

# MIOSHA Construction - Part 45 Fall Protection

## 1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance.

The MIOSHA Training Institute introduced a certification program, effective October 1, 2007. This course is a MTI Level One course. The certification program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certification program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

Attendees at this training will review the MIOSHA Part 45, Construction Safety Standard for Fall Protection including the latest OSHA and MIOSHA interpretations. Examination of recent fatal falls in construction and discussion of the latest fall protection techniques for construction will be covered. This class will also cover fall exposures for residential construction and MIOSHA fall protection criteria. Additionally there will be an explanation of the MIOSHA agency instruction for residential construction, a video on residential fall protection, and detailed instructions for builders, followed by a question and answer period.

### Agenda

*We offer a flexible program agenda to emphasize the construction topics you want most.*

- ▶ Short Introduction to MIOSHA
- ▶ Review the Scope and Table of Contents in Part 45
- ▶ Video
- ▶ Powerpoint with Part 45 Rules
- ▶ Show Fall Protection Equipment
- ▶ Questions & Answers
- ▶ Quiz

Required Class for  
Construction Level One  
MTI Certification

***This course has been approved for residential builders pre-licensure safety training requirements.***

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

# Facilitator

Bryan Renaud joined MIOSHA in 2003 as a Compliance Safety Officer in the Construction Safety and Health Division. There his duties included inspecting a variety of workplaces to evaluate their compliance with the Michigan Construction Safety Standards, and investigating accidents and fatalities. Bryan was promoted to Senior Safety Officer in 2006.

Prior to joining MIOSHA Bryan was a journeyman electrician with the International Brotherhood of Electrical Workers local 773 based in Windsor, Ontario, Canada. Bryan has construction experience ranging from heavy industrial projects to single family residential dwellings.

Bryan maintains electrical licenses recognized throughout Canada and the state of Michigan and is still in pursuit of an education degree at Oakland University. Bryan joined the Consultation Education and Training Division in 2009 and provides consultation and training services for workplaces in the Thumb and Southeastern counties of the Lower Peninsula.
