REBECCA A. HUMPHRIES
DIRECTOR

October 15, 2007

TO: Rebecca A. Humphries, Director

INFORMATION: Natural Resources Commission

SUBJECT: Phase II Land Review and Boundary Adjustments
Recommendations for Jackson County

This memo presents the completed review of parcels outside the Department of Natural Resources (DNR) project boundaries in Jackson County.

The review was conducted by staff from all DNR divisions in line with the procedure adopted by the DNR for this process. Review of all parcels was completed by the EcoUnit Teams and the Department of Environmental Quality, Natural Heritage Program, and History, Arts, and Libraries. A public meeting was held on September 5, 2007, in Mason, Michigan, and the comments received at the meeting were considered in the recommendations discussed by the Land Exchange Review Committee (LERC).

Attached is a listing of the recommendations for each parcel. The recommendations are summarized below.

JACKSON COUNTY
SUMMARY OF PHASE II RECOMMENDATIONS FOR THE NRC

CLASSIFICATION OF PARCELS	# of Parcels in Phase II	# of Acreage Parcels	Total Acreage	# of Platted Parcels

NATURAL RESOURCES COMMISSION

All parcels designated as Classification "2" and "3" have been reviewed for possible restrictions due to fund source or deed conditions that may affect conveyance.

The Land Review Team that was convened to coordinate the Phase II process reviewed the field staff recommendations. The team then recommended that the proposed designation for these parcels be approved by the LERC.

Following DNR procedure, the LERC reviewed the list on September 27, 2007, and recommended approval. If the recommendations are approved by the Director, Grants Management and/or the land administering division will obtain any other approvals needed for conveyance from appropriate State or Federal Agencies.

State Project Boundaries. In 2004, the DNR reviewed and adopted revised project boundaries based on Phase I of the DNR's Land Consolidation Project.

As a result of the Phase II land review and related property ownership investigation, staff recommends changes to the dedicated project boundary as shown on the attached map(s).

Recommendations:

(1) That the Director approve the list as presented.

(2) That the parcels classified as "1" be retained, and that the identified land administering division be formally designated as the division to manage the parcel.

(3) That the parcels designated as Classification "2" be offered to Alternate Conservation Owners (ACO) only. If the ACO is not interested in these parcels, the parcels will be retained.

(4) That parcels designated as Classification "3" be disposed of by exchange, sale, or transfer, according to the steps outlined in the DNR Land Consolidation Project. Before being offered to the general public, all parcels will be offered first to government entities and then to private conservation entities.

(5) That, unless specifically required by law dictating where sale proceeds are to be deposited, the proceeds from any sale be deposited into the Land Exchange Facilitation Fund and used to acquire replacement land.

(6) That the project boundary adjustment proposed for this county be adopted.

Attachment: Report of recommended parcel classification.
