

LEAD HAZARD RISK ASSESSMENT
Michigan Department of Human Services
Bureau of Children and Adult Licensing

FACILITY

Facility Name		Facility Phone Number	
Licensee Name		License Number	
Address		County	
City	State	Zip Code	

A lead hazard risk assessment must be completed of all child use areas, including any outdoor play areas, for a child care center built prior to 1978. For each room/area/wing inspected, indicate whether any lead hazards were found by indicating "yes" or "no." If lead hazards were found, the hazard must be addressed. Indicate "addressed" once a lead hazard has been satisfactorily addressed. If a lead hazard was found, list the hazards and how they were addressed.

Note: A lead hazard risk assessment determines the existence of current lead-based paint hazards and identifies options for reducing those hazards. For more information, go to http://michigan.gov/dhs/0,4562,7-124-5529_49572_53751-336885--,00.html.
