The State Court Administrative Office (SCAO), Child Welfare Division, with the Child Welfare Services Foster Care Review Board, the Michigan Court Improvement Program, and the Michigan Department of Human Services (DHS) are pleased to present a regional, cross professional specialized training seminar entitled, "Keeping Them Connected: The Role of Parent-Child Visitation in Promoting Child Well-Being and Achieving Timely Permanency".

This training is designed for judges (state and tribal), referees, attorneys for children and families, DHS caseworkers (children's protective services and foster care workers) and other child welfare policy makers and professionals, as well as private agency workers. The training will highlight the need for reasonable efforts to protect, promote, and improve the connections between parents and their children in out-of-home placements and will explain that frequent parental involvement can ease a child's anxiety and reduce the impact of trauma caused by separation from the child's parent, and improve the child's overall well-being while in foster care.

The training will take place Thursday, November 8, 2012 at the Lexington Lansing Hotel, located at 925 South Creyts Road, Lansing, MI 48917.

There is no registration fee for this training. DHS employees may attend this training with approval from local office management. Registration is on a first come, first served basis. Due to space limitations, restrictions have been placed on the number of individuals per agency and discipline who may attend this training. Registration will not guarantee attendance. If you have not received a confirmation by November 1, 2012, contact Heather Leidi at (517) 373-5322 or by email at LeidiH@courts.mi.gov. See the announcement with this CSA CI for registration instructions.

DHS employees who fail to attend, arrive late, depart early, or attend only portions of this training session will not receive credit for this training. Local offices may be contacted and informed of employees failing to meet attendance expectations.

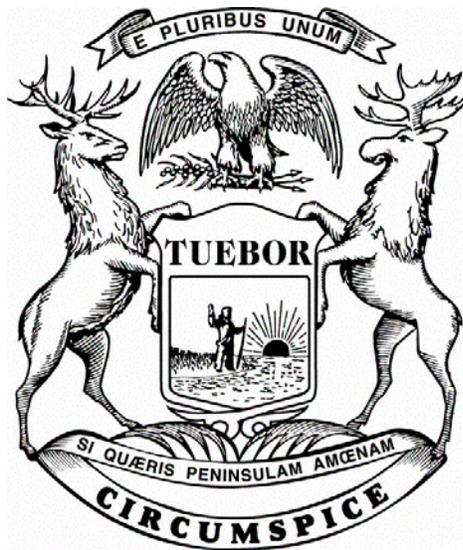

LOCAL OFFICES ARE RESPONSIBLE FOR ALL TRAVEL COSTS. DHS employees attending from the same community should car pool to reduce travel expenses. Employees traveling over 50 miles one way can request reimbursement for overnight accommodations (See the registration materials for more information on hotel accommodations).

For registration or any other questions, please contact Heather Leidi from SCAO at LeidiH@courts.mi.gov or (517) 373-5322.

**KEEPING THEM CONNECTED: THE ROLE OF
PARENT-CHILD VISITATION IN PROMOTING CHILD
WELL-BEING AND ACHIEVING TIMELY
PERMANENCY**

BACKGROUND AND PURPOSE

Studies have shown that parent-child visitation is an essential component for ensuring child well-being and achieving timely permanency for children served by Michigan’s child welfare system. Frequent parental involvement that is well planned, purposeful, and progressive eases a child’s anxiety, reduces the impact of trauma caused by separation from the child’s parent, and improves the child’s overall well-being while in foster care. Such visitation has been shown to shorten a child’s stay in foster care and increase the likelihood that safe and permanent reunification will occur. This multidisciplinary training designed for an audience of judges, attorneys, caseworkers, foster parents, and other child welfare professionals will illustrate the importance of maximizing parent-child contact. The training will also highlight the need for reasonable efforts to protect, promote, and improve the connections between parents and their children in out-of-home placements.
