

RESOLUTION NO. 07-2007-01

CITIZENS COMMITTEE FOR MICHIGAN STATE PARKS

**COMBINE THE CITIZENS COMMITTEE FOR MICHIGAN STATE PARKS’
FEE/SHORT-TERM FINANCE AND LONG-TERM FINANCE SUBCOMMITTEES
INTO ONE “FINANCE SUBCOMMITTEE”**

ADOPTED JULY 25, 2007

WHEREAS, the Citizens Committee for Michigan State Parks has had two finance subcommittees, the Fee/Short-Term and Long-Term Finance subcommittees, for the past two years due to the need for rapid turnaround related to fees (short-term) to keep the state parks system solvent, while long-term focused on collaborative funding proposals involving Michigan state parks and many other entities;

WHEREAS, now that the short-term fee recommendations are in place through Natural Resources Commission action, and the need to integrate fees with long-term sustainable conservation funding strategies is becoming more evident;

THEREFORE, BE IT RESOLVED, that the Citizens Committee for Michigan State Parks recommends that the Fee/Short-Term and Long-Term Finance Subcommittees be combined into one, single “Finance Subcommittee.”
