

State of Michigan
Administrative Guide to State Government

1810.14 Environmental Requirements

Issued: February 1, 2008
Revised: February 23, 2012

SUBJECT: Environmental Requirements.

APPLICATION: Executive Branch Departments and Sub-units.

PURPOSE: To assure that all projects are conducted in a manner that prevents impacts to public health or the environment and in accordance with environmental Law.

CONTACT AGENCY: Department of Environmental Quality (DEQ)
Office of Environmental Assistance

TELEPHONE: 800-662-9278

FAX: 517-241-0673

SUMMARY: Provisions of the Natural Resources and Environmental Protection Act, PA 451 of 1994, as amended, require environmental protection activities, including waste management and remediation, be conducted in a manner to protect the public health and the environment. The Office of Environmental Assistance consists of professionals from the air, land, remediation, waste and water programs who are ready to answer your questions on state and federal environmental regulations.

APPLICABLE FORMS: [Michigan Guide to Environmental, Health and Safety Regulations Facility-Assessment Survey](#)

PROCEDURES:

Review applicable sections of the Michigan Guide to Environmental, Health and Safety Regulations, which applicable to most operations conducted by Executive Branch Departments and Sub-units. This document can be used as a reference to assist in environmental regulatory procedures and information and its Facility-Assessment Survey can help identify applicable requirements. Follow-up questions and assistance can be obtained through the Office of Environmental Assistance.
