

Experimental Renewable Energy Exchange (EX-REX)

Statistics

EX-REX is operated by the Energy Office to provide a means for owners of small solar and wind electric systems to sell Renewable Energy Certificates (RECs). The Energy Office provides this service at no charge, but only for solar or wind energy systems 1-100 kW in size located in Michigan. A description of EX-REX can be found at www.michigan.gov/eorenew. An EX-REX represents one or more MWH (megawatt hour), e.g. 1.6 EX-REX.
