STATE OF MICHIGAN
DEPARTMENT OF NATURAL RESOURCES
LANSING

REBECCA A. HUMPHRIES
DIRECTOR

March 10, 2008

TO: Rebecca A. Humphries, Director

INFORMATION: Natural Resources Commission

SUBJECT: Phase II Land Review
Recommendations for Lake County

This memo presents the completed review of parcels outside the Department of Natural Resources (DNR) project boundaries in Lake County.

The review was conducted by staff from all DNR divisions in line with the procedure adopted by the DNR for this process. Review of all parcels was completed by the EcoUnit Teams and the Department of Environmental Quality, Natural Heritage Program, and History, Arts, and Libraries. A public meeting was held on April 12, 2007, in Cadillac, Michigan, and the comments received at the meeting were considered in the recommendations discussed by the Land Exchange Review Committee (LERC).

Attached is a listing of the recommendations for each parcel. The recommendations are summarized below.

LAKE COUNTY
SUMMARY OF PHASE II RECOMMENDATIONS FOR THE NRC

CLASSIFICATION OF PARCELS	# of Parcels in Phase II	# of Acreage Parcels	Total Acreage	# of Platted Parcels

Lake County was originally reviewed by the Natural Resources Commission (NRC) and the DNR Director at the June 2007 meeting. At that time, the Director approved of the recommendations for the "Retain" parcels and the "Dispose" parcels. However, the decision on the "Offer" parcels was deferred for additional consideration. All of the parcels proposed for offering to ACO were recommended to be offered to the United States Forest Service (USFS) only, and through land exchange only. These parcels included all of the DNR-managed boat access sites on the Pere Marquette River, as well as other DNR ownership on the river. This recommendation was made in order to facilitate unified management of the river. The Director asked that deed restrictions be developed that would encumber the parcels in this classification in order to ensure continued use of the sites by the public.

The DNR has since reviewed the USFS management plan for the Pere Marquette River. The plan, in its current form, does not address some of the management goals and priorities of the DNR for providing public access to the river. Therefore, it is now recommended that all parcels that were originally classified as "Offer" be changed to "Retain" and that the DNR continue to manage the current access sites on the Pere Marquette River. As a result of this evaluation, there are no parcels designated as Classification "2" in Lake County. All parcels designated as Classification "3" have been reviewed for possible restrictions due to fund source or deed conditions that may affect conveyance.

The Land Review Team that was convened to coordinate the Phase II process reviewed the field staff recommendations. The team then recommended that the proposed designation for these parcels be approved by the LERC.

Following DNR procedure, the LERC reviewed the list on February 28, 2008, and recommended approval. If the recommendations are approved by the Director, Grants Management and/or the land administering division will obtain any other approvals needed for conveyance from appropriate State or Federal Agencies.

The review of this county did not include parcels in Yates Township, which were withheld from the process at this time due to potential economic development interest in the Idlewild area.

State Project Boundaries. In 2004, the DNR reviewed and adopted revised project boundaries based on Phase I of the DNR's Land Consolidation Project.

Recommendations:

(1) That the Director approve the list as presented.

(2) That the parcels designated as Classification "1" be retained, and that the identified land administering division be formally designated as the division to manage the parcel.

(3) That parcels designated as Classification "3" be disposed of by exchange, sale, or transfer, according to the steps outlined in the DNR Land Consolidation Project. Before being offered to the general public, all parcels will be offered first to government entities and then to private conservation entities.

(4) That, unless specifically required by law dictating where sale proceeds are to be deposited, the proceeds from any sale be deposited into the Land Exchange Facilitation Fund and used to acquire replacement land.
