The Modified Settlement Agreement (MSA) requires that 1,450 new, non-relative foster homes be licensed by June 30, 2013 and 2,200 adoptions be finalized by September 30, 2013. To assist in tracking progress towards meeting these goals, attached are county scorecards detailing monthly licensing and adoption performance benchmarks. These scorecards will be disseminated to both DHS and Placement Agency Foster Care (PAFC) directors by the middle of each month.

Foster Home Licensing

Based on the monthly licensing data provided by the Bureau of Children and Adult Licensing (BCAL), 125 new, non-relative foster homes were licensed in January 2013, 176 homes short of the monthly goals. To achieve the MSA mandate of 1,450 homes by June 30, 2013, DHS county directors, PAFCs, tribes, etc. are asked to increase all licensing efforts to meet their monthly non-relative licensing goals.

To ensure that the MSA non-relative foster home licensing goal is achieved, each county must meet their monthly non-relative foster home licensing goals.

Congratulations to Arenac/Gladwin, Baraga/Houghton/Keweenaw, Branch, Cass, Delta, Eaton, Huron/Tuscola, Livingston, Mason/Oceana, Midland, and Muskegon counties, which are achieving or exceeding their monthly non-relative foster home goals. Please continue the great efforts in recruiting and licensing foster and adoptive homes.

Adoptions

In FY2013, 77% of the number of children who are legally free for adoption and with the goal of adoption as of September 30, 2012 must have adoptions finalized by September 30, 2013. Based on an initial data pull, an estimated 2,200 adoptions must be completed by September 30, 2013 to meet the 77% goal. This interim target will be used to ensure that the excellent work continues until a formal target is determined in order to take into account data lags.

Based upon adoption data provided by the Department of Human Services Data Management Unit, the State of Michigan is currently 4 adoptions below monthly goals. To focus efforts on achieving the MSA mandate of finalizing 2,200 adoptions by September 30, 2013, DHS county directors and contracted adoption agency directors should meet to identify adoption barriers and develop strategies to overcome the barriers on all assigned adoption cases and to ensure timely entry of adoption finalization data on SWSS.

Relative Licensing Goals

The placement of children with appropriate relatives as out of home caregivers continues to be a priority of the Department. However, all unlicensed relative placements must have at least one of the following, depending on the length of time since a child's placement:

1. A completed and approved home study within 30 days of placement for initial placements; and prior to placement for replacements. Completion and approval dates both must be entered into SWSS.
2. If a relative is pursuing licensure but is not yet enrolled, the case file should contain a record of the referral date to the licensing worker and an up-to-date status of the licensing process. This information can be input into the licensing database and the referral date can be entered in SWSS.
3. If pursuing a waiver, a completed DHS-875 signed by the DHS county director. Completion and approval dates both must be entered into SWSS.

Data reporting on the number of placements with unlicensed relatives continues to be a challenge because many SWSS case records do not reflect an approved home study or waiver, and relatives are not enrolled to be licensed with BCAL. Local office management must use the regularly updated "relative placement" reports on the Child Welfare Field Operations SharePoint site to identify and monitor those cases that require additional data entry or action.

AFPRR Allocations

The purpose of AFPRR funds is to provide financial resources to counties to support and retain current foster and adoptive parents and to recruit new foster and adoptive parents. These funds need to be **used throughout the year** to meet the needs of current foster and adoptive parents, and to recruit foster/adoptive homes to meet the needs of children coming into care. Recruitment activities should focus on recruiting homes for teens, sibling groups, children with disabilities, and specific children waiting for adoption who do not have an identified family as well as to meet additional targeted needs as identified by the county. Currently, 92% of AFPRR funds allocated to the field remain unspent. A CSA memo will be provided in March answering frequently asked questions on how to use AFPRR funds to purchase items/services.

Examples of how AFPRR funds can be used to support counties in meeting their non-relative licensing goals:

- A recruitment contract with a current or closed foster/adoptive/kinship parent to plan and implement recruitment activities; respond to inquiries and follow-up with prospective foster/adoptive/kinship families; train PRIDE; plan and implement retention activities; organize and implement a support group and/or foster/adoptive/kinship parent mentoring program.
- Advertise in local newspapers, on billboards, with local radio and TV stations, movie theaters, etc. The Office of Communications is in the process of completing standardized brochures, posters, PSAs, advertisements, etc. for counties to use. Counties will be notified as soon as these items are available.
- Recruiting at local fairs, expos, and community events.
- Recruiting at faith communities.
- Recruiting at local places where families frequent, such as parks, zoos, movie theaters, sporting events.
- Expanding retention activities to include recruitment – asking foster/adoptive/kinship parents to bring interested families to retention activities.

A centrally administered contingency fund was created for counties to access once a county has used a majority or 80% of their allocated AFPRR funds. If a county needs additional AFPRR funds for recruitment activities to meet their non-relative licensing goal, please contact Nicole Leitch at LeitchN@michigan.gov. **All requests to use the contingency funds must come from a DHS County Office and be submitted no later than June 1st, 2013.**

Statewide Foster/Adoptive Parent Tracking Database

A statewide Foster/Adoptive Parent Database was developed and is accessible through the JJOLT system to assist all DHS offices and PAFC partners. The Foster/Adoptive Parent Database assists agencies in tracking follow-up efforts with all foster/adoptive and relative referrals for licensure. The Foster/Adoptive Parent Database also assists in tracking retention, recruitment, and foster/adoptive parent training efforts and activities. The data from this database is used to report licensing, recruitment, and retention activities to the monitors for the MSA. **To ensure the database provides accurate statewide data, it is mandatory that all DHS agencies and PAFC partners utilize the new database.**

Please Note: Because the number of days to licensure is calculated using the original application date in the system, any foster parent who was previously licensed, voluntarily closed, then became licensed again would show an exaggerated number of days to licensure. Fifty-one foster parents whose days to licensure was greater than 360 days fits into this category.
