**Q. Hatherly Commons shopping center is located in Sterling Heights, on the north-west corner of the intersection of 15 Mile and Ryan Roads. Aside from the boundaries set forth in paragraph I.1 of the Request for Proposal, Hatherly Commons would likely be able to accommodate all of the other desired criteria and terms. Are the boundaries set forth in the RFP set in stone, and if not, is 15 Mile/Ryan an area that would be considered?**

**A. This property is outside the desired boundaries and would not be considered for this project. Thank you for your interest with the State of Michigan.**
