The October 27, 2010 OH Part 433 Personal Protective Equipment advisory committee meeting was called to order by Standards Program Manager Dan Dykstra. **Agenda Item #2. Commissions Instructions for Advisory Committees**

**Douglas Kalinowski, MIOSHA Director**

Mr. Kalinowski stated that MIOSHA recommended to the Occupational Health Standards Commission and the other 2 Commissions to amend the 3 Personal Protective Equipment standards to be consistent, improve clarity, update to most current ANSI standards and look at a couple of specific rules for improvement. It is possible for all 3 rules to apply to 1 person in 1 day. All three Commissions directed MIOSHA to set up advisory committees to review the rules with this intention.

**Agenda Item #3 Advisory Committee Standards Promulgation Pilot Project**

**Dan Dykstra, Standards Program Manager**

Dan explained that MIOSHA is initiating a new Standards Promulgation Pilot Project and the 3 PPE committees will be the project advisory committees. With the intention of assisting the advisory committees, MIOSHA staff have already done a comparison of the 3 PPE standards and have suggested language prepared for review. MIOSHA wants to make it very clear that the advisory committees are not to just approve this language but it is a starting point for discussion.
