

## Michigan Invasive Species Grant Program Pre-proposal Applications 2015

Pre-proposals selected for full application process			
1	Lake St. Clair Collaborative Invasive Species Control	Lisa Brush	The Stewardship Network
2	Southern Gateway CISMA Foundation, Education and Invasive Species Eradication	Kathy Worst	Branch County Conservation District
3	Mid-Michigan Cooperative Invasive Species Management Project	Michelle Beloskur	Ingham Conservation District
4	<i>Habitat Matters: Targeting Source Populations</i>	Katie Grzesiak	Grand Traverse Conservation District
5	Battling Invasive Species-Training and Deploying a US Veteran Invasive Species Corps	Thomas Smith	Michigan State University
6	Western Peninsula Invasive Coalition Multifaceted Invasive Management Project	Jen Ricker	Iron Conservation District
7	Establishing and Implementing a Sustainable CISMA in Oakland County MI	Lisa Brush	Stewardship Network
8	SW x SW Corner CISMA Tackles Invasive Species: Education to Eradication	AJ Brucks	Van Buren Conservation District
9	Formation of the Barry, Calhoun, & Kalamazoo Counties (BCK) CISMA	Sarah Reding	Kalamazoo Nature Center
10	Innovative and integrated Biopesticide control of Eurasian Watermilfoil and Hydrilla	Mark Clymer	Les Cheneaux Watershed Council
11	Novel approaches to European frogbit detection and management	Shane Lishawa	Loyola University of Chicago
12	Species Swap: integrated native plant niche suppression, cultural engagement and biocontrol	Jordan Devries	Mason-Lake Conservation District/North Central CISMA
13	Control Eurasian Watermilfoil Utilizing Students to Cultivate Biological Control Agents	Chris Otto	National Park Service
14	Developing an Effective Lethal Control Strategy for Feral Swine in Michigan	Anthony Duffiney	USDA Wildlife Services
15	Slowing and Preventing Oak Wilt	Susan Spencer	Manistee Conservation District
16	Multimedia/multiage education by a public Aquarium to prevent new invaders	Jeffrey Ram	Wayne State University
17	RIPPLE: Statewide Education about Invasives in Aquarium and Pond Trade	Jo Lattimore	Michigan State University
18	Education and Outreach for the Nursery and Landscape Industry, Natural Shoreline Professionals, Gardeners and the General Public	Amy Frankmann	Michigan Nursery and Landscape Organization
19	Pathways of Spread	Vicki Sawicki	Wexford Conservation District/North Country CISMA
20	Showcasing and Advancing Progress against Great Lakes Aquatic Invasions	Erika Jensen	Great Lakes Commission
21	Michigan Invasive Species Communications, Education, Prevention and EDRR Task Force	Lori Phalen	Michigan Association of Conservation Districts
22	Reduce Oak Wilt with Collaborative Education	Annie Kruse	Arboriculture Society of Michigan
23	Upper Peninsula Phragmites Coalition	Darcy Rutkowski	Upper Peninsula Resource Conservation and Development
24	Restoration of Inner Saginaw Bay Coastal Ecosystems and Community Socio-Cultural Connections through Phragmites Treatment, Control, and Sustainable Long-Term Eradication	Laura Ogar	Bay County
25	Comprehensive Invasive Phragmites Management Planning	Laura Bourgeau-Chavez	Michigan Tech University
26	Distribution and management of starry stonewort in southern Michigan	Daniel Hayes	Michigan State University
27	Modeling Ballast Water Management Strategies to Slow Invasive Species Spread	Jonathan Bossenbroek	University of Toledo
28	New aquatic herbicide technology for control of invasive aquatic plants	Michael Netherland	US Army Corps of Engineers
29	GLDIATR 2.0: Advancing Tools to Prevent Internet Trade of AIS	Erika Jensen	Great Lakes Commission
30	Controlling the Spread of Invasive Insects through an Improved Firewood Supply Chain in Michigan	Pascal Nzokou	Michigan State University

## Pre-proposals not selected for full application process

1	Invasive Species Management throughout the Upper Peninsula: A Collaborative Approach	Carl Lindquist	Superior Watershed Partnership
2	Recreational Boating: Controlling Spread and Establishment of Aquatic Invasive Species	W. Charles Kerfoot	Michigan Tech University
3	Aquatic invasive gastropods and crayfish in Michigan rivers and lakes	Mark Pyron	Ball State University
4	Aiding Coastal Wetland Restoration Through Removal of Invasive Species	Jennifer Muladore	Huron Pines
5	Northeast Michigan invasive species outreach, education, and eradication project	Ralph Stedman	Presque Isle Conservation District
6	Restorative Approach to AIS Management (Phase II): Evaluation of Seasonal Timing and Integrative Management Approaches - Chicaugon Lake	Joe Shubat	Chicaugon Lake Property Owners Association
7	Inland Water Route Ecosystem Protection via Aquatic Invasive Species Control	Kevin Lee Kronk	Tip of the Mitt Watershed Council
8	Anishnaabek tribal member harvesting of hybrid cattail and invasive Phragmites	Nicholas Reo	Dartmouth College
9	Evaluating effects of biological control and SLAM management on EAB	Andrew Storer	Michigan Tech University
10	Unraveling Knotweed in the Keeweenaw	Singrid Resh	Michigan Tech University
11	Birmingham High Priority Invasive Species Management and Comprehensive Monitoring Plan Development	Carrie Laird	Birmingham Dept. of Public Services
12	Mackinac Island Norway Maple Removal Project	Robin Dorman	Mackinac Island Community Foundation
13	Mapping and Treating Oriental Bittersweet	Lori Halberda	Binder Park Zoological Society, Inc.
14	Mid-Michigan Oak Wilt Management Project	Kylee Berger	Clare Conservation District
15	EMBIO: Educating Michigan about BIOsecurity through ALB modules for K-12	Yvette Dickinson	Michigan Tech University
16	Marquette County Conservation District Invasive Species Prevention and Monitoring	Matt Watkeys	Marquette County Conservation District
17	Enhancing volunteer stream monitoring for early detection of AIS	Donna Kashian	Wayne State University
18	Project NATivE: Northeast Alliance Targeting InvasivE Exotics	Jennifer Muladore	Huron Pines
19	Linking Research, Management, and Education for Priority Aquatic Invasive Species: A Symposium Series for Phragmites, Dreissenid Mussels and Hydrilla	Heather Braun	Great Lakes Commission
20	Spatial Data and Tools for Invasive Species Management in Michigan	Liza Jenkins	Michigan Tech University
21	Parks Alive Leaders and Junior Foresters: Engaging urban residents and youth in the prevention, detection, and eradication of exotic invasive species	Margaret Studer	Friends of Grand Rapids Parks
22	Charity Islands Phragmites Treatment Project	Brad Jensen	Huron Pines
23	Modeling spread of aquatic invasive species in the Great Lakes	Dmitry Beletsky	University of Michigan
24	Controlling Dreissenid Mussel Stimulation of Nuisance Growth of <i>Cladophora</i>	Martin Auer	Michigan Tech University
25	Mobile Contingency Ballast Treatment System Deployment	Fred Eyer	Izaak Walton League of America
