

TAXIDERMY SPECIMEN LOG

Required under authority of Part 401, 1994 PA 451.

A person issued a taxidermy permit shall keep a record in addition to the specimen tag, of all animals and animal parts which are received or disposed. All records and plumage and skins in permittee's possession shall be available for inspection by the director, a designee of the director, or conservation officer. Records shall be retained on the premises for six years and include the following.
