MEMORANDUM TO THE DIRECTOR

Information: Natural Resources Commission

Subject: Order to Regulate Use, Reopen State Forest Campgrounds and Designate
Campgrounds for Equestrian Use
Land Use Order of the Director Amendment No. 4 of 2014 Revised

Authority:

The Natural Resources and Environmental Protection Act, 1994 PA 451, authorizes the Director to issue orders to implement land use rules.

Discussion and Background:

Forest Recreation programs were transferred to the Parks and Recreation Division. Since that transfer, staff has created efficiencies in making the state forest campground programs more revenue neutral. Currently, Parks and Recreation Division operate 133 campgrounds in state forests.

The purpose of this order is to reopen certain campgrounds on forest lands and designate additional campgrounds for equestrian use. Of the campgrounds that will be reopened, one will be open for boating access only (no camping), specifically the Little Brevoort South State Forest Campground in Mackinac County. Because this campground will only be open for boating access purposes, the recreation passport will not be required. By reopening these closed campgrounds, it is anticipated that a small profit will be generated or the revenue will be neutral.

Forks State Forest Campground, Grand Traverse County

This campground is currently closed. This order would reopen this campground. This campground, while small with only eight campsites, is very popular with paddle sports enthusiasts. The facility is an important link on the Boardman River water trail. There has been public pressure to reopen this campground. The rest stop is so critical that staff has allowed the local paddlers club to provide a portable restroom since the campground restroom is closed. The paddling club also pays for trash receptacles and helps maintain the connecting canoe launch facility. This campground is located near other rustic campgrounds and is on the maintenance/operation route of staff from the Keith J. Charters Traverse City State Park.

Big Oaks, Montmorency County

This campground is currently closed. This order would reopen this campground. Staff has been working with the equestrian community to find a campground in Montmorency County near or by local riding experiences. Clear Lake State Park is surrounded by Kirtland's warbler habitat and has run into several roadblocks in providing the desired riding experience. Big Oaks is surrounded by deciduous trees, oaks, maple, birch, beech, and a terrain with gently rolling hills.

Headquarters Lake State Forest Campground, Luce County

This campground is currently closed. This order would reopen this campground and designate the campground for equestrian use. This campground will provide an equestrian experience for the Newberry Trail system. It will also provide a camping and riding experience desirable to the equestrian community in the eastern Upper Peninsula.

Cedar River North State Forest Campground, Menominee County

This campground is currently open. This order would designate the campground for equestrian use. By designating this campground for equestrian use, it will allow for the proper use and occupancy of this site because it is currently used by equestrian campers.

Little Brevoort Lake South State Forest Campground, Mackinac County

This campground is currently closed. This order would reopen this site for boating access purposes only. This is due to the lake having a non-motorized policy and the location of the site will assist boaters and fisherman in utilizing the lake. Little Brevoort Lake is located west of St. Ignace. The site will be renamed "Little Brevoort South Boating Access Site."

Little Brevoort Lake North State Forest Campground, Mackinac County

This campground is currently open. This order would designate the campground for equestrian use. Little Brevoort Lake is located west of St. Ignace and has the potential to provide a southern camping link with the equestrian trails to the Newberry region. By designating this campground for equestrian use, it will provide a trailhead as well as equestrian campsites.

The Michigan State Parks Advisory Committee supported reopening or redesignating all of the above-mentioned state forest campgrounds. However, a question was raised regarding the natural area designation for the Little Brevoort Lake North state forest campground. Staff researched the natural area designation and identified that the Little Brevoort North state forest campground, boat launch and trail predated the designation as a natural area and, therefore, were grandfathered in. It was the intent to exclude these amenities from the designated natural area but the land description for the natural area includes these amenities. Staff from both the Wildlife and Forest Management Divisions managed the lands for nearly thirty years, with the understanding that the campground, boat launch and trail were excluded from the natural area designation.

February 18, 2014

Therefore, we recommend that the facilities at Little Brevoort Lake North state forest campground be designated as a rustic campground, effective for the 2014 camping season, and allow equestrian camping/use. We further recommend that steps be taken to correct the land boundaries for the designated natural area. This recommendation has been shared with the Michigan State Parks Advisory Committee and they are in agreement to proceed as recommended.

Recommendation:

It is recommended that these sites be reopened for the recreational purposes as described. This order was submitted for information on February 13, 2014, and the Michigan State Parks Advisory Committee passed a resolution in support at their meeting also held February 13, 2014. This item appeared on the Department's February 2014 calendar and may be eligible for approval on March 13, 2014.
