Q. The RFP states the location must be within the city limits of Charlevoix. Our shopping center is at 6570 N. M-66, which I believe is just south of the city limits. Would you consider this location?

Q. The current Sec. of State location is on the edge of Charlevoix Township, (which totally surrounds the City of Charlevoix) approximately 1/2 mile south of the City of Charlevoix's South border. The U.S. Post Office/ Kmart/Sears/Family Farm and Home/Ace Hardware and many other stores are also located there. Charlevoix's small unique layout has forced commercial expansion into Charlevoix Township as the City's borders are so confined.

I would appreciate a clarification on the current location, as it has served the county very well for the past 20 years.
