Attached you will find a **revised** August Child Welfare Monitoring Tool. The tool was modified to reflect the following changes:

- CPS timeliness of commencement percentages, found in the BSC summary pages at the end of the report, have been corrected to match the CPS visit detail reports earlier in the document.
- In some areas, it was reported that the county had a zero percent compliance when in fact the field should have been left blank reflecting that no activity was required (ex. no children required an initial physical).

The instructions below are unchanged:

Foster care worker-child visit performance is only provided for the first month contacts because there is not a report currently available to monitor the additional visit requirements for subsequent month / change of placement events.

On the attached report, 0% indicates cases were eligible for an activity but compliance was 0%; blank fields or N/A indicates no cases were eligible for the activity during the report period. Some fields on the BSC summary reports were corrected to reflect the absence of cases (blank) rather than 0% performance.

This report format provides aggregate data for: July 2013 (July and June 2013 for Health Reports), "Last Quarter" (April 2013 – June 2013), and "Last Year (July 2012 – July 2013). Additionally, there is a "sparkline" which shows the performance trend from last year to the current month (July 2013).

Performance on strategic plan outcomes are provided by county and a roll up on all outcomes is provided by BSC.

Please note: Data for this report was pulled the first week in August. Any clean-up activities or additional data entry completed between the date the data was pulled and the day of this report issuance will not be reflected until the next report.

The purpose of providing quarterly and yearly data is to reflect performance from the significant data clean-up efforts currently under way.

OUTCOME 7: CASEWORKERS WILL ENSURE SAFETY AND WELLBEING OF CHILDREN. *Contact by the caseworker with children, parents, and caregivers ensure the opportunity for safety and risk assessments and case planning. Developing relationships, clarifying expectations, and preparing all case members for upcoming events such as court hearings, appointments, and transitions are critical to successful family engagement.*

Issued AUGUST 2013

OUTCOME 11: EVERY CHILD PLACED WILL RECEIVE APPROPRIATE HEALTH CARE SERVICES. Assurances of health care services are critical to improved health and well-being of children. Health care is even more critical for children in foster care because of the increased incidence of health conditions which require timely, thoroughly and coordinated medical assessment and treatment.
