MEMORANDUM TO THE DIRECTOR

INFORMATION: Natural Resources Commission

SUBJECT: Order to confirm regulating the restriction of snowmobiles to designated trail use in the Porcupine Mountains Wilderness State Park, Ontonagon and Gogebic Counties
Land Use Order of the Director Amendment No. 14 of 2008

Authority:

The Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, authorizes the Director to issue orders to implement land use rules.

Discussion and Background:

The proposed Land Use Order of the Director will confirm the restriction of snowmobiles to designated trails only in the Porcupine Mountains Wilderness State Park. This is not a new regulation of snowmobile use in the park. Establishing this proposed order will enable added enforcement of snowmobile use in the Porcupine Mountains Wilderness State Park by commissioned state park officers and assist Conservation Officers by providing the option to enforce a violation as a civil infraction. Snowmobilers who stray from designated trails in the dedicated wilderness area are currently in violation of a misdemeanor offense. Anyone convicted of this offense would have a misdemeanor on their record. As a Director's Order, the violation could be written as a civil infraction and avoid generating a criminal record for the violator.

Currently, commissioned park officers cannot cite for violations of the Natural Resources and Environmental Protection Act, Act 451 of 1994, for those aspects involving designated wilderness areas. Act 451 prohibits operation of motorized equipment in designated wilderness areas. Therefore, when park officers observe a violation of these provisions, they must contact a Conservation Officer for enforcement action.

Snowmobilers are now being observed (in increasing numbers) venturing off designated snowmobile trails in the Porcupine Mountains Wilderness State Park and onto hiking trails, cross-country ski trails, and downhill ski runs. This may be due, in part, to increasingly high-performance and long-track snowmobiles, and winters of diminished snowfall. Additionally, snowmobilers in search of hill-climbing opportunities are traveling into remote areas in pursuit of steep slopes to climb.

The high-value natural resources of Porcupine Mountains Wilderness State Park have been impacted by unrestrained snowmobile use. Vegetation has been damaged, rocks have been

scarred by carbide track studs, and bridges and boardwalks damaged. Additionally, visitors have reported unauthorized snowmobile travel on cross-country and alpine ski trails, causing damage to groomed trails and hazardous conditions for skiers.

Lands open to snowmobiles in Porcupine Wilderness State Park are designated and posted accordingly. This order would prohibit snowmobile travel within the park except on Department-designated snowmobile trails; on public rights-of-way lying south of the South Boundary Road in T50N, R44W, Carp Lake township, Ontonagon county; on public rights-of-way lying south of South Boundary Road in T50N, R45W, Wakefield township, Gogebic county; and on the public right-of-way in the S ½ of section 30, T50N, R45W. Persons exempt from the order would be Department employees acting in the line of duty, and persons performing specific acts or conducting activity authorized by written permission from the park manager or designated representative.

Parks and Recreation staff coordinated with the Forest, Mineral and Fire Management Division's snowmobile program staff regarding this land use order. Also, the manager at Porcupine Mountains Wilderness State Park contacted the Gogebic Range Snowmobile Club, the North Country Snowmobile Club, and the President of the Michigan Snowmobile Association to explain the proposed order and they were all supportive.

Proposal:

The proposed order will confirm the existing prohibition of snowmobile use off the designated and posted routes in the Porcupine Mountains Wilderness State Park, and provide commissioned park officers the authority to cite for snowmobile operation off of designated snowmobile routes in Porcupine Wilderness State Park. This Order will enable Department staff to protect sensitive ecosystems, stewardship initiatives, and enhance the Department's ability to enforce existing statute which bans snowmobiles from the designated wilderness area.

The proposed order does not reduce the existing, legitimate snowmobile riding opportunities available in Porcupine Mountains Wilderness State Park.

Recommendation:

This order was submitted for information and consideration at the November 6, 2008 Natural Resources Commission meeting. This item appeared on the Department's October 27, 2008 calendar and is eligible for approval on December 4, 2008. We are recommending that this order be acted upon at this meeting.
