DIRECTOR

SUBMITTED: March 9, 2009
RESUBMITTED: April 6, 2009

MEMORANDUM TO THE DIRECTOR

INFORMATION: Natural Resources Commission
SUBJECT: Order to Regulate Use, Chapter II - Public Access Sites and Harbors
Land Use Order of the Director Amendment No. 3 of 2009

Authority:

The Natural Resources and Environmental Protection Act (NREPA), 1994 PA 451, as amended, authorizes the Director to issue orders to implement land use rules.

Discussion and Background:

In accordance with PA 451 of 1994, the Department has the ability to promulgate rules on Department lands. This allows for the Department to enact site specific regulations, which are necessary to address certain behaviors and activities at specific sites. Public Act 451 of 1994 also allows the Department to charge fees at access sites to offset staffing costs for control purposes.

The Department manages over 1,300 public access sites, containing over 1,000 boating access sites and 17 harbors. Many of these locations are outside of existing state parks or forest campground boundaries. There are nearly 1 million registered boats in Michigan. Ninety percent of these boats are trailerable and utilize a significant number of Department launches each season. This does not include the considerable amount of non-motorized watercraft not covered under the current requirements for registration under PA 451 of 1994.

State harbors and user-fee access sites provide approximately \$2 million in gross revenue annually. The facilities also provide important destination points for tourism. Neighboring states, along with Michigan residents, contribute nearly \$1 billion towards Michigan's economy for recreational boating. Recent reports by the U.S. Army Corps of Engineers estimates recreational boaters spend \$2.36 billion annually on boating trips throughout the Great Lakes basin.

With this large number of sites comes many variables, and site-specific regulations are necessary to address certain behaviors and activities at those particular sites. There have been a considerable number of changes in public use of access sites since the inception of and prior to NREPA in 1994. Many of these locations have not handled fees in many years, while other locations have had considerable amount of use, requiring staff to address issues of congestion without a fee schedule to offset these costs.

Due to the importance of these sites to the Department and Michigan's tourism and economy, Department staff determined it was necessary to review the language in Chapter II - Public Access Sites and Harbors, Land Use Orders of the Director (Orders), to insure the current rules are applicable, identify gaps for enforcement at locations not covered by existing rules, and to begin a periodic review process of this chapter.

Additionally, Department Administrative Rules have been modified which now make certain Land Use Orders of the Director redundant. In some locations, the specific Orders are no longer necessary because the site management issues have been addressed and are no longer considered a problem. Other access sites and harbors have been added to the system or have an increased need to address specific activities, requiring amendment to the current Orders. It was considered the best course of action to review and modify the entire chapter so that Orders are valid and current to ensure public safety.

Historically, Land Use Orders of the Director have been reviewed on an individual basis. This "housekeeping" was considered an excellent opportunity to begin a periodic review of this chapter, especially with the addition of new access sites and harbors. Many of the changes are simply adding or deleting locations under current Orders, while other changes include grammar corrections and realignment of certain provisions within Chapter II. A list of these changes are addressed in "Attachment A - Summary of Changes."

Additionally, these changes were addressed and approved at the Michigan State Waterways Commission meeting on February 13, 2009.

Recommendation:

After a comprehensive review of Chapter II – Public Access Sites and Harbors in its entirety to consider the validity of each rule with regard to current events, this order was submitted for information and consideration at the April 2, 2009 Natural Resources Commission meeting. It appeared on the Department's March 23 and April 27, 2009 calendar, and is being submitted for action at the May 7, 2009 Natural Resources Commission meeting.

APPENDIX A – SUMMARY OF CHANGES

The changes made to Chapter II reflect:

- a. Department Administrative Rules that have been modified which now make certain Land Use Orders of the Director redundant.
- b. Orders that are considered unnecessary because site management issues have been addressed and are no longer considered a problem.
- c. Access sites and harbors that have been added to the system, or have an increased need to address specific activities, requiring amendments to current Orders.
- d. The addition of certain fee sites where rules need to be administered for the purpose of control and consistency.

2.103 – Entry, use, and occupancy of certain access sites, harbors, and dams, prohibited conduct.

The changes to 2.103 are the addition of 13 fee sites and the removal of four sites (Murray Lake, Camp Lake and Campau Lake in Kent County, and Stronach Lake in Manistee County) at which entrance fees are no longer charged nor required.

2.104 - State administered mooring facilities regulations, prohibited conduct.

This order has conditions which are duplicated in existing administrative rules under R 299.922 (i.e., camping, commercial use) and R 299.923 (i.e., moor without paying fees). Three locations were added (Tricentennial, Fayette and Straits) to enable staff to apply these specific orders covered under existing marinas. "Mackinac" was simply spelled incorrectly. The proposed rules are listed separately, as opposed to one encompassing paragraph.

2.105 – Unattended vessel, vessel on trailer, unattached trailer or anchored vessel, prohibited conduct.

The proposed change consolidates the various requirements as opposed to several different orders with similar conditions. 13 locations were added in southern Michigan, and the site number for Lake Margrethe was corrected.

2.106 – Vehicle and trailer parking within certain access sites and harbors, prohibited conduct.

East Tawas parking area was rewritten to address current conditions and provide better clarification for general purpose. Eleven locations were added in southern Michigan as necessary to enforce parking related issues.

2.107 – Alcoholic beverages, possession and consumption, prohibited conduct.

Pickrel Lake 62-3 in Newaygo County was removed because alcohol-related incidents have not been recently, nor are they any longer, an issue at this facility.

2.108 Possession of dogs, pet fecal material at certain access sites and harbors, prohibited conduct.

Two locations were added (Diamond Lake in Cass County, and Port Austin in Huron County), and one location was deleted (Murray Lake in Kent County) based on the need for (or lack of) enforcement of dog-related issues.

2.109 – Fires, discharging firearms, other prohibited conduct.

Change is the addition of Lexington boating access site for mooring adjacent to launch.

2.110 – Feeding of waterfowl or other aquatic birds, prohibited conduct.

Change is the addition of Lexington mooring facility.

2.112 – Fishing on the premises, prohibited conduct.

Change is the addition of Marine City. Use of premises for fishing has evolved to conflict with boaters and trespass on adjacent properties.

LAND USE ORDERS OF THE DIRECTOR

Amendment No. 3 of 2009

By authority conferred on the Director of the Department of Natural Resources by section 504 of 1994 PA 451, MCL 324.504, and pursuant to R 299.671 and R 299.921 of the Michigan Administrative Code, it is ordered that the following order of the Land Use Orders of the Director shall read as follows:
