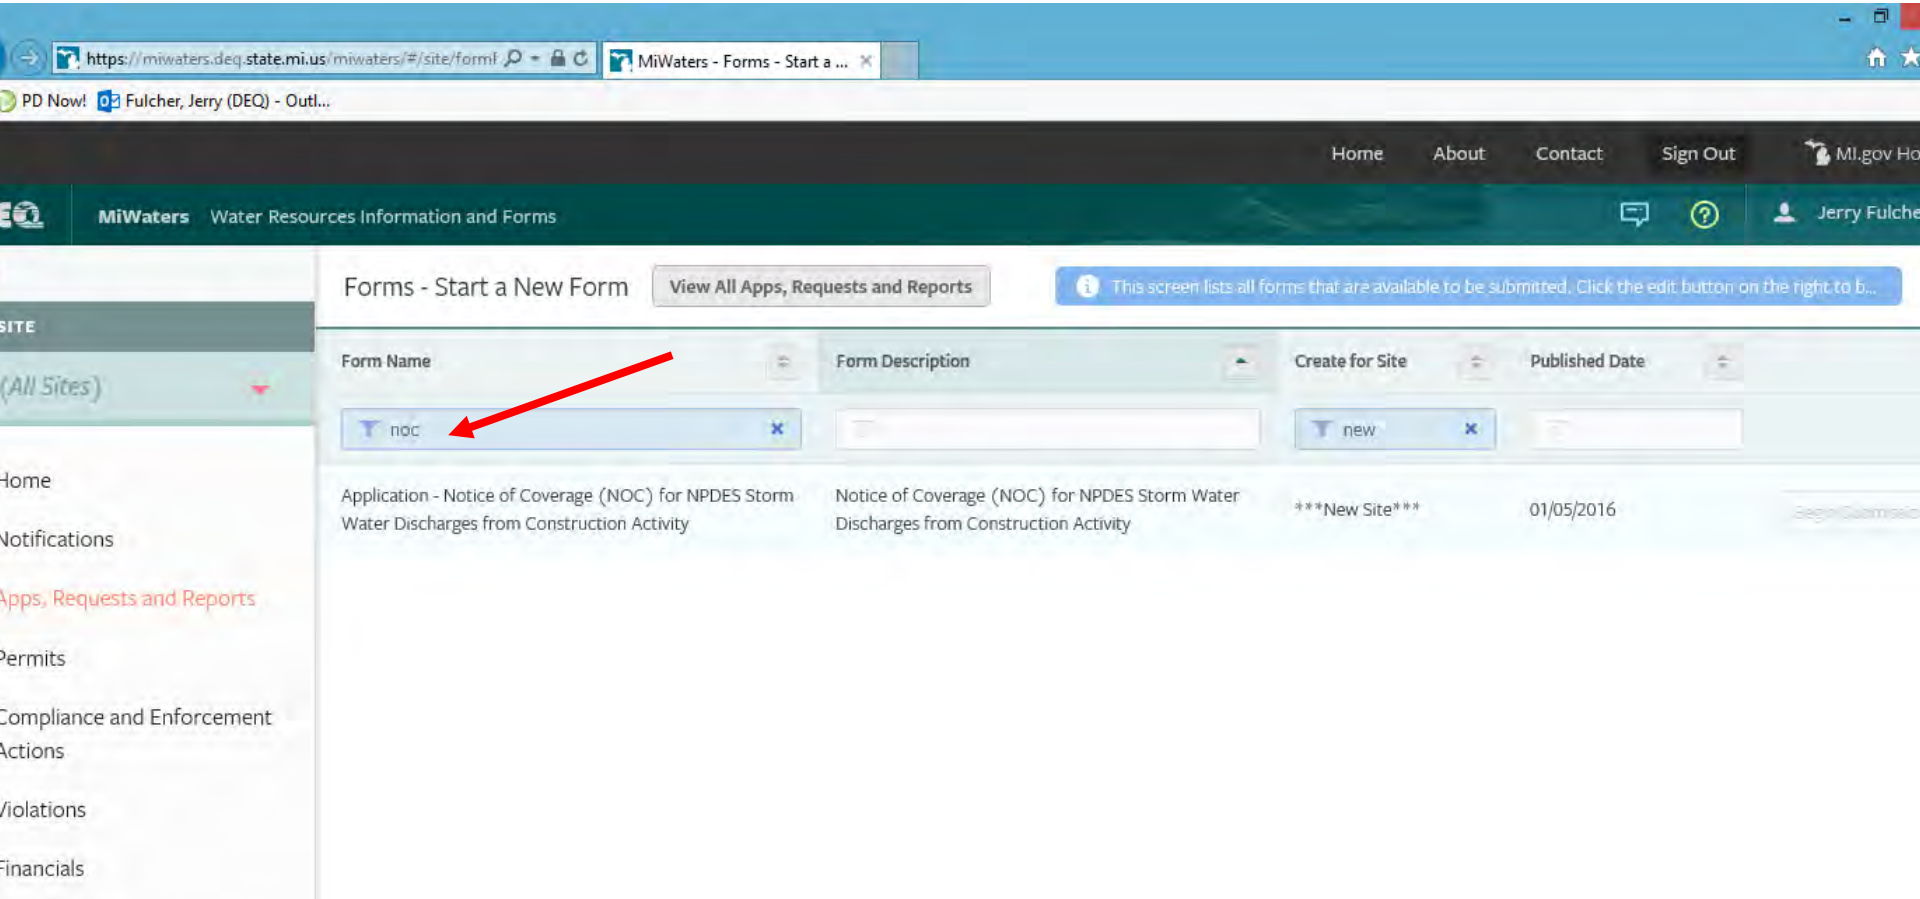


There are over 45 Forms Available- Find the Transportation Forms

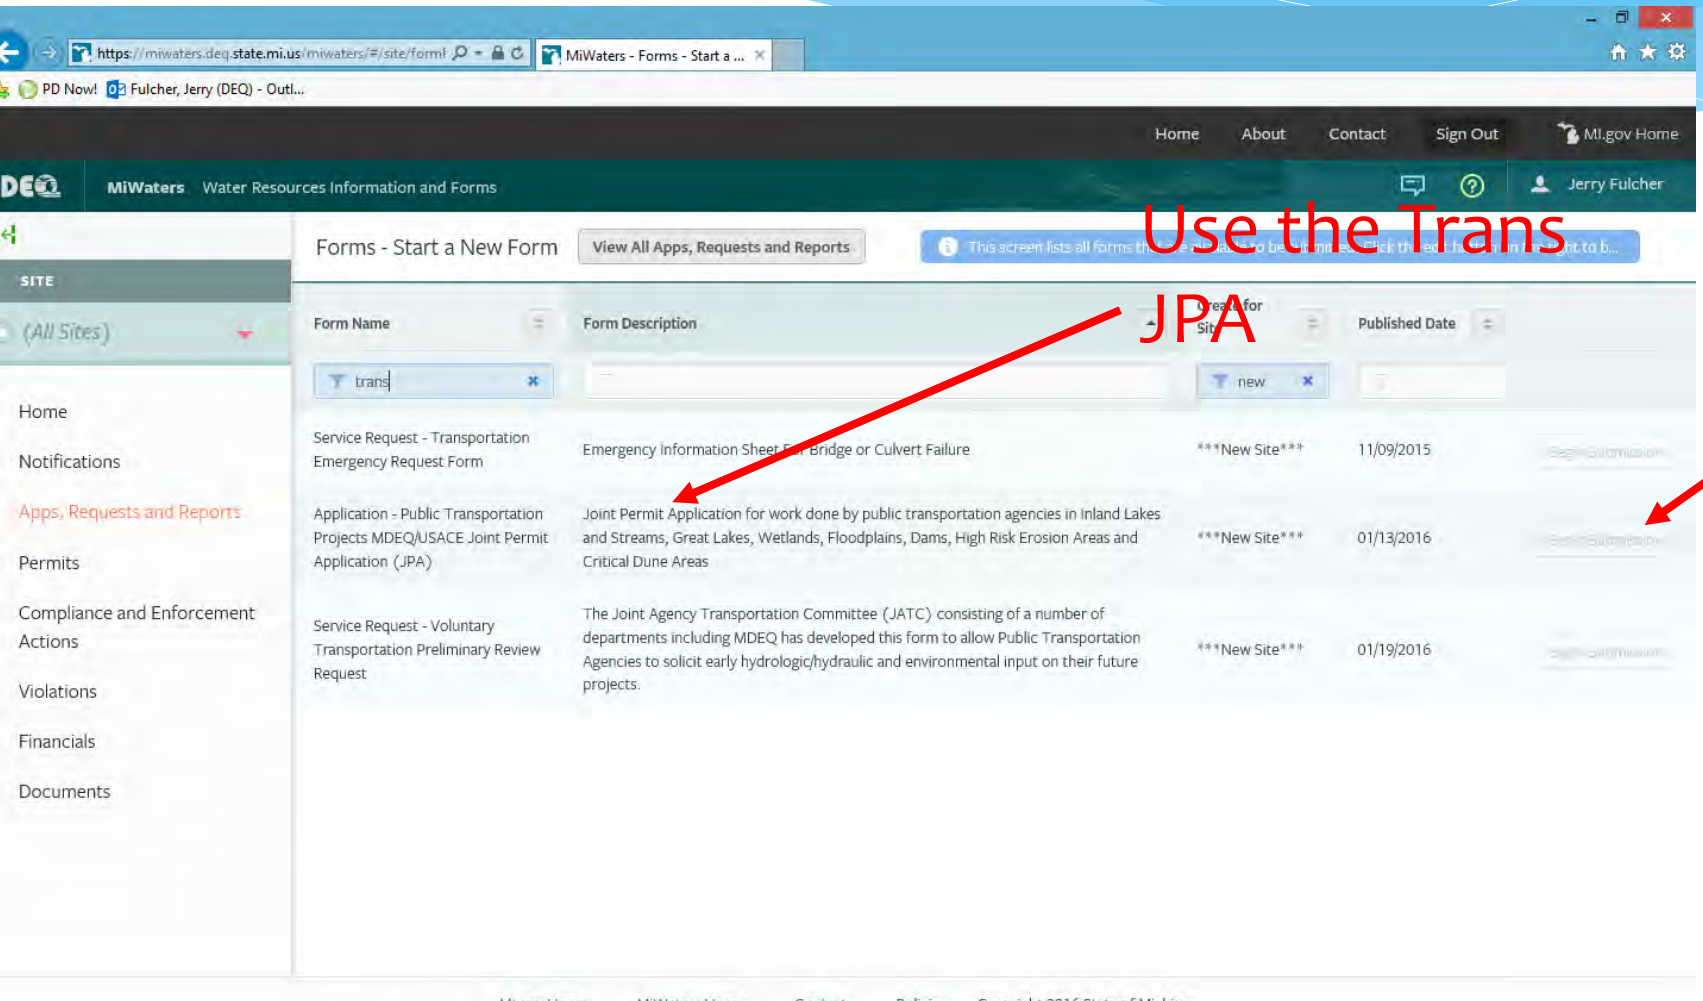


Narrow Your Search by Typing Key Words in the Form Name Box

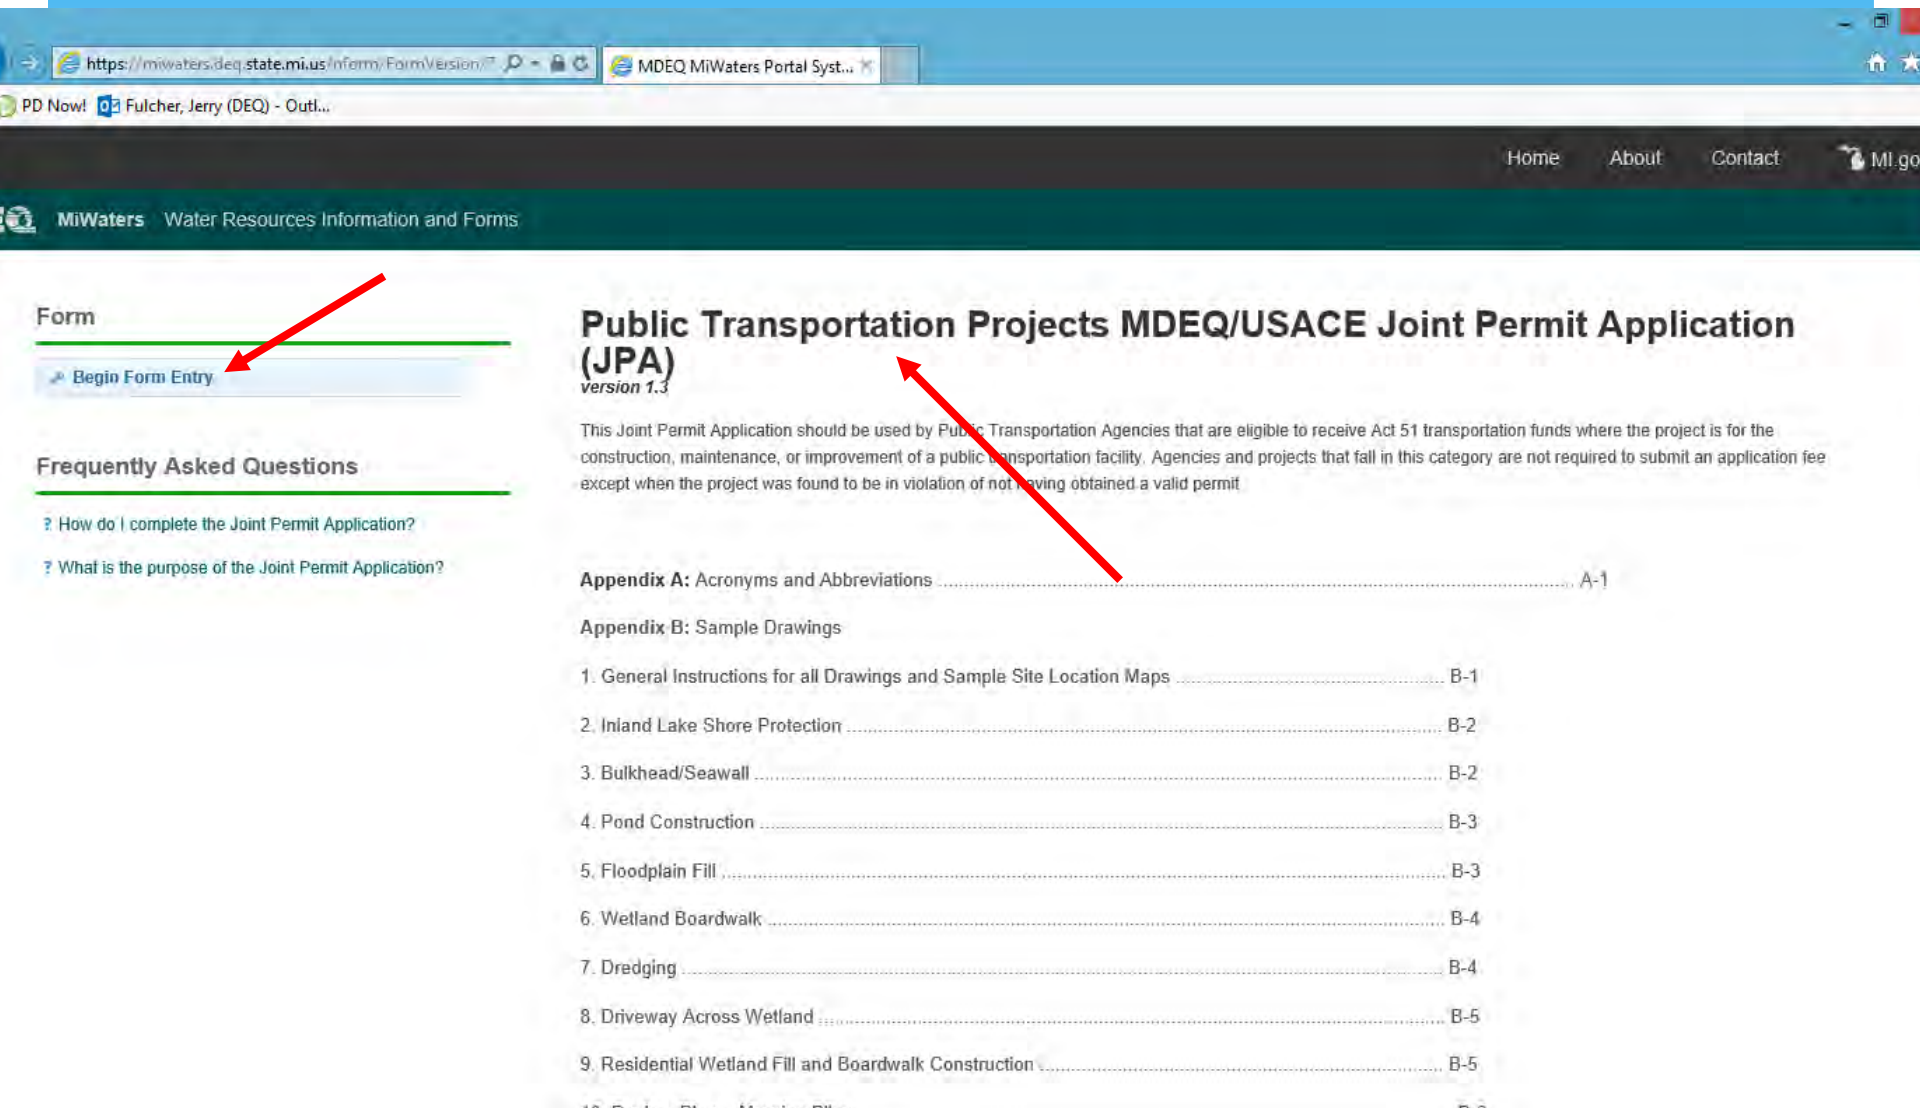
- **Type "NOC" - Notice of Coverage**



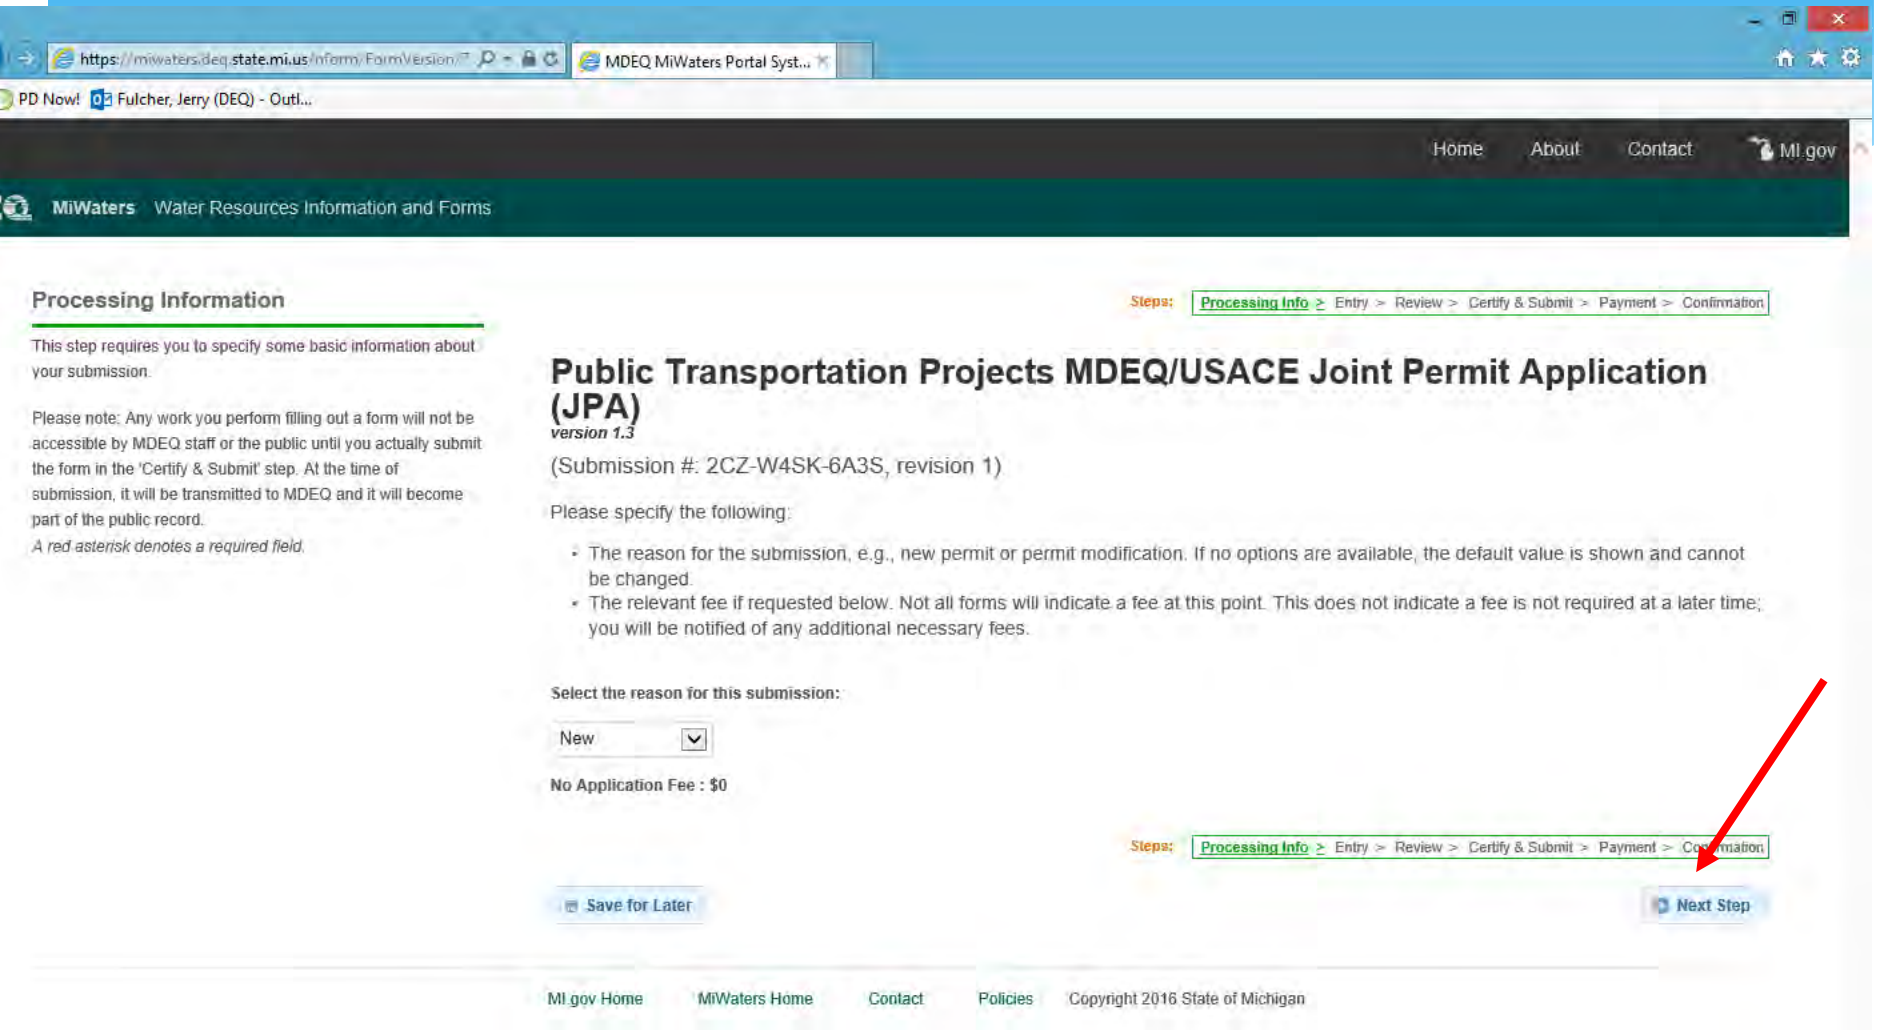
New Application at a New Site Select the Transportation JPA



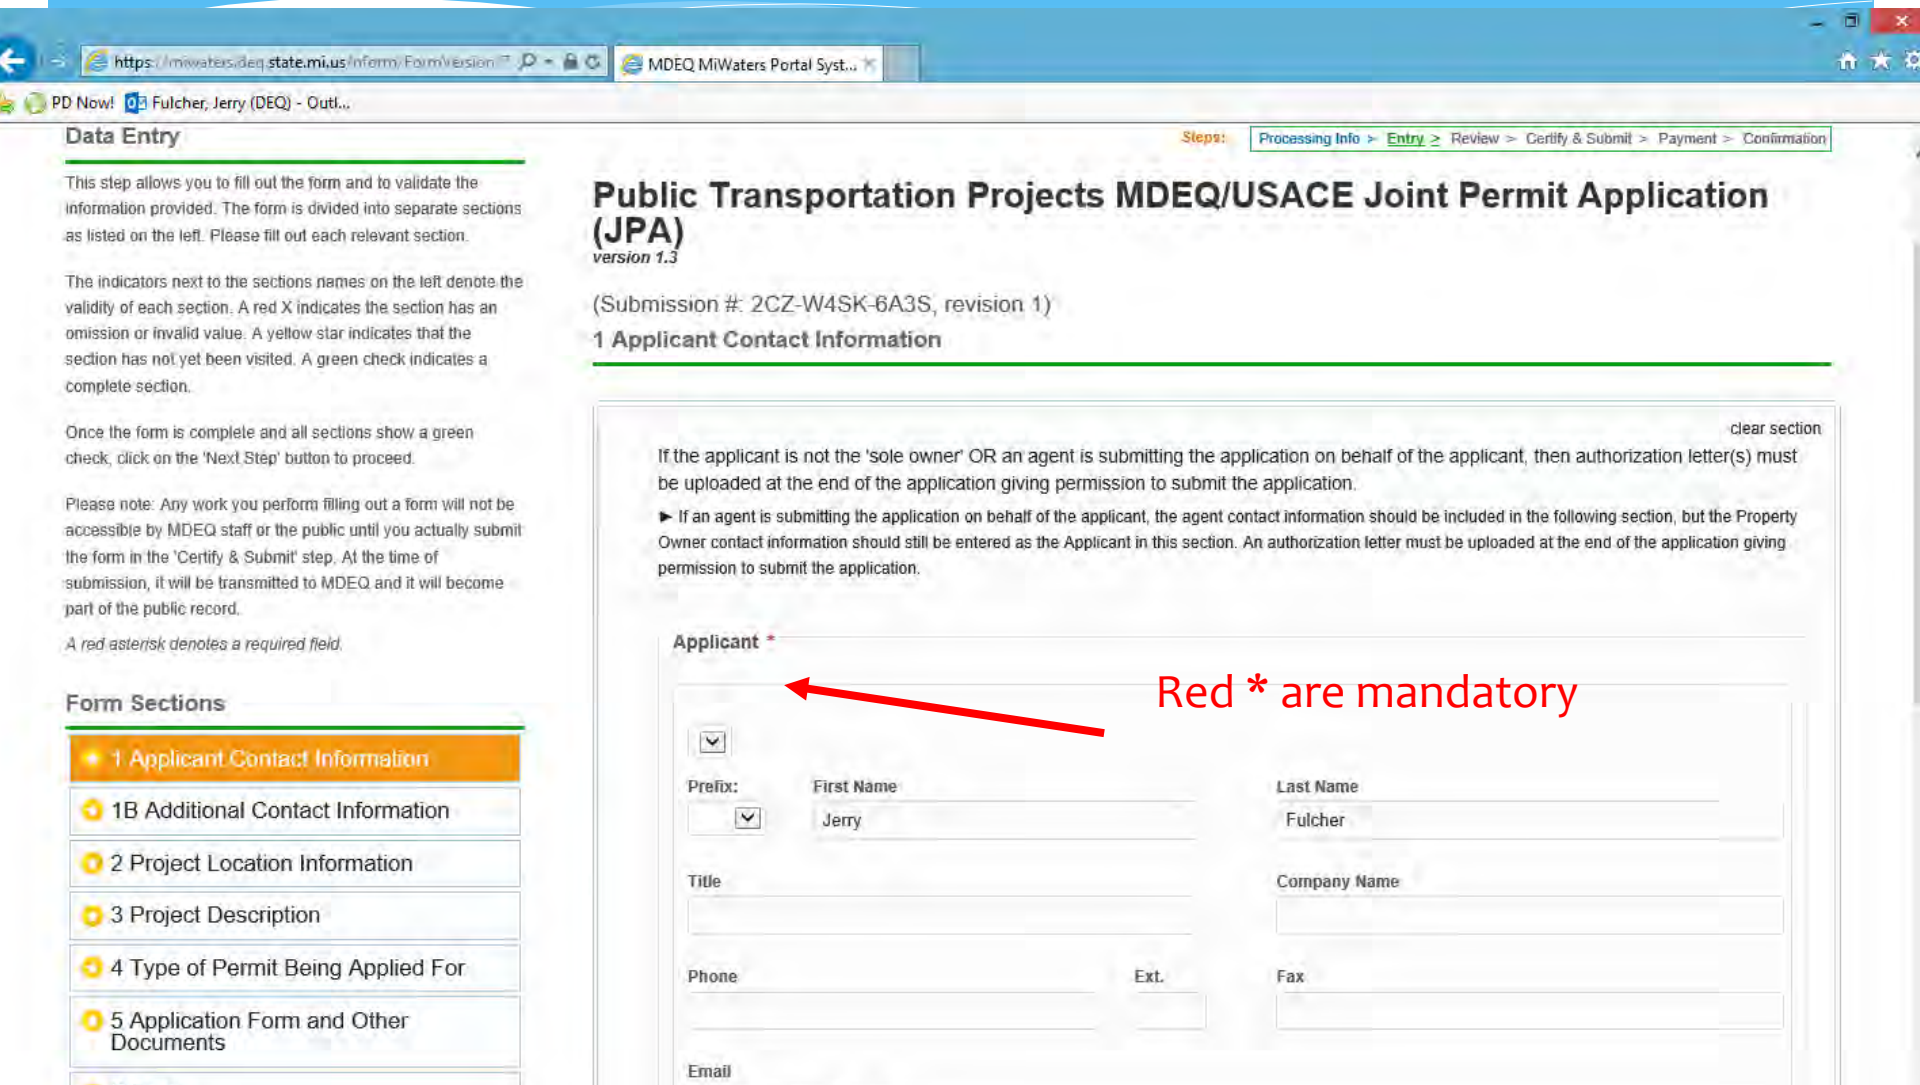
Click Begin Form Entry



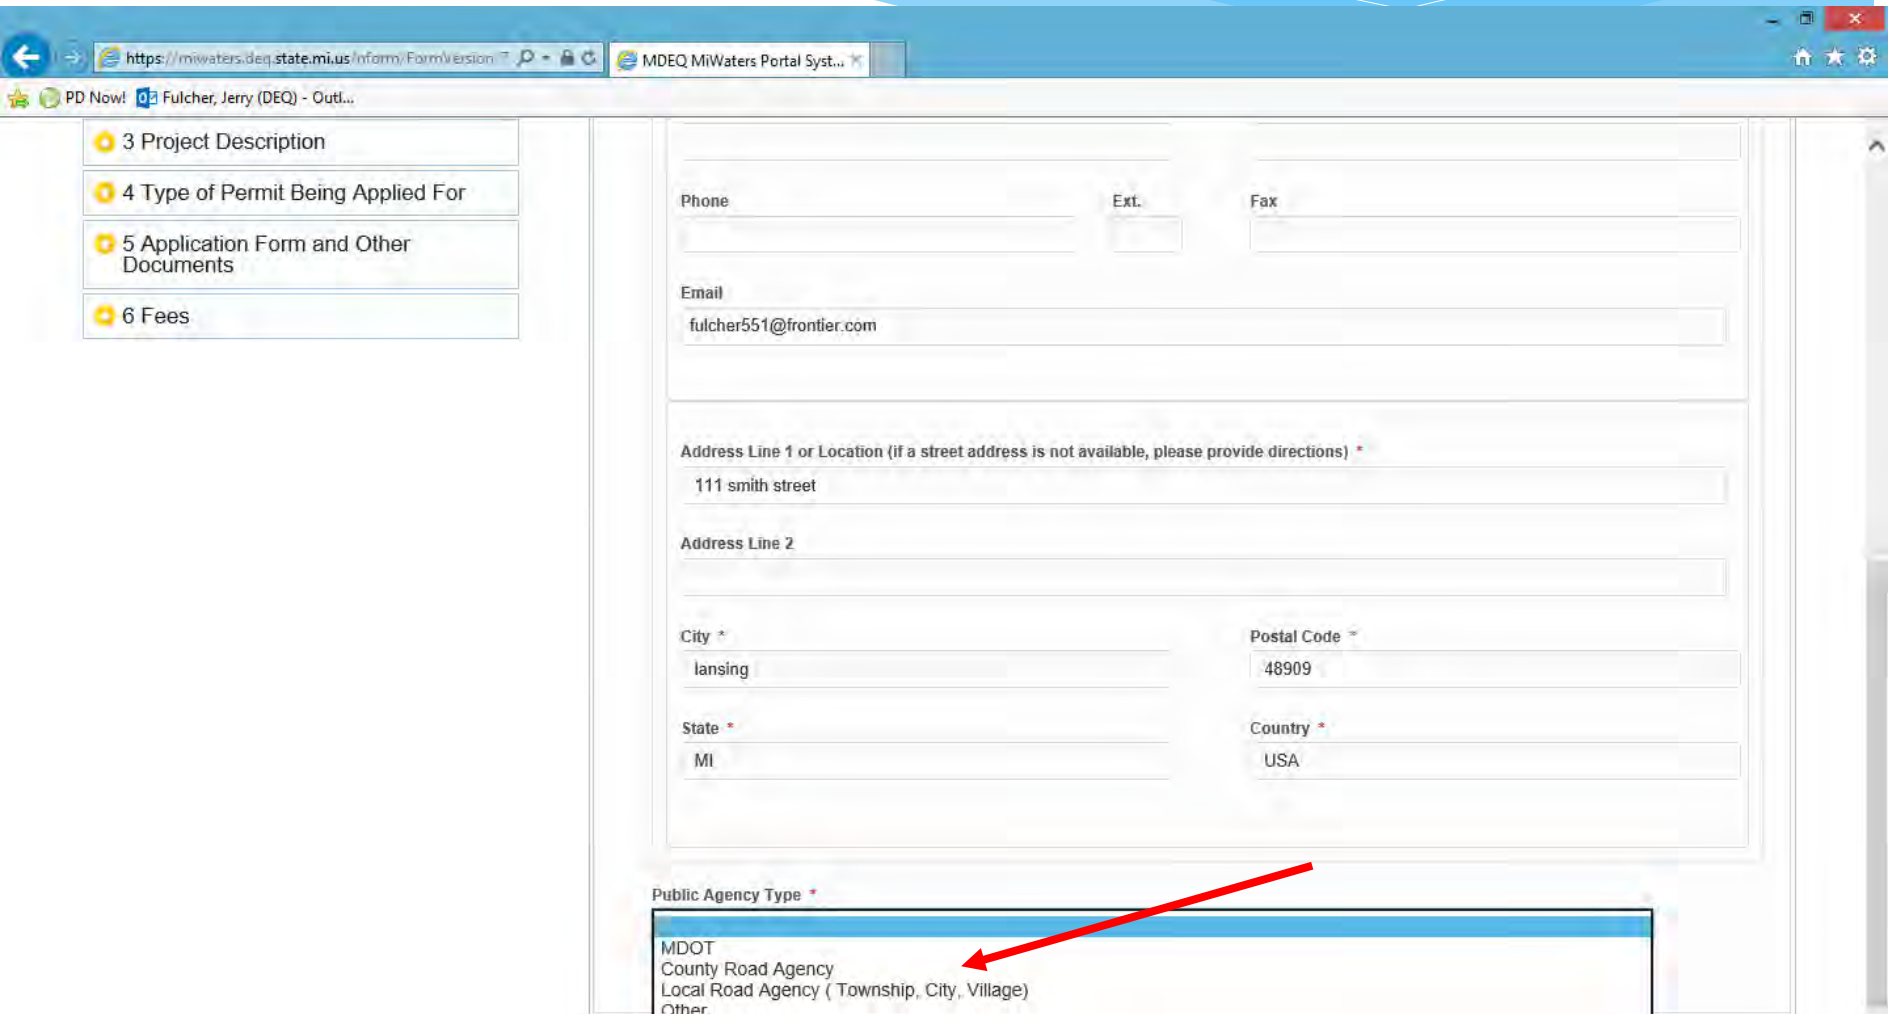
Click – Next Step



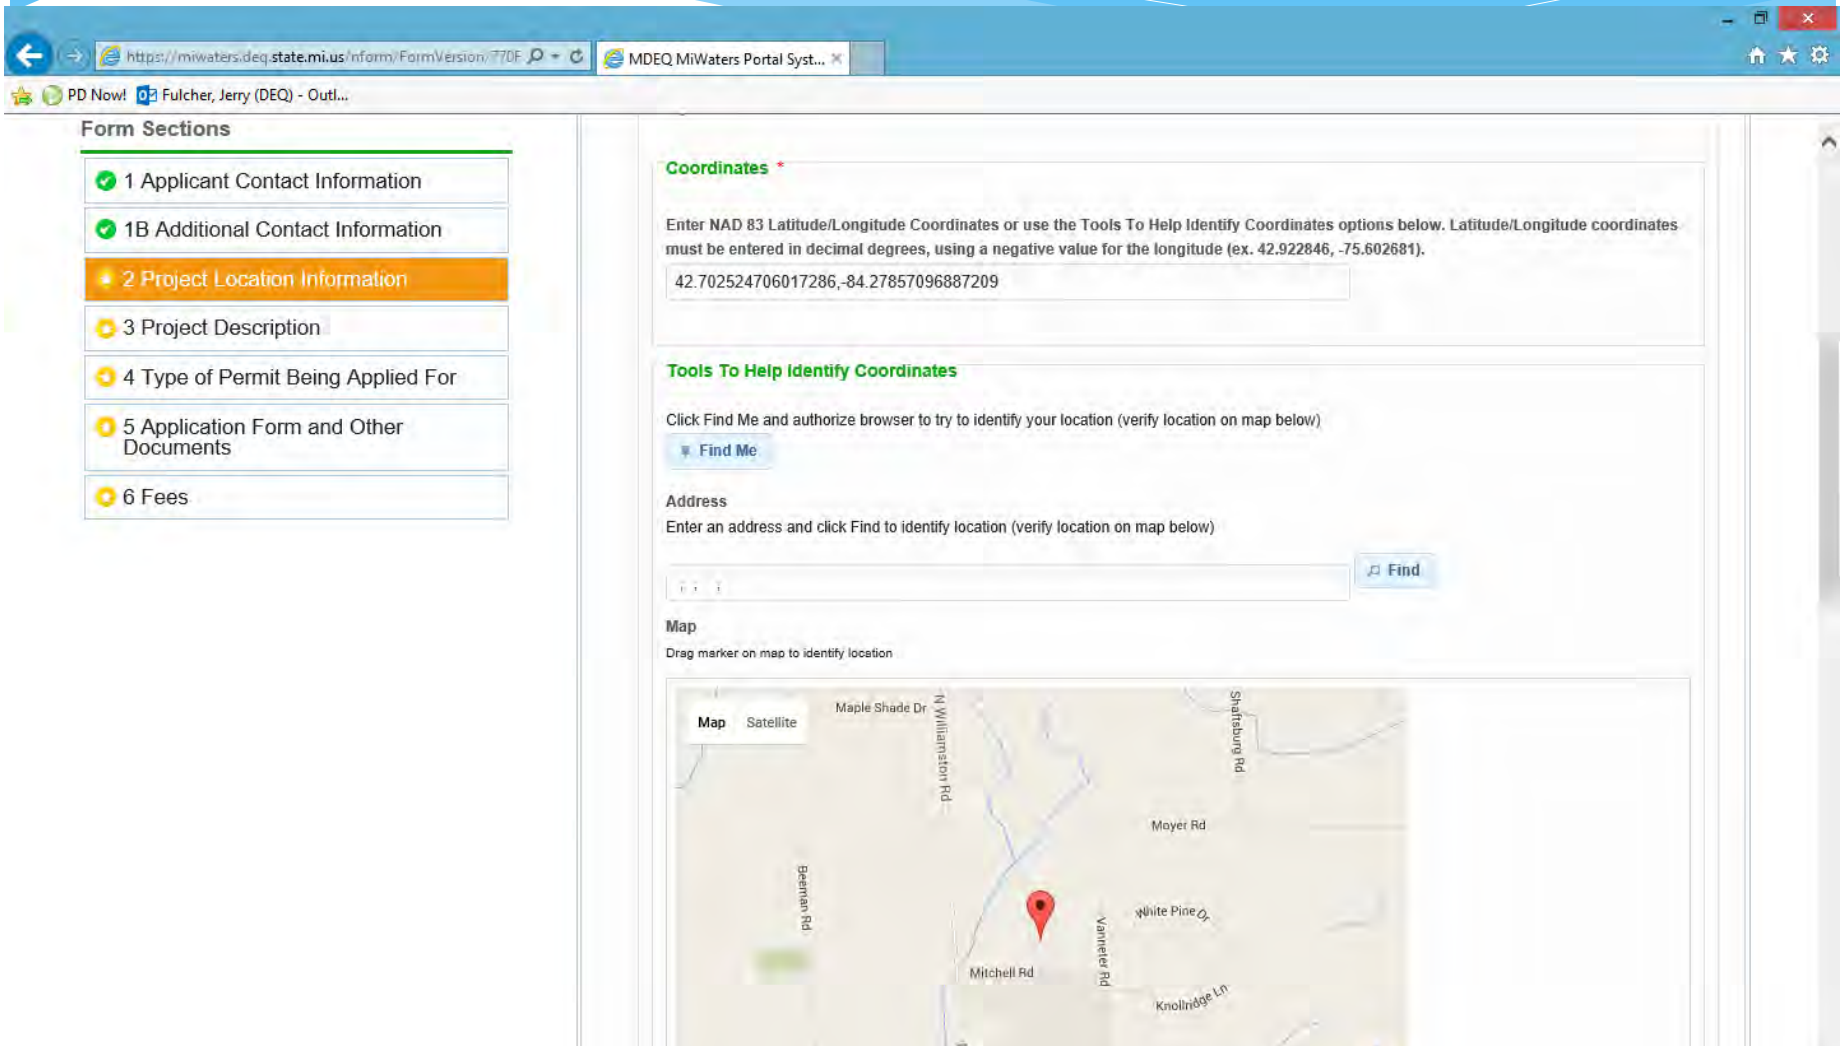
There are 7 Sections- they must be green before you can submit



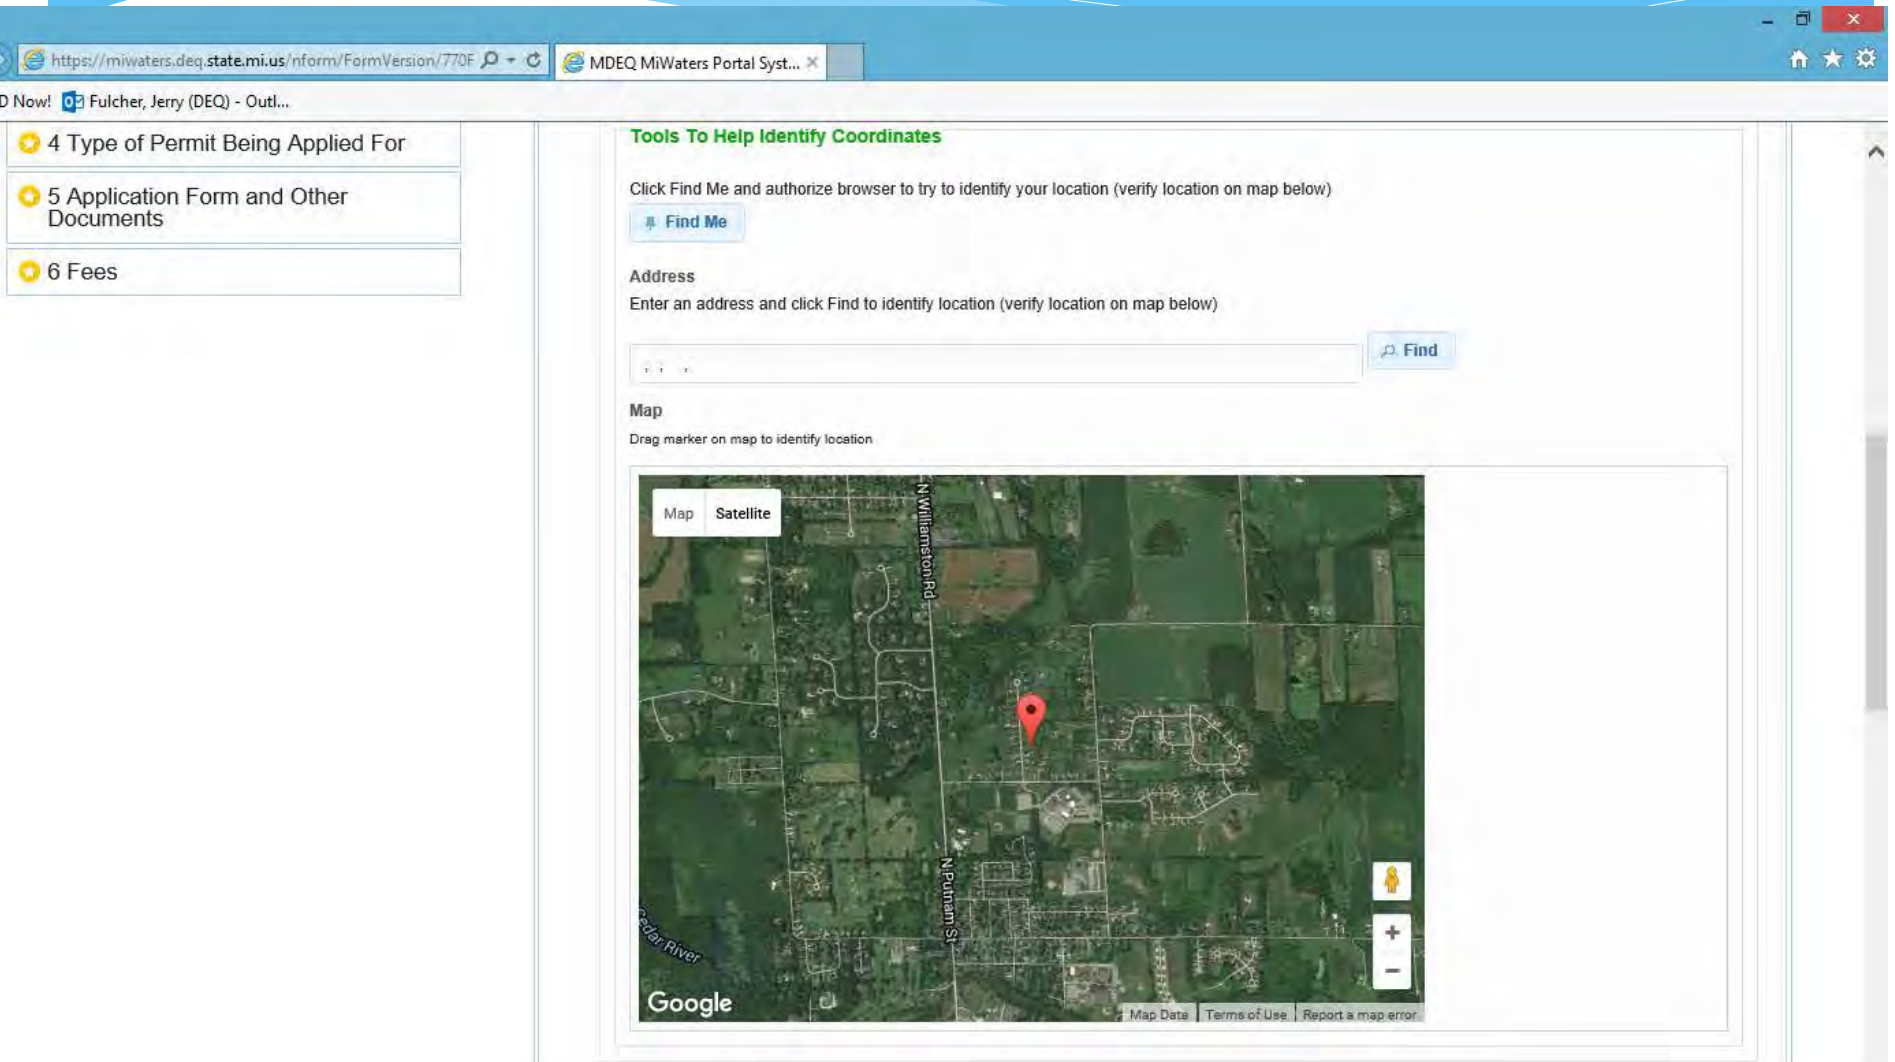
Select Your Agency Type



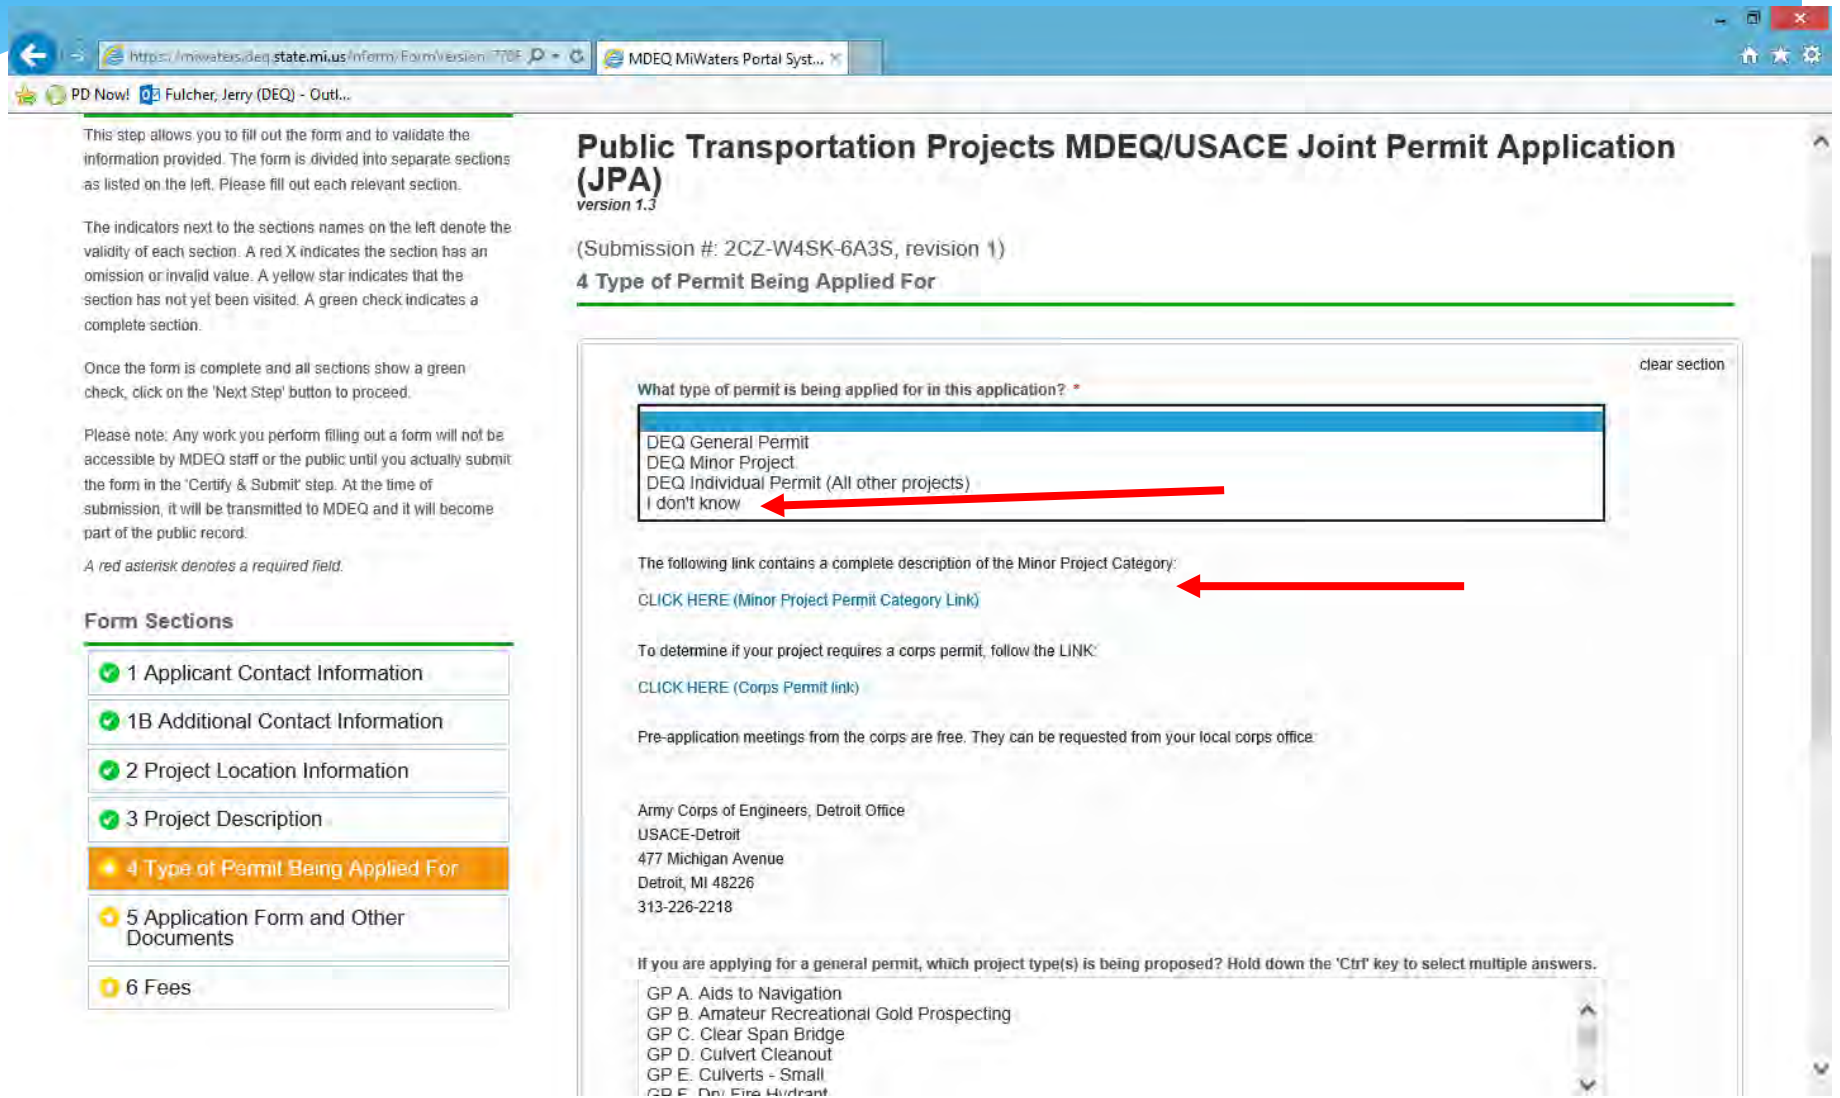
You Must Locate Your Site using Lat/long, a Valid address or the Map Tool



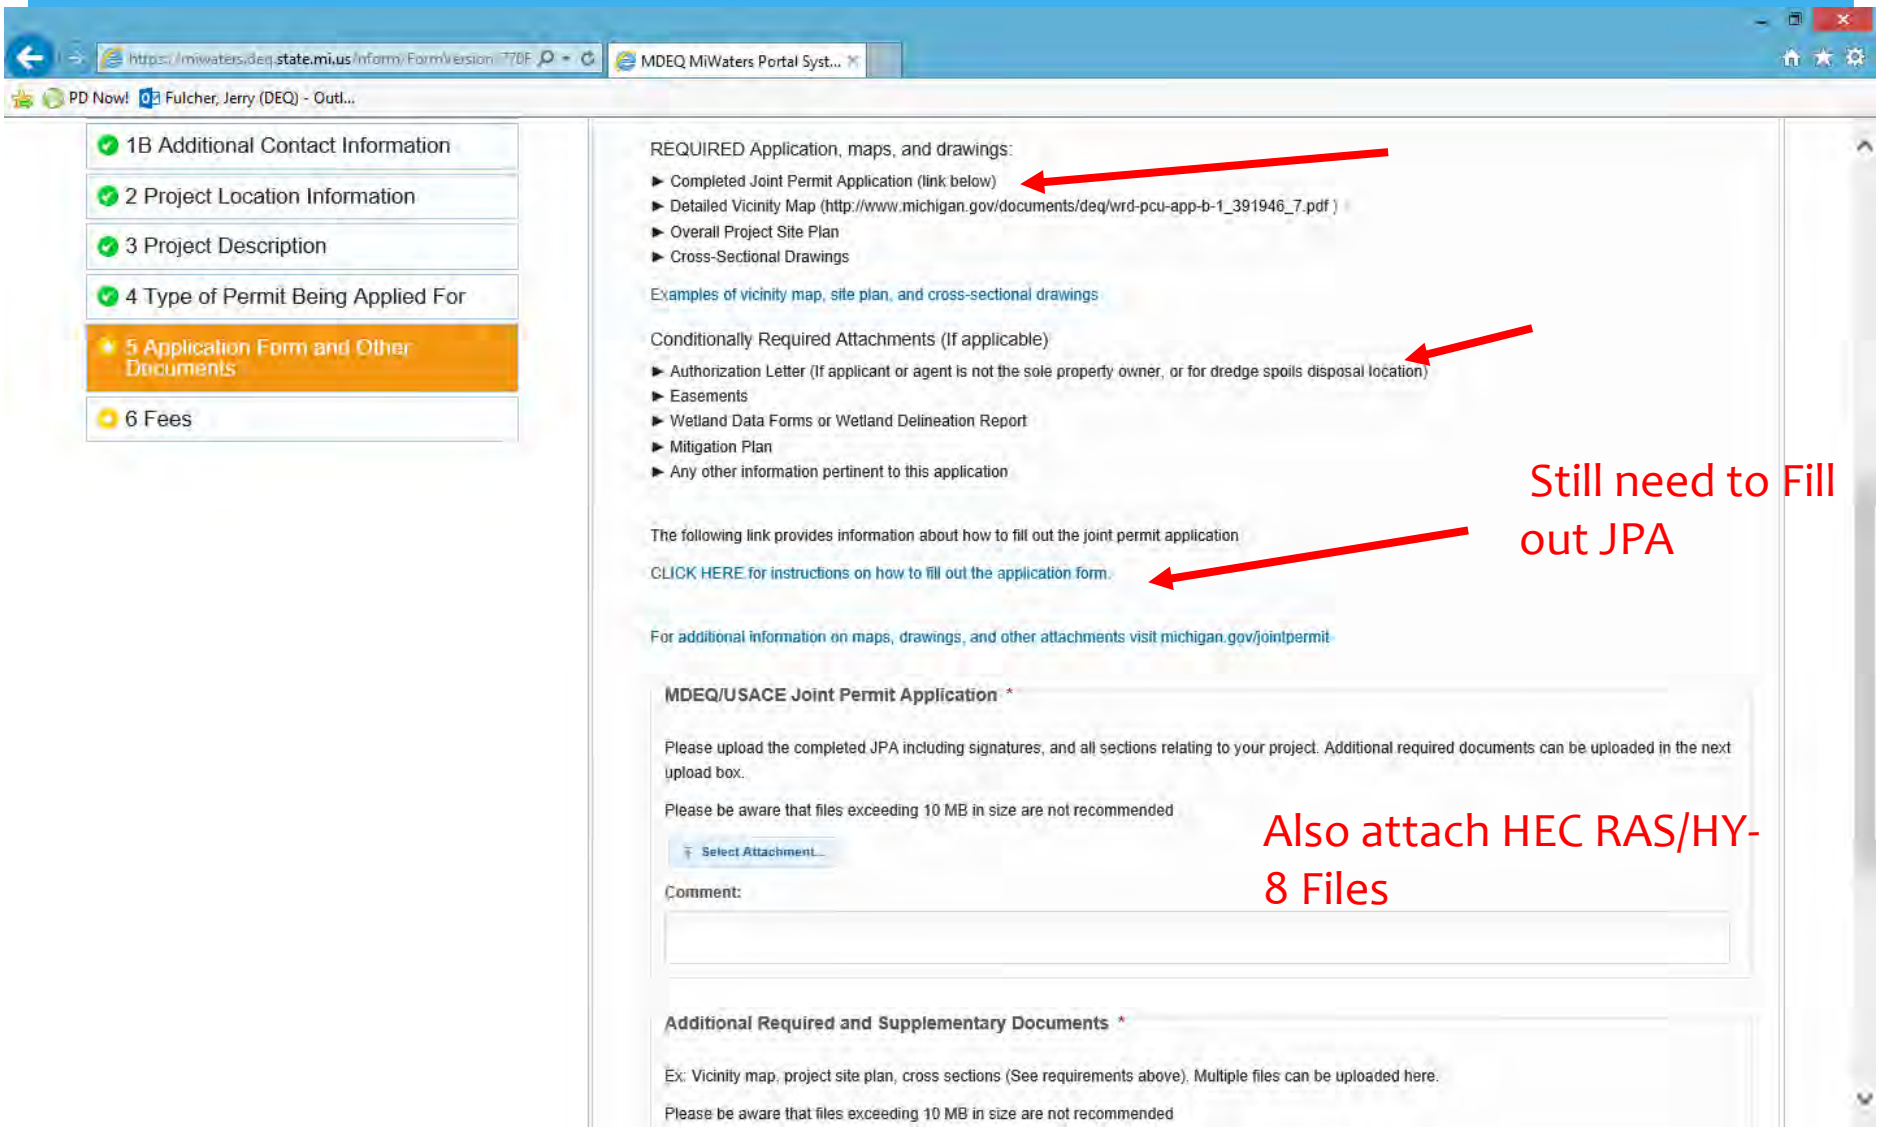
Can Also Use Satellite View to Locate Your Site



Select the Type of Permit You Are Applying For



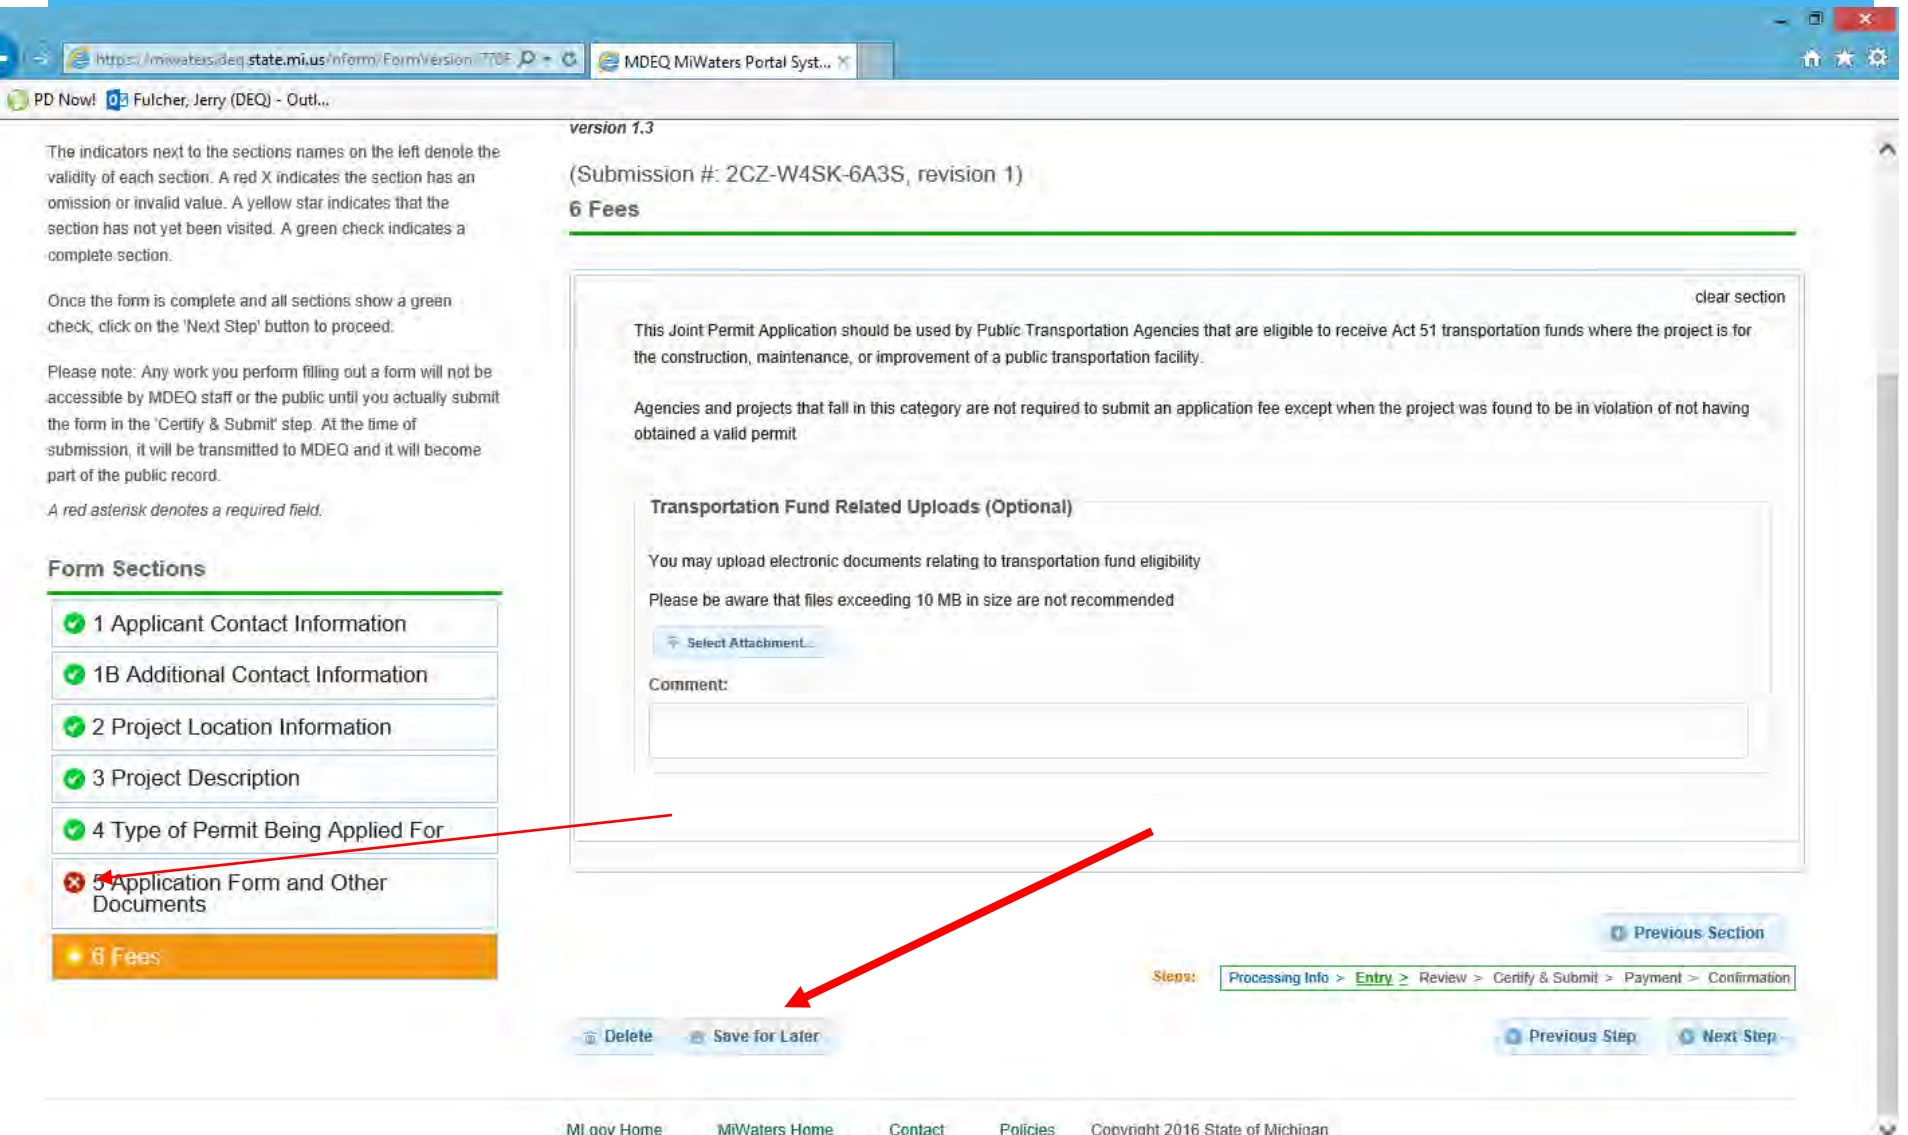
Section 5- Attachments go here



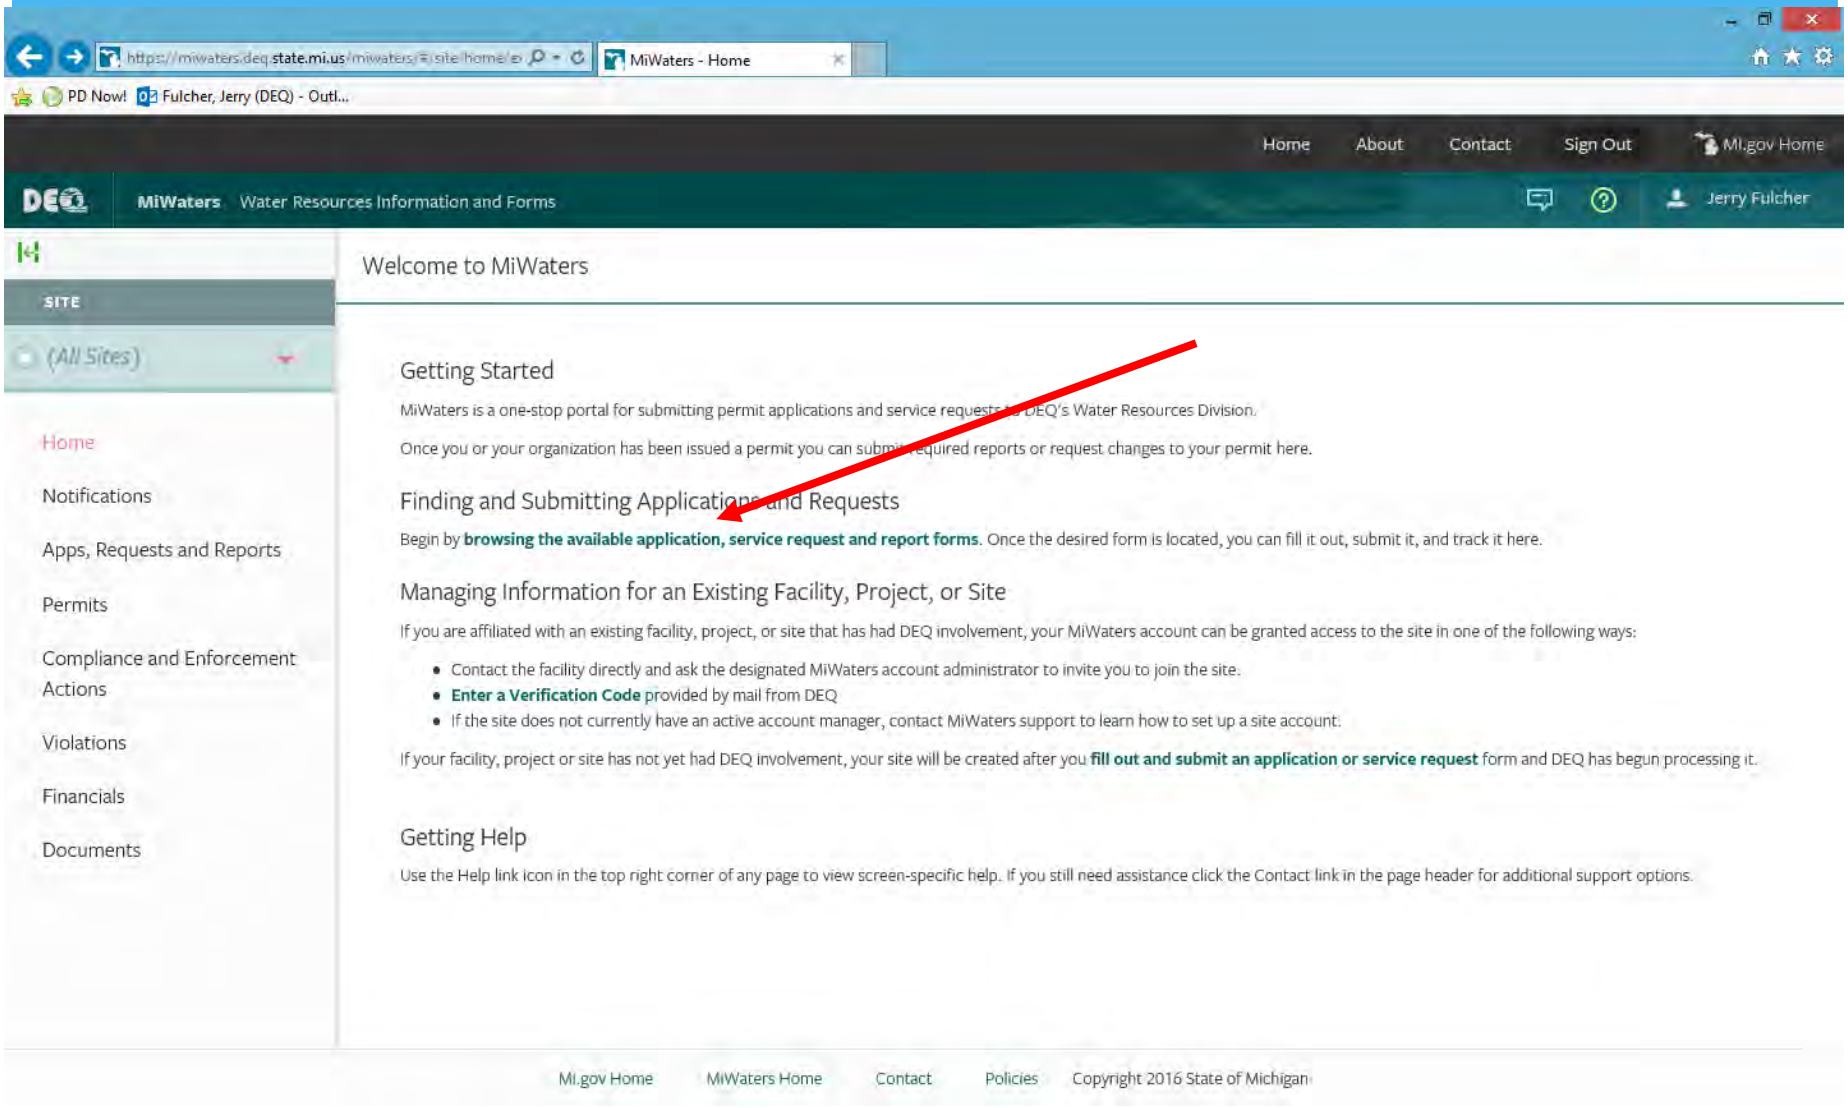
Still need to Fill out JPA

Also attach HEC RAS/HY-8 Files

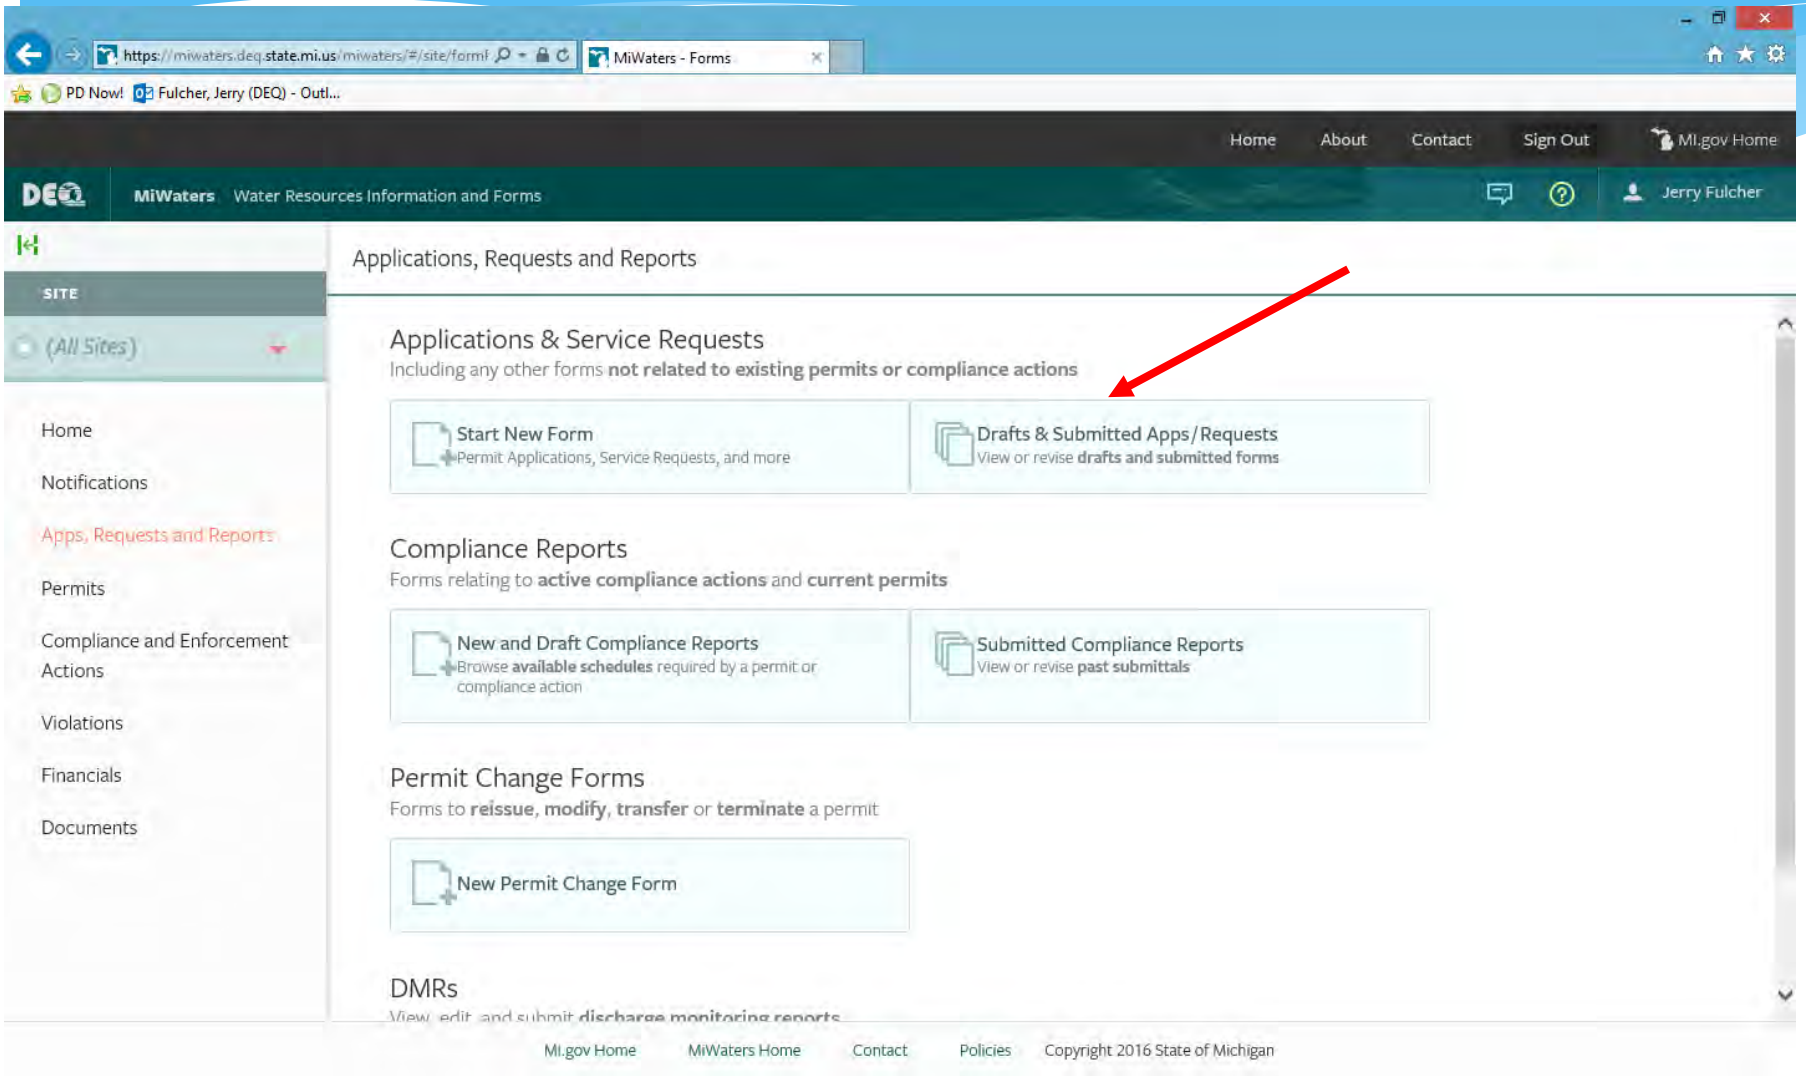
Not Done- Save For Later



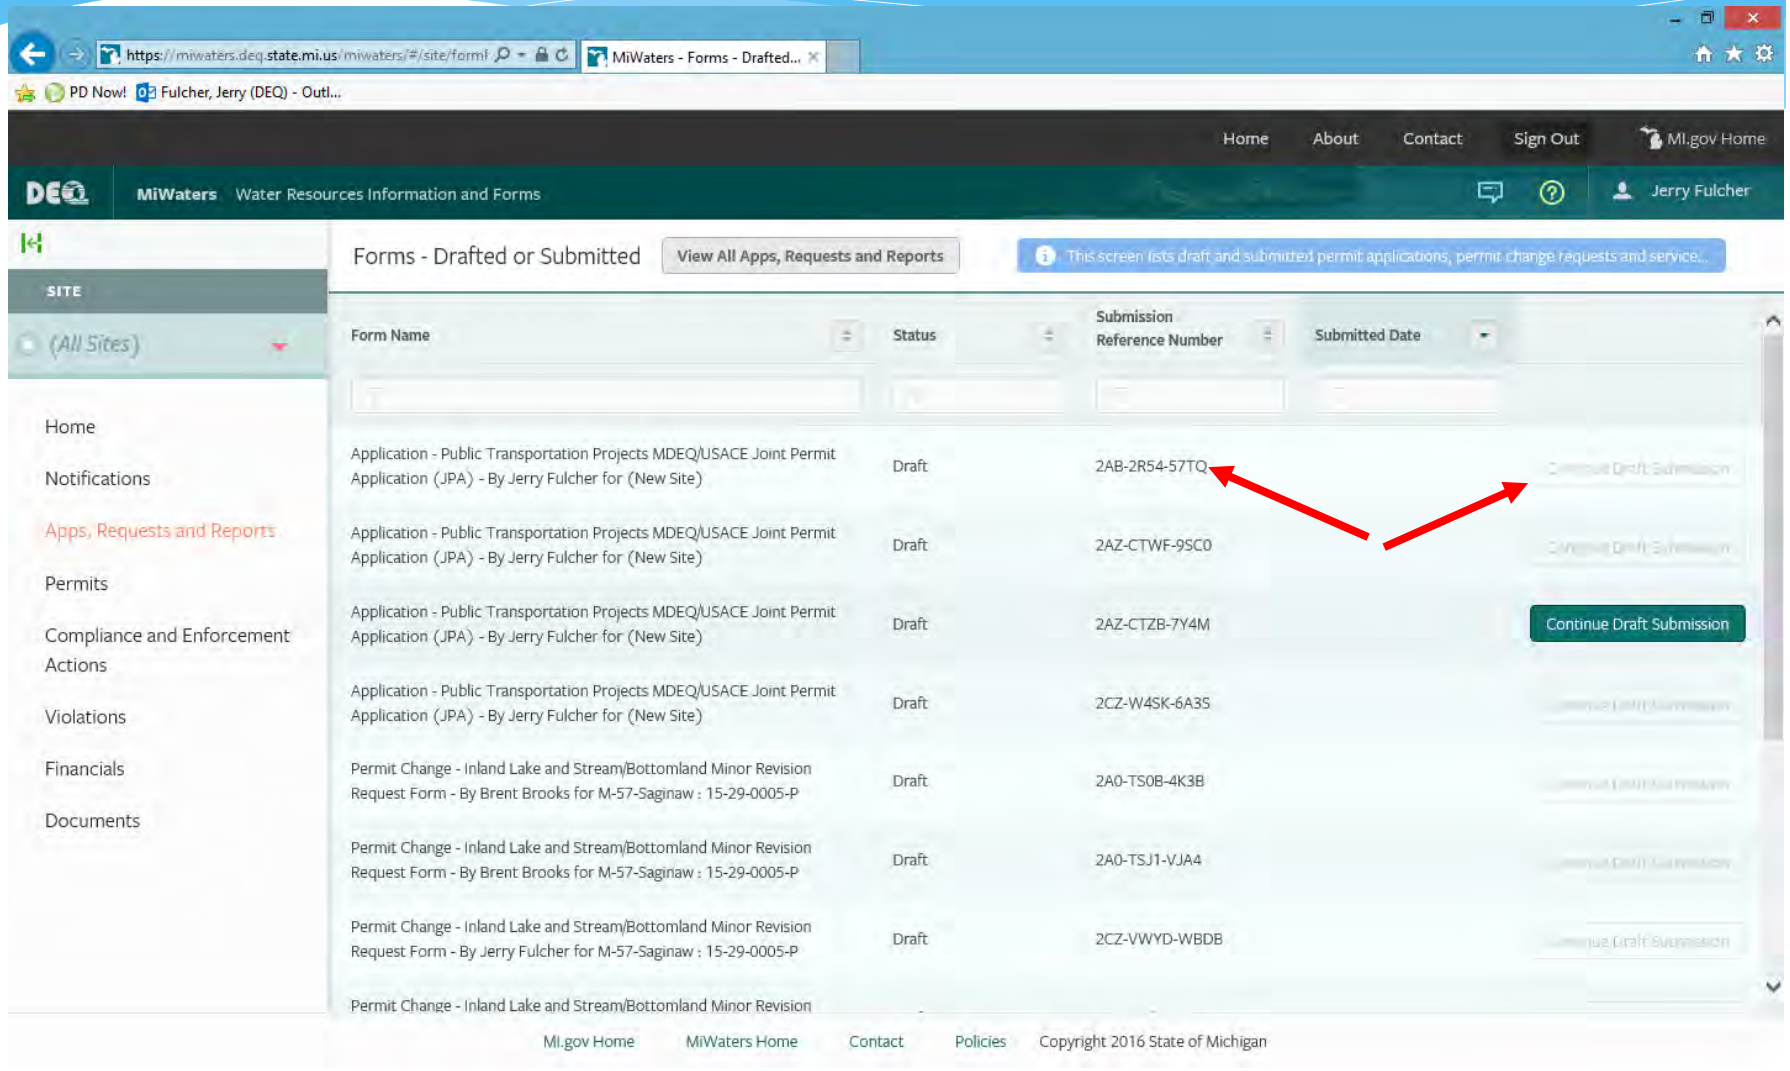
Finding Your Draft Submittal



Finding Your Draft Submittal- Click on Drafts



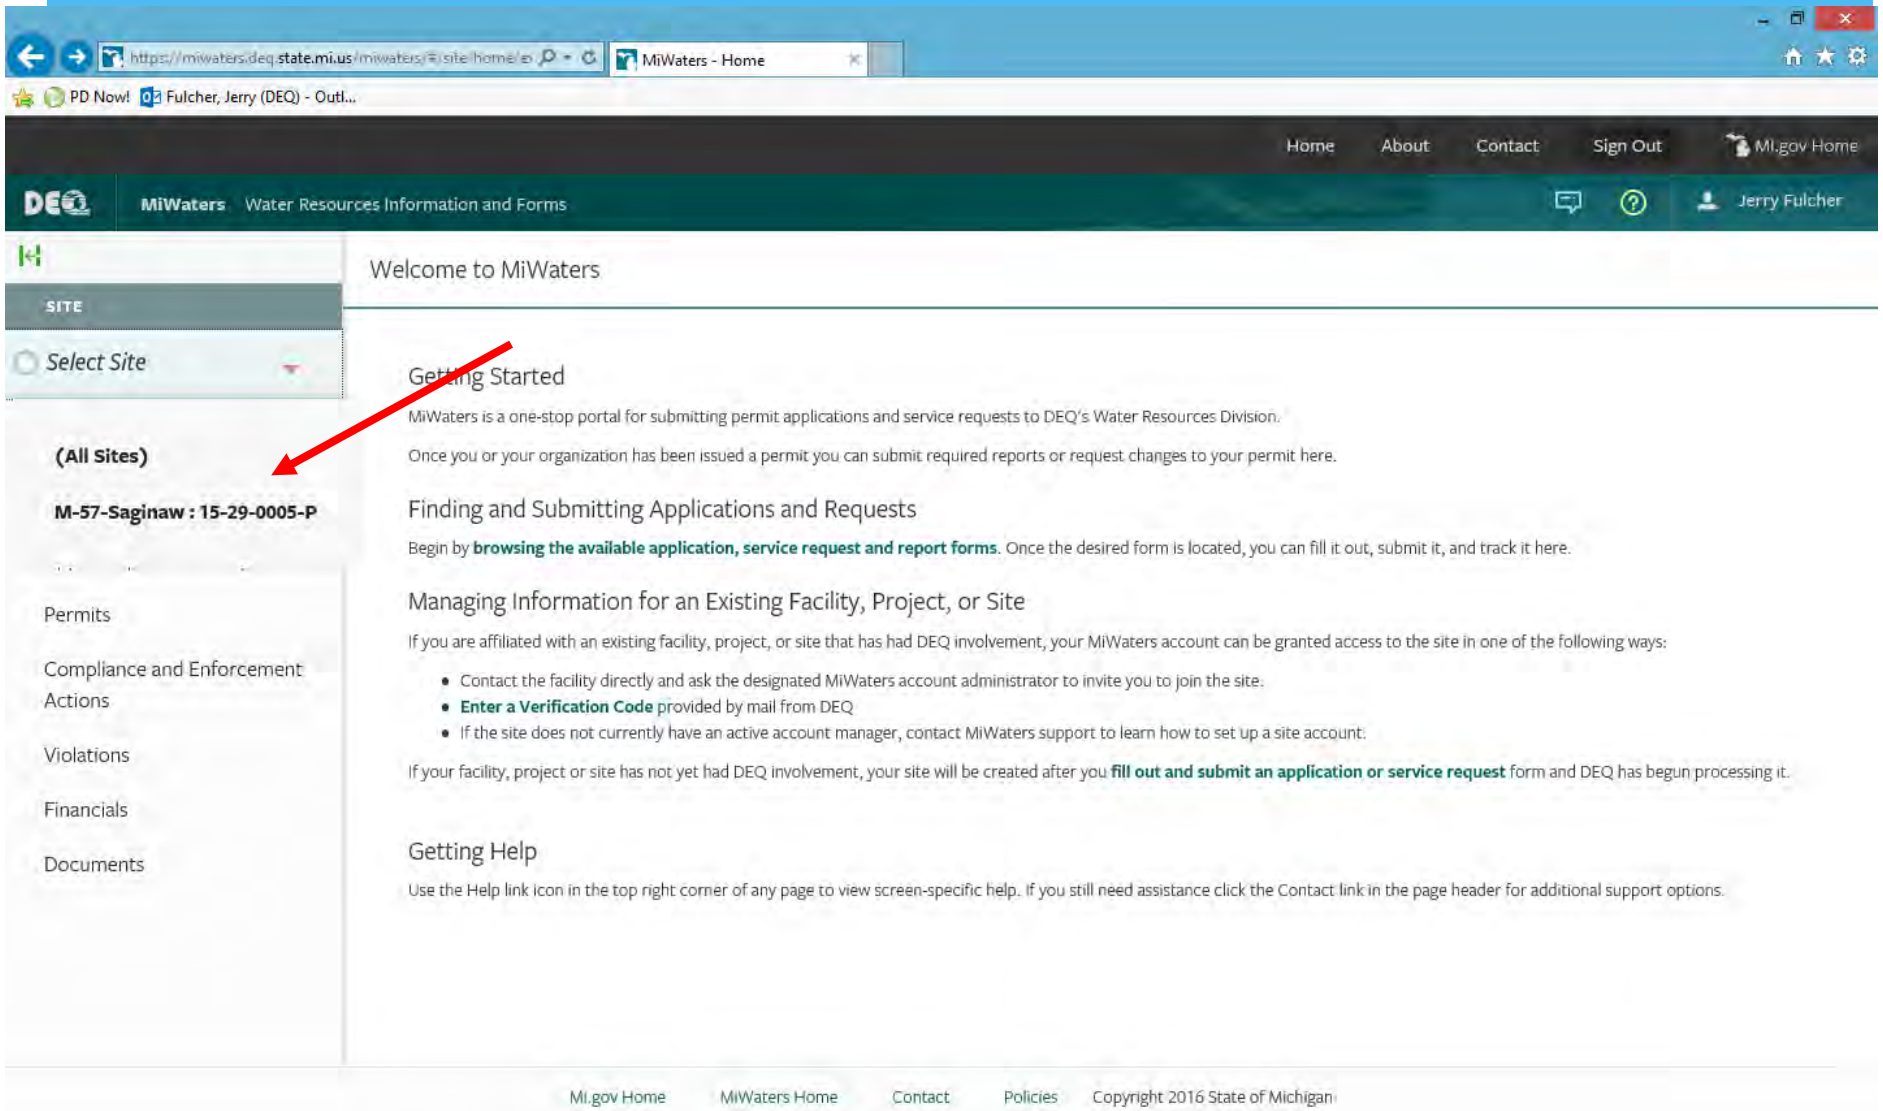
Click on Continue Draft Submission- Know Your Submission Number



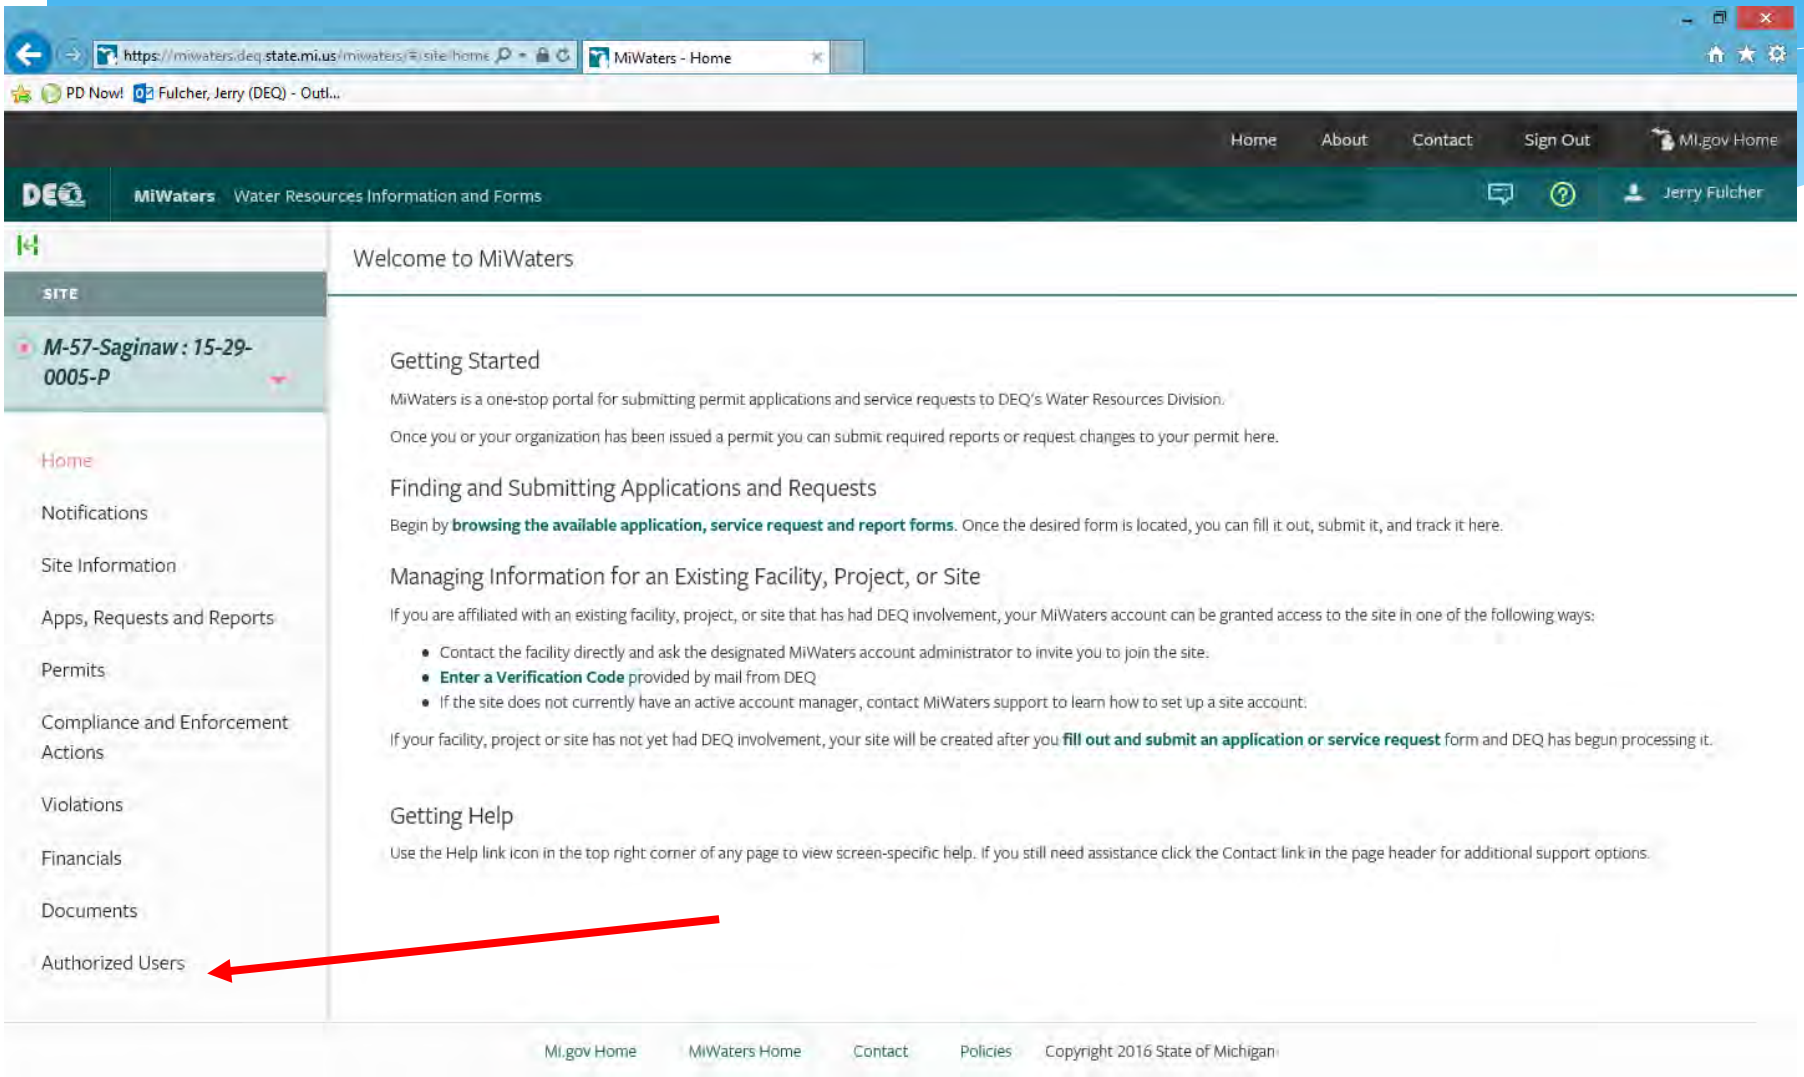
After Submitting Your Application – We Will Review It and Import It

- **Once we have imported it, it should show up on your list of sites**
- **At that point you can assign someone else to have access to that file as an authorized user**

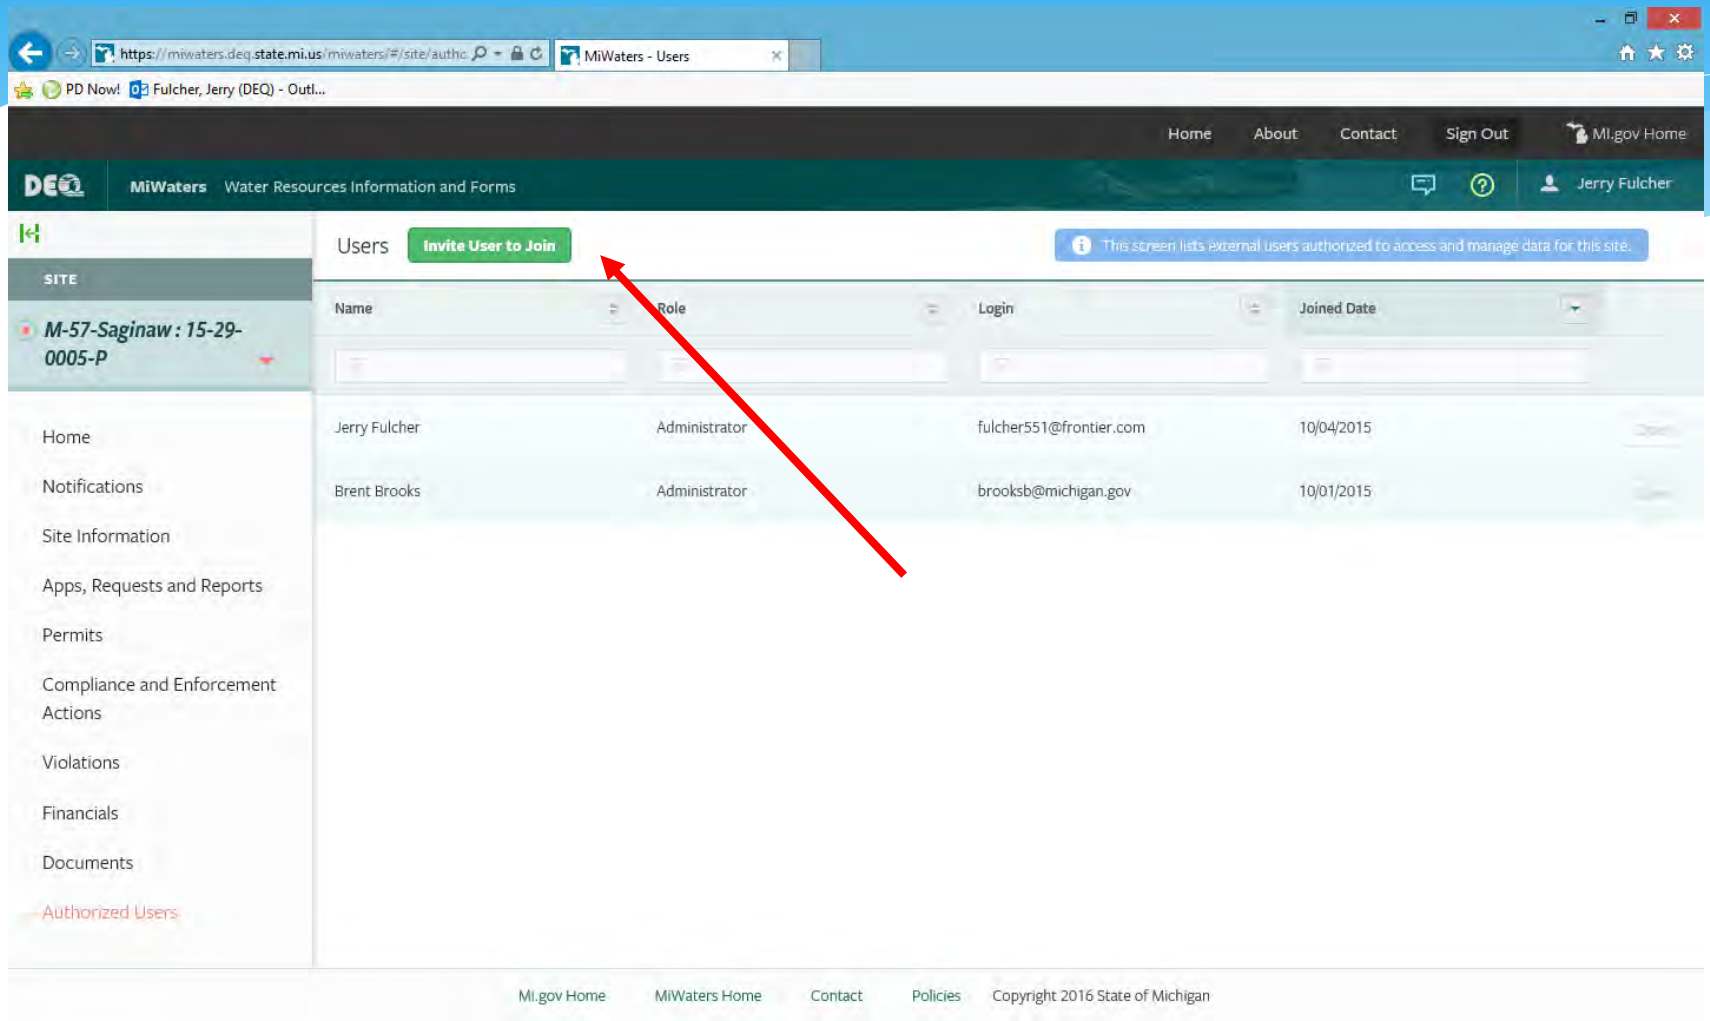
Assigning Another User-Select Your Site



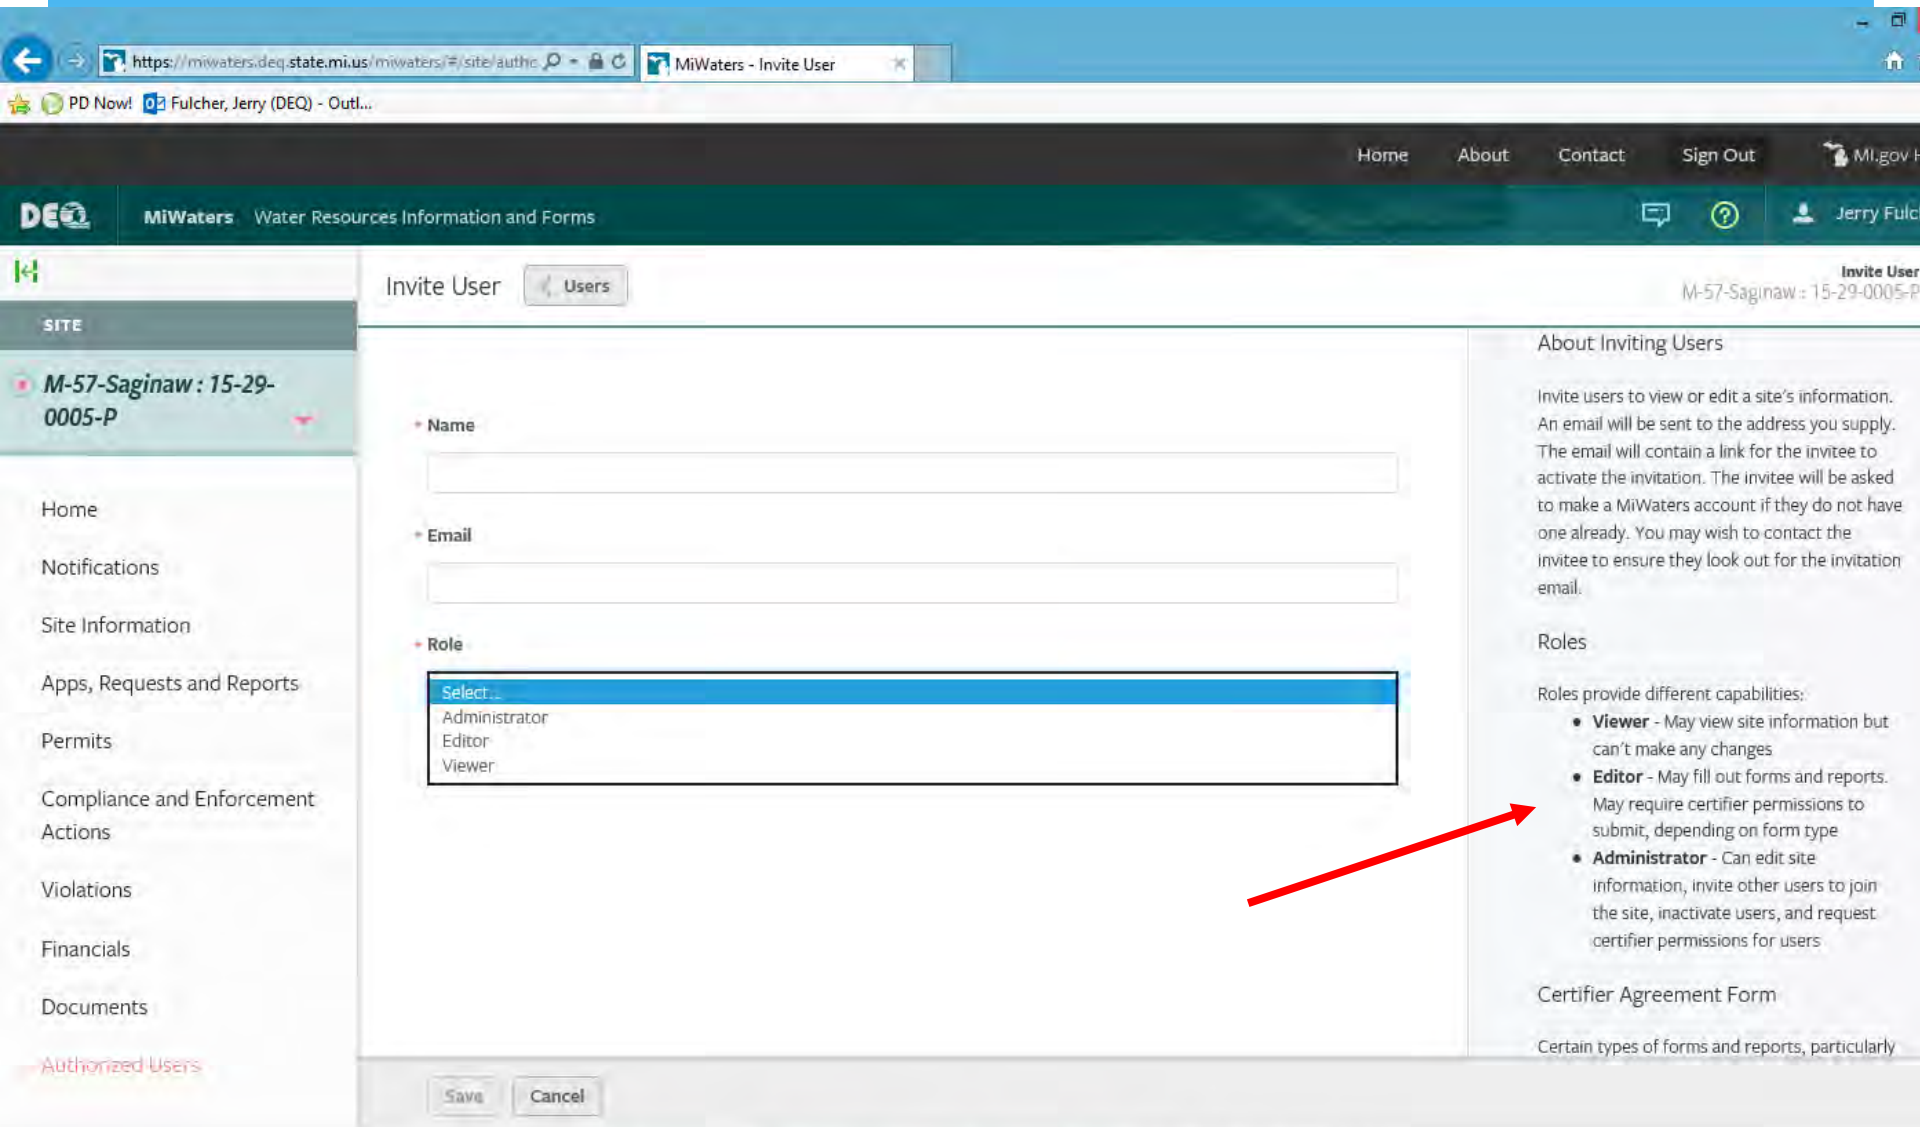
Click on Authorized Users



Click on “Invite User to Join”



Enter their Name, Email- Select Their Role Click Save and They Receive an Email



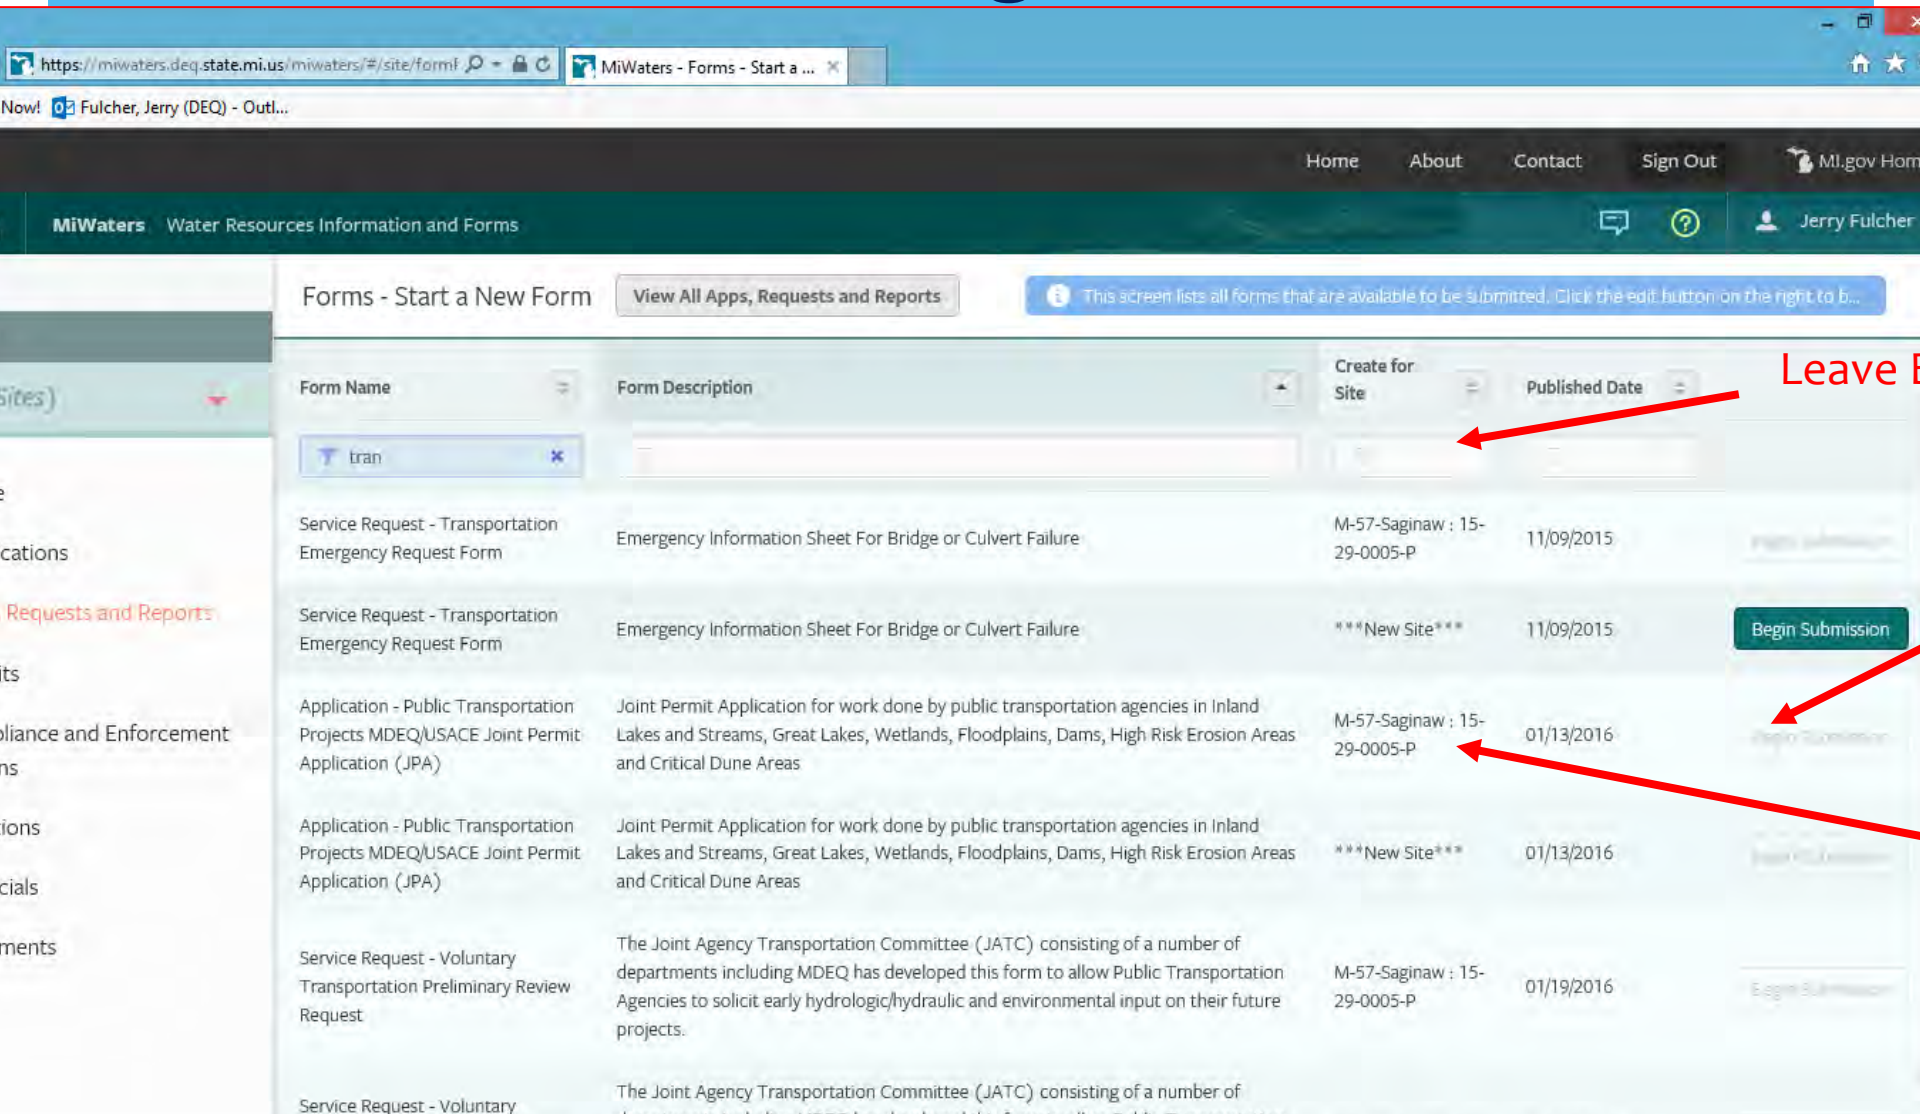
Pre- MiWaters Files

- If you need access to an older file, we can assign you as an authorized
- Just send us an email to request this
- You will receive an invitation to the site
- Once this happens it will show up on your list of sites.

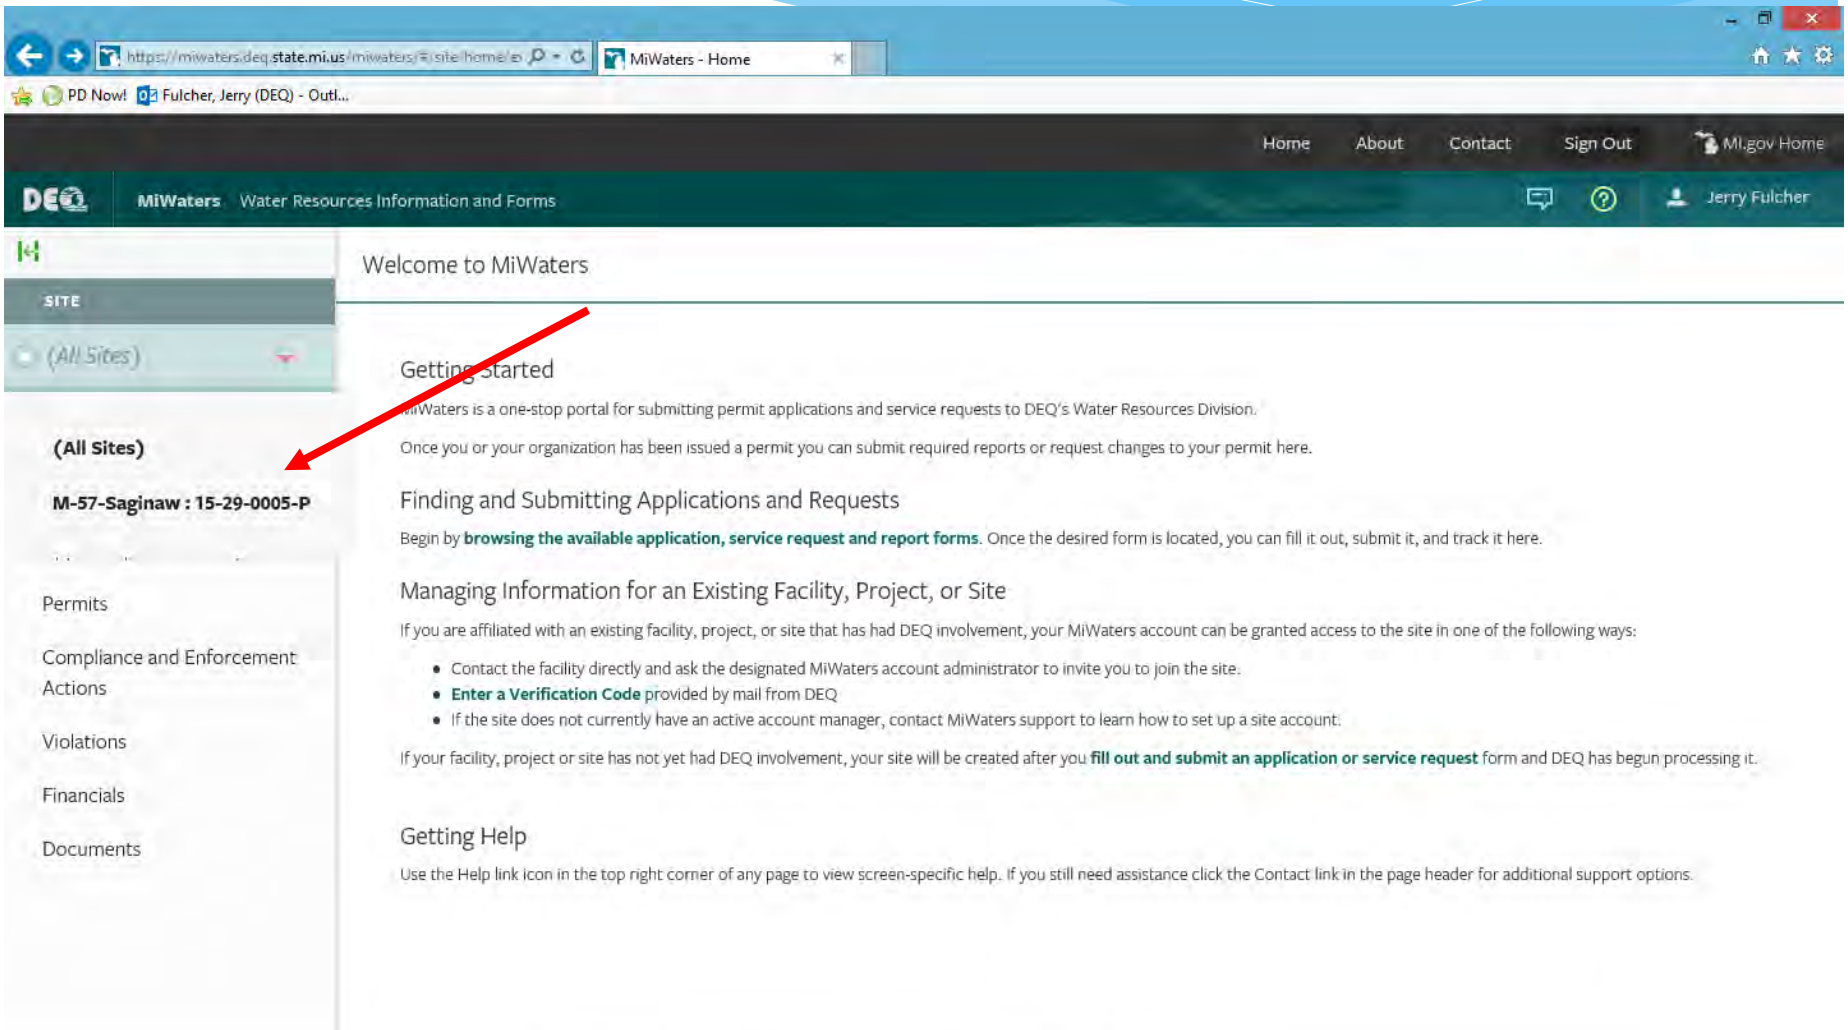
When to Submit a 2nd Application at an Existing Site

- **When you have submitted a preliminary review application and now want to submit a JPA for the same site**
- **You want to apply for an NOC at the same site**
- **You have a revision request**
- **Your permit expires and you want to re-apply**

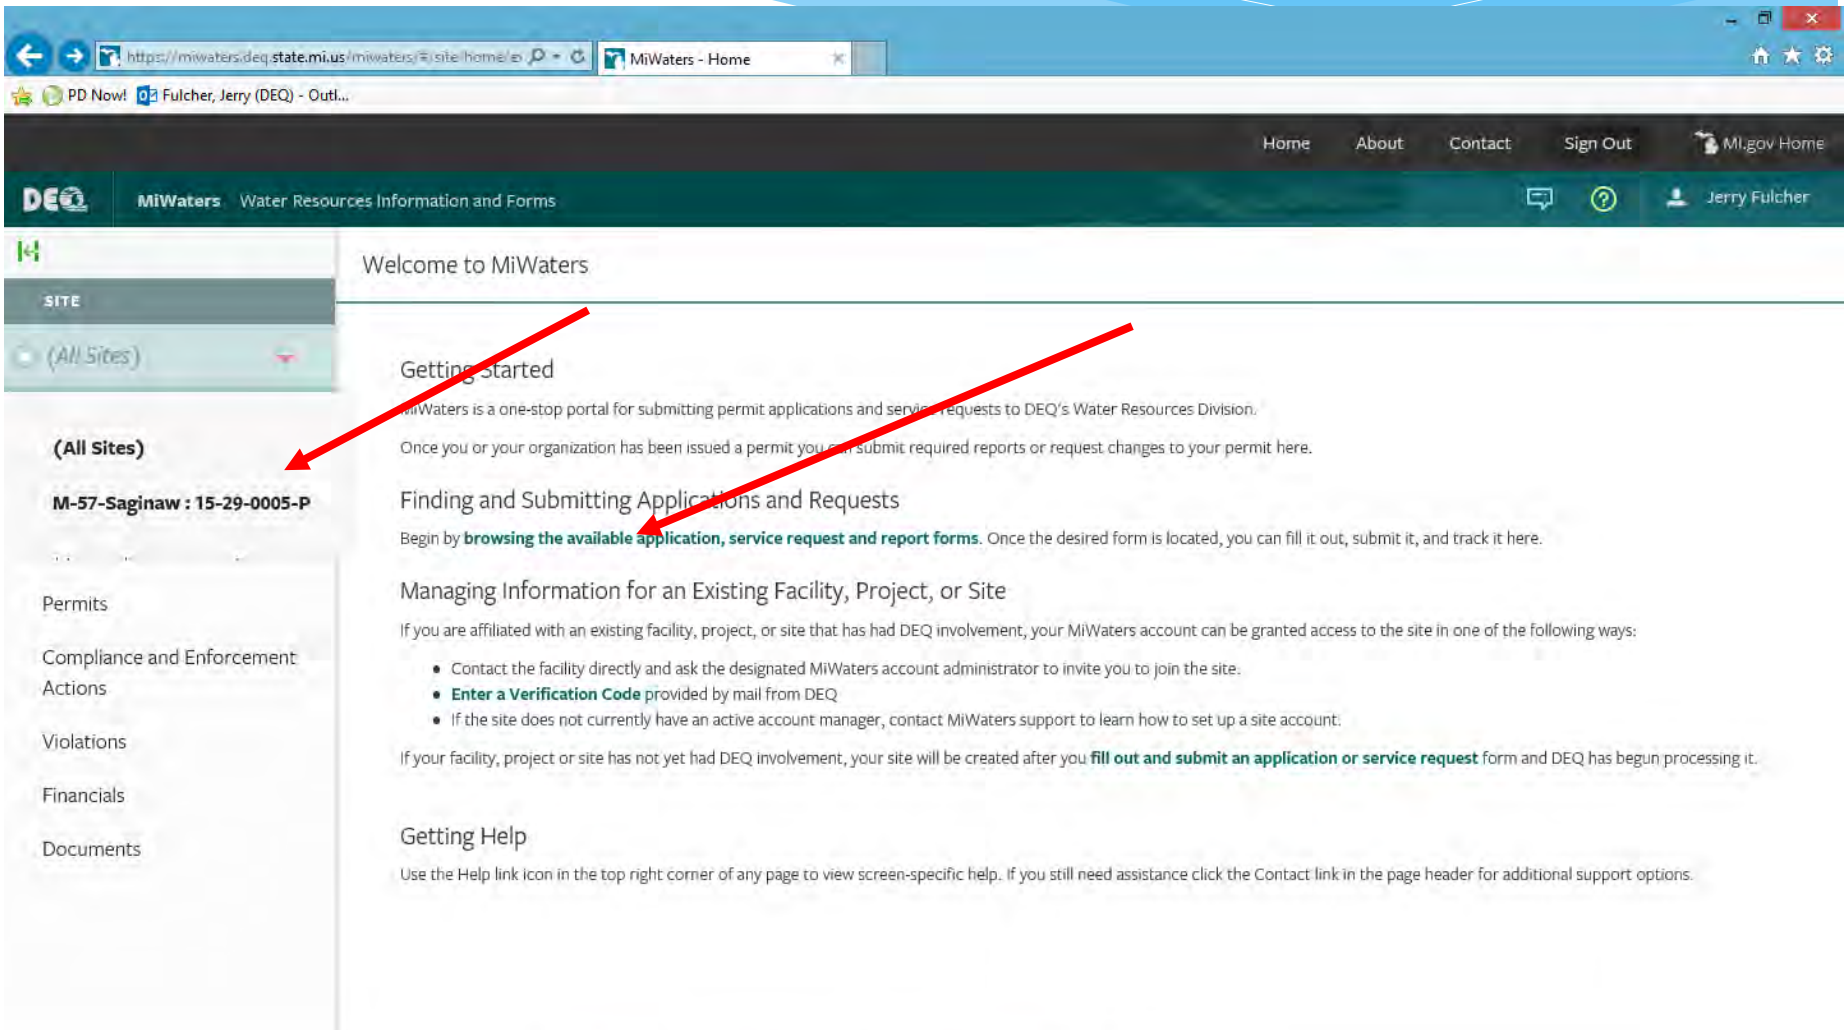
Submitting a New Application at an Existing Site



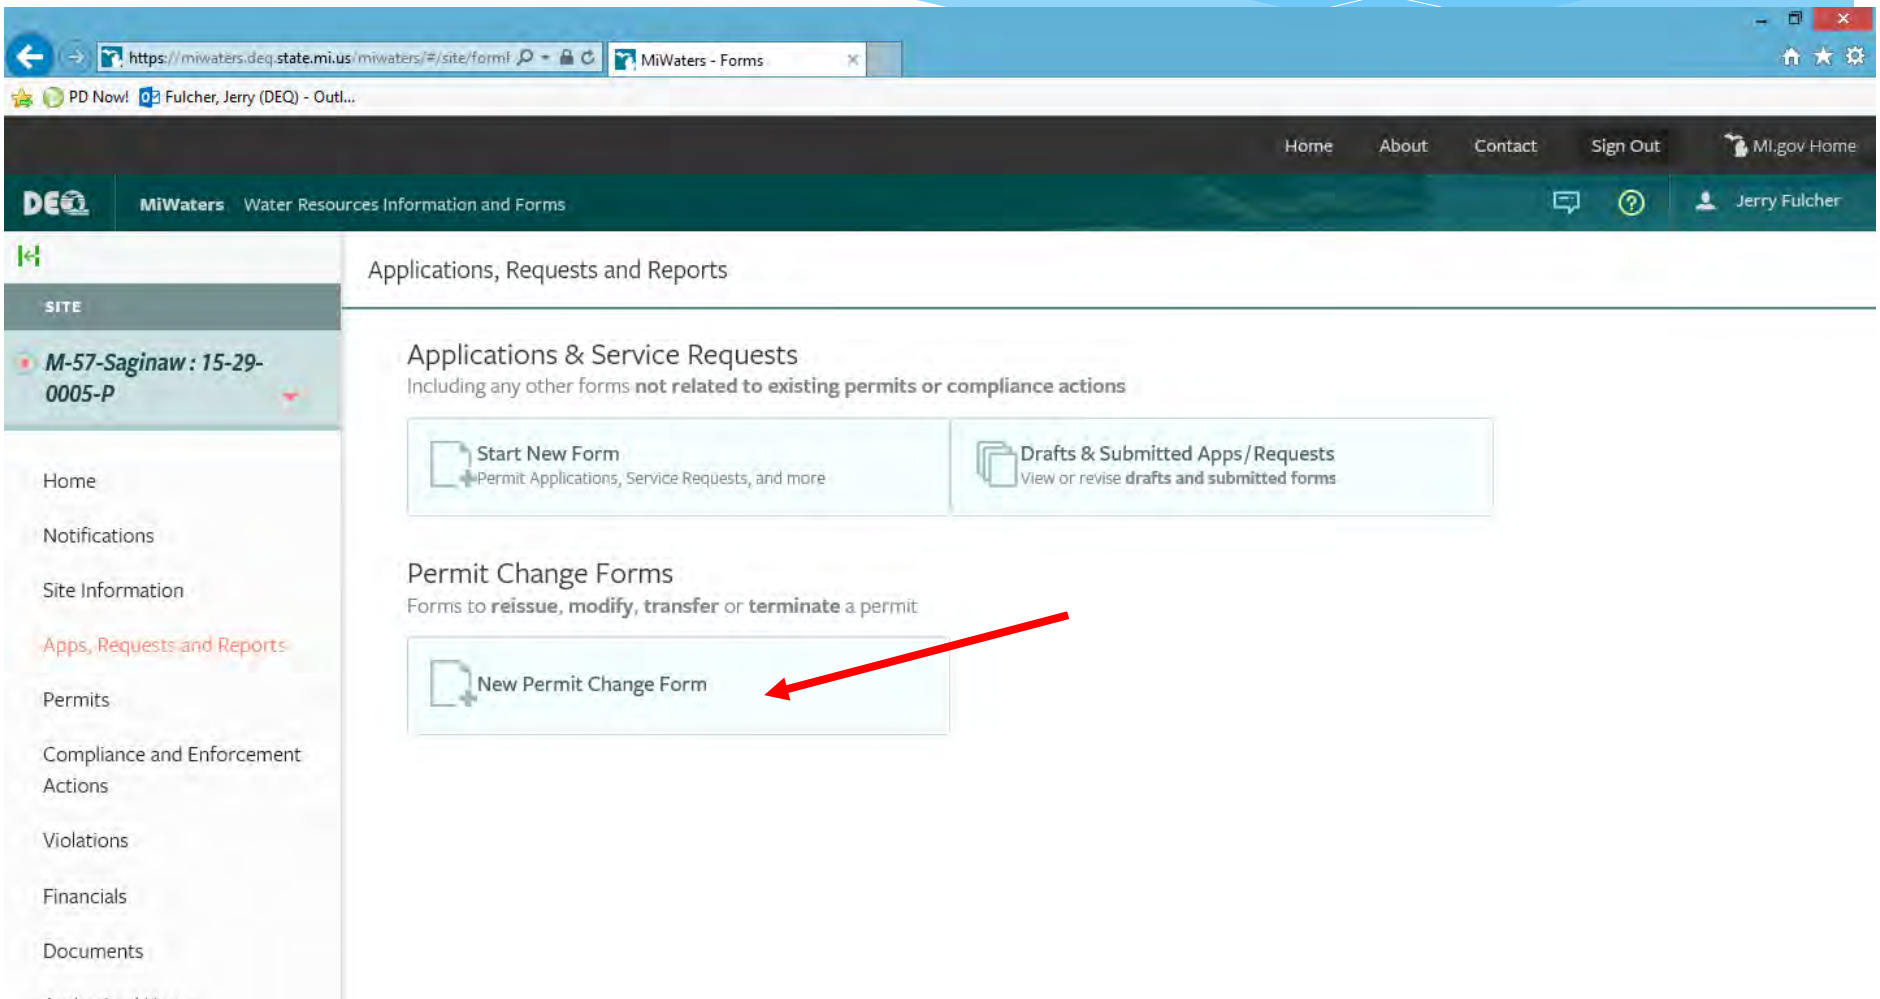
Submitting a Revision to an Existing Application- Click on Your Site



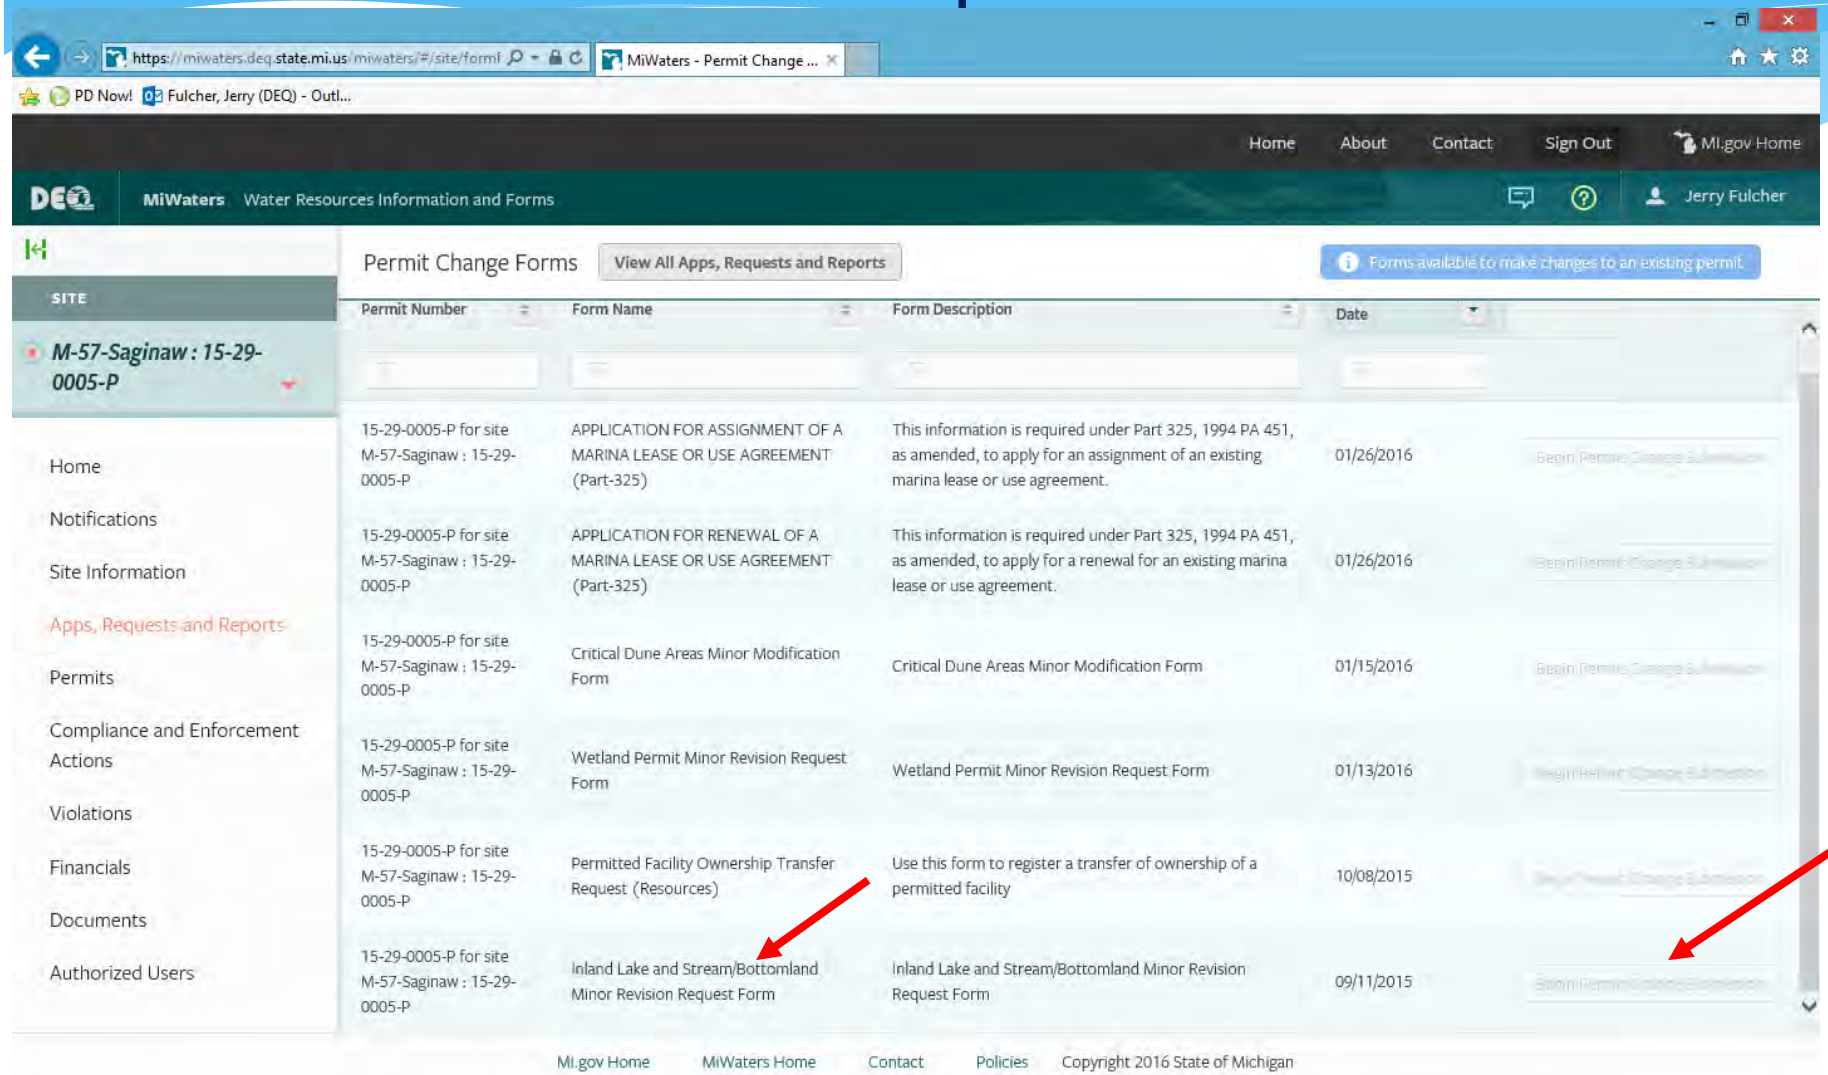
Submitting a Revision to an Existing Application- Click on Browsing



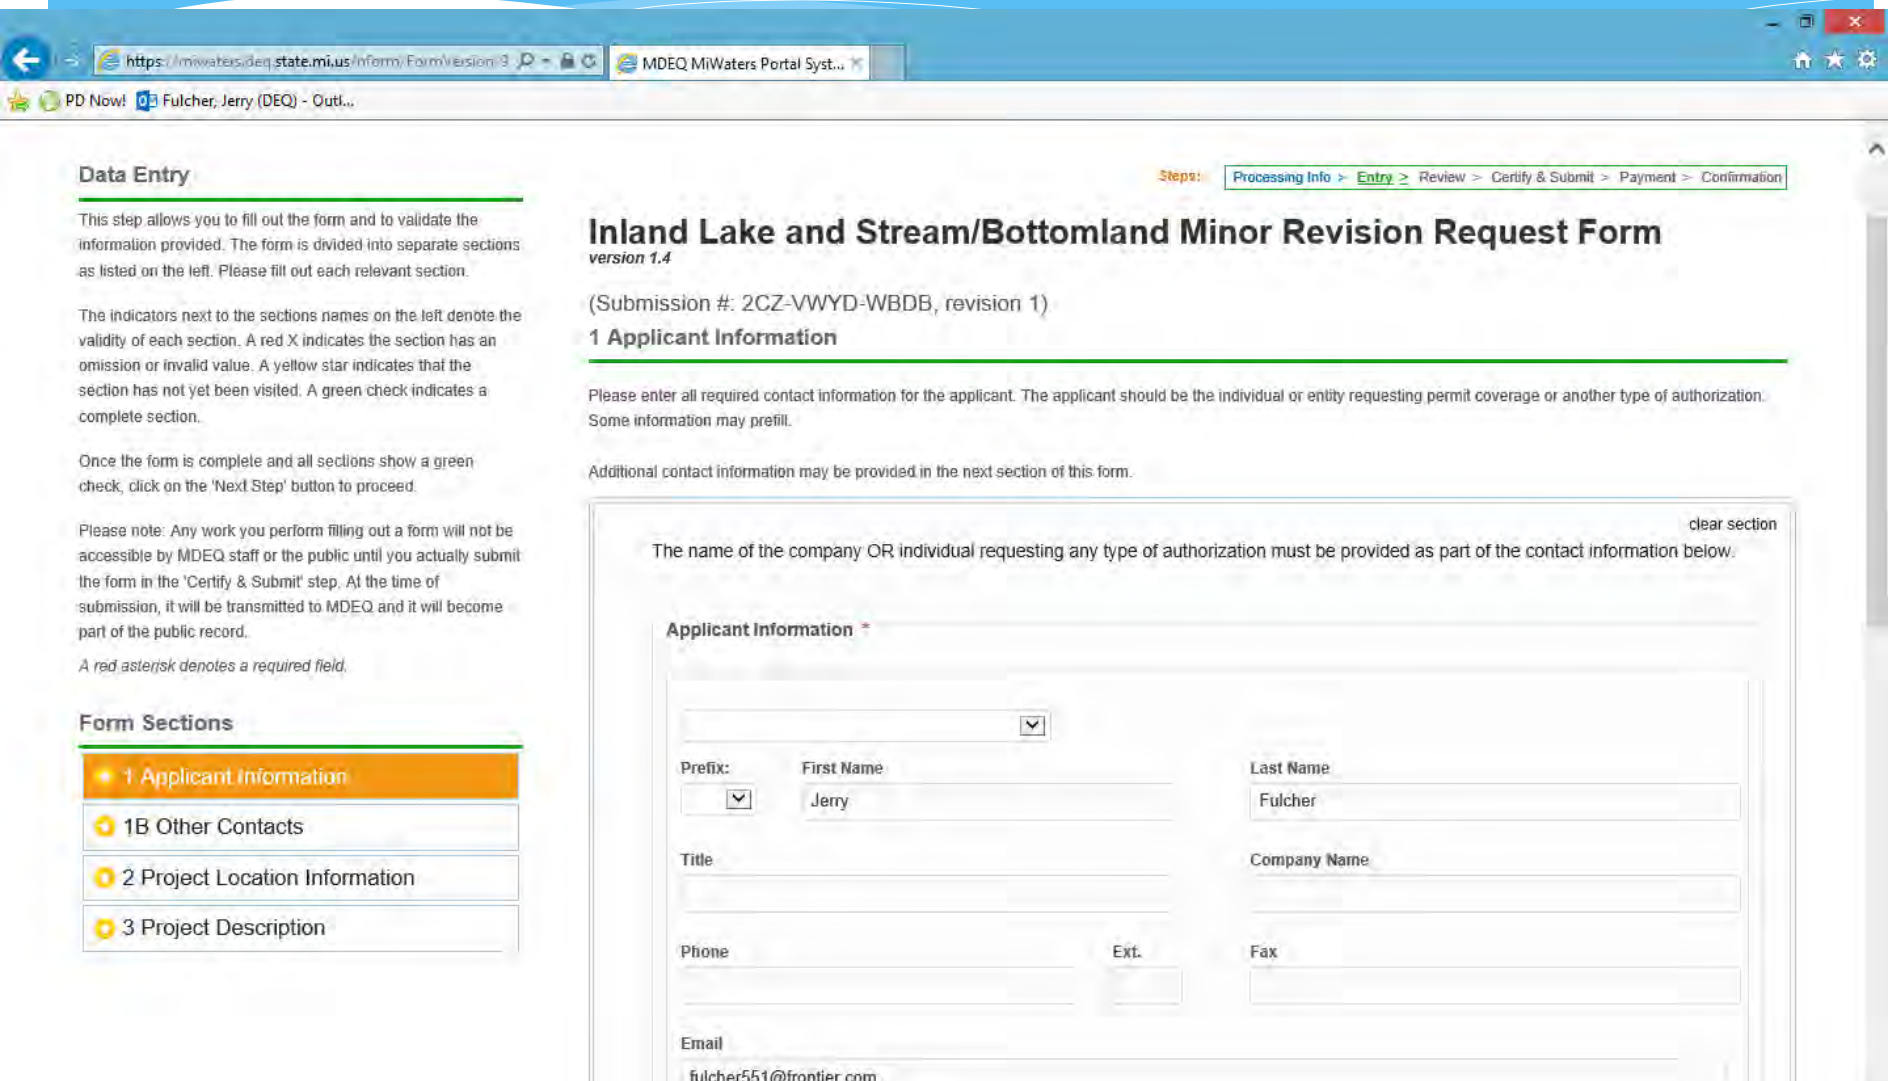
Submitting a Revision to an Existing Application- Click on New Permit Change Form



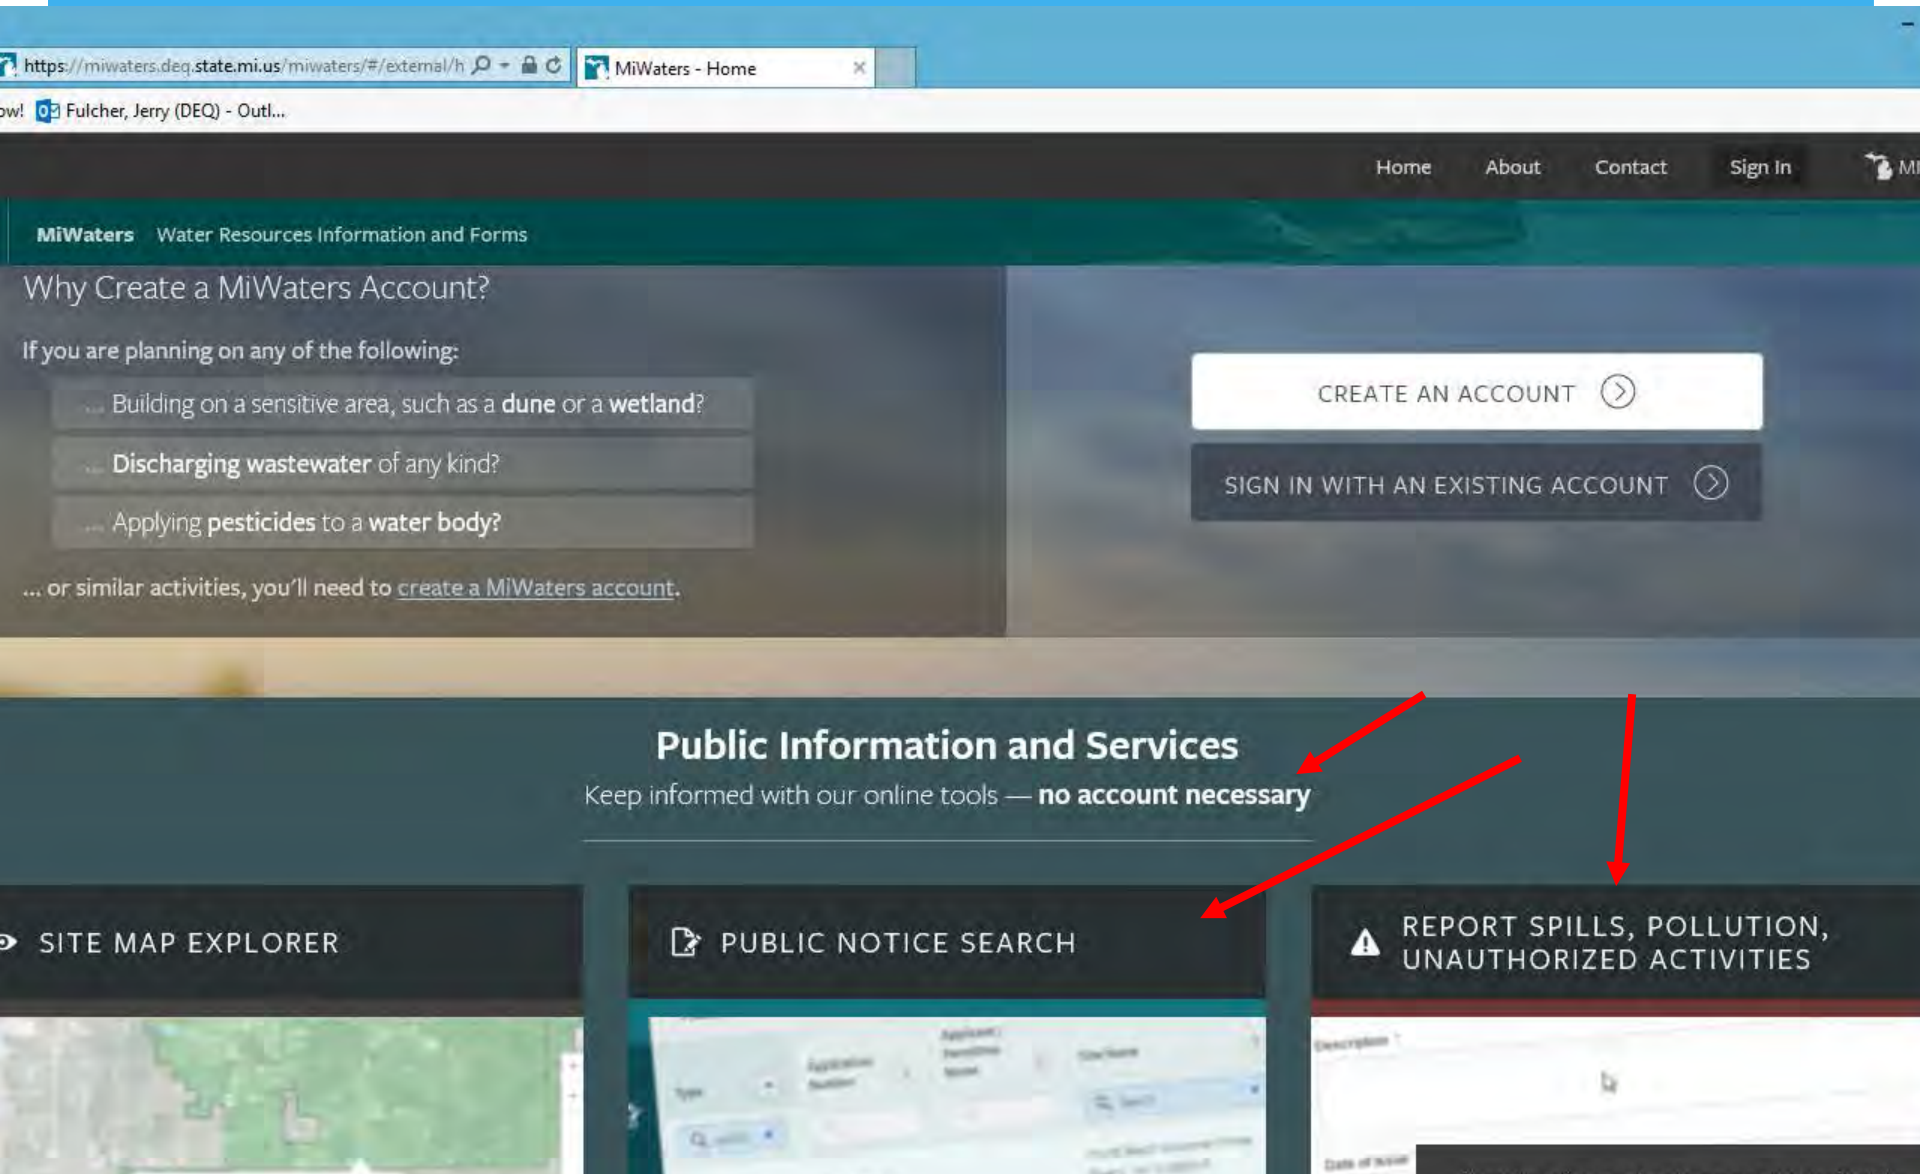
Click on Begin Permit Change Revision for the Inland Lake and Stream Minor Revision Request Form



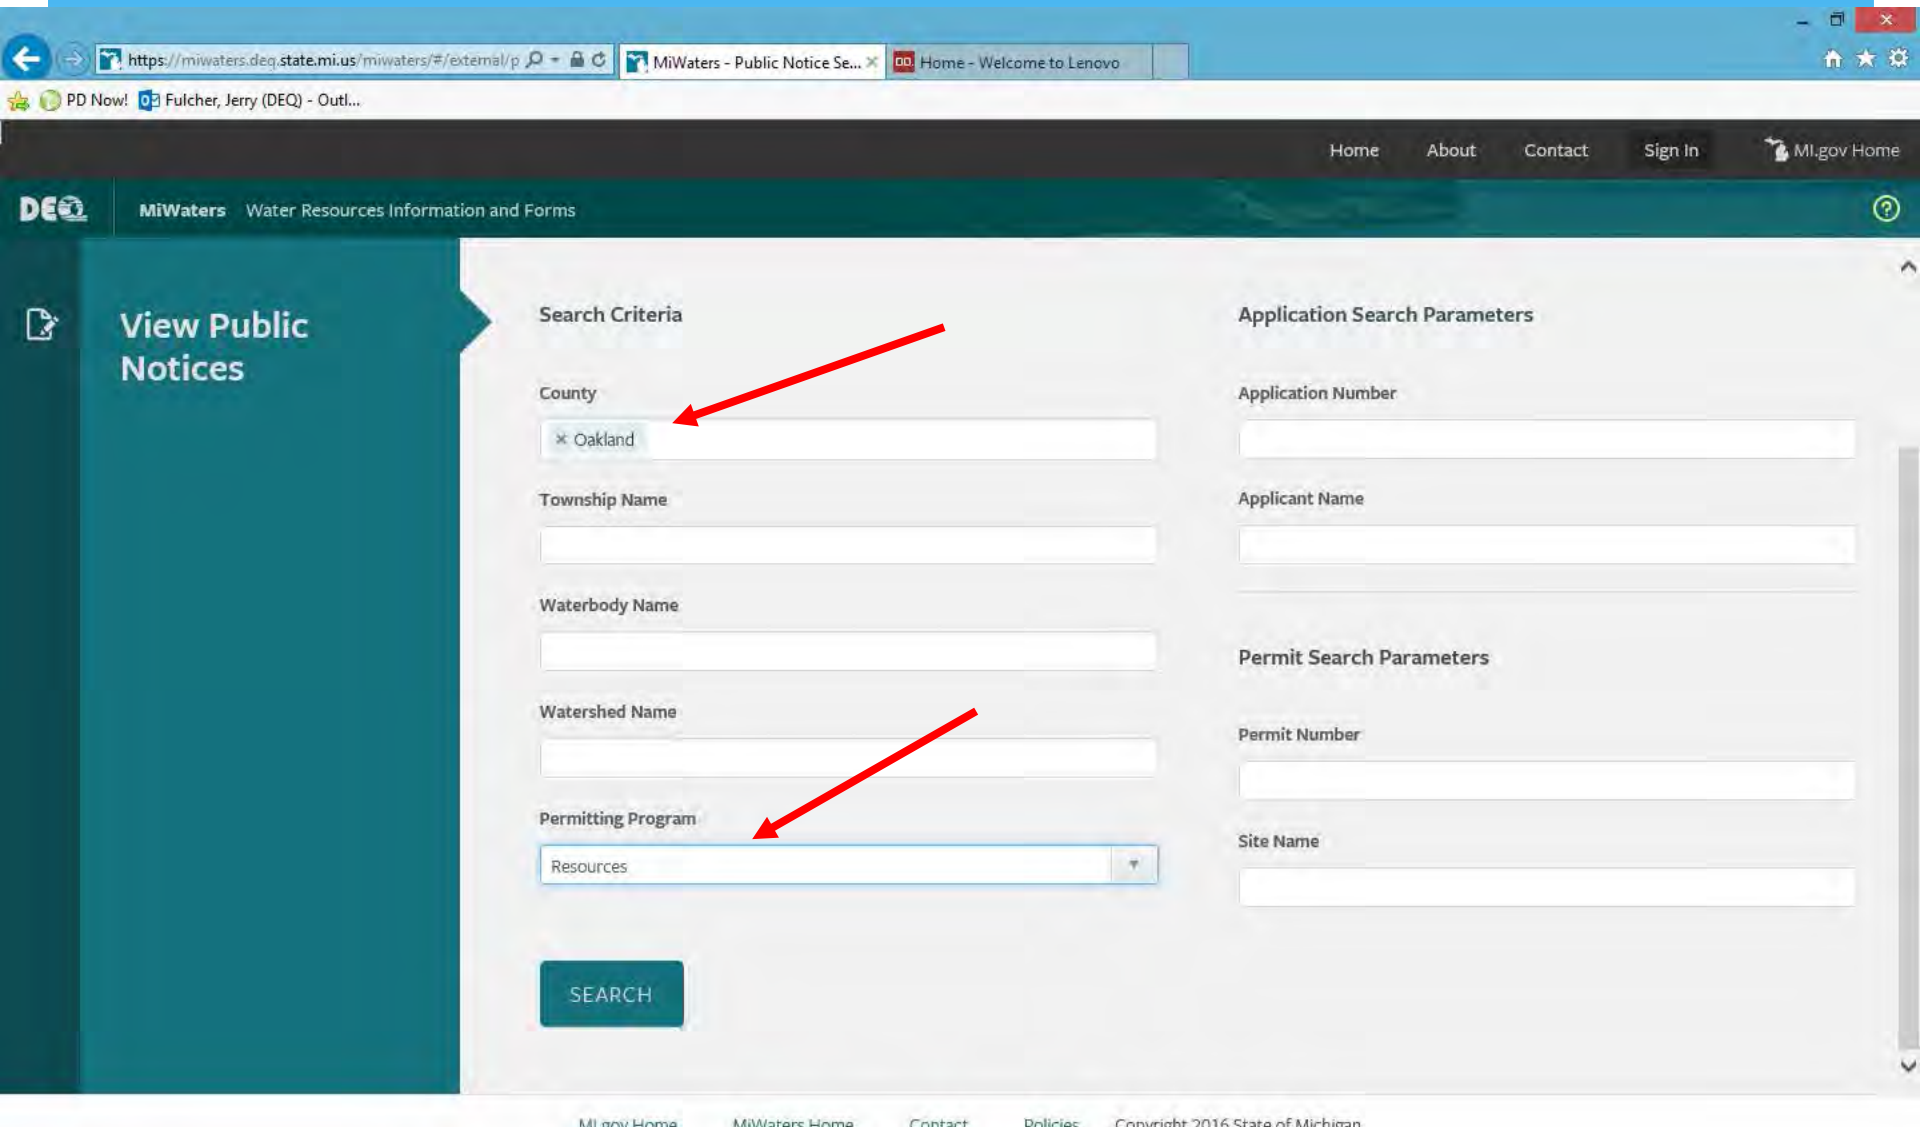
Revision Form has 4 sections to fill out



Search For Public Notices- File a Complaint



Narrow Your Search



Search For Public Notices
