Agenda Item #3—Review Draft #11 Dated August 11, 2009

The committee had decided to meet one more time to address concerns that some of the advisory committees members had regarding Draft #11. These concerns focused on:

- Subrule (4)(b)(iii)(C)
- Subrule (6)(a)(i)(D)
- Appendix C

The committee reviewed the entire Draft #11 and made additional changes as noted in Draft #12.

This final draft (Draft #12, Dated September 10, 2009) was approved by all of committee members present. The committee members not present at the meeting will be contacted to see if they approve of the draft. The committee members were subsequently contacted and two additional committee members (DiPonio and Newsom) expressed their approval of the draft. The other five committee members did not reply.

Draft #12, therefore, will be presented to the Construction Safety Standards Commission at their next meeting. That meeting is scheduled for September 23 at the Operating Engineers Local 324, 275 E. Highland Road in Howell with a start time of 9:30 a.m.

Agenda Item #4—Adjournment

With no further business before the advisory committee, the meeting was adjourned.
