Bear Preference Point System

Hunters are selected for bear licenses using a preference point system that began in 2000. Drawing applicants with the greatest number of preference points in each hunt period are selected before those with fewer points. *First hunt choices have priority in the drawing; second hunt choices will be awarded only if licenses remain after all first hunt choices have been awarded.*

Points are reset to zero upon selection. Applicants who are not selected receive a point for future drawings. **IMPORTANT:** Applicants must apply at least once every FIVE years to retain their points. Points expire for individuals who do not apply for five consecutive years.

No more than 2% of the available licenses in each hunt period are awarded to nonresident applicants.

For more information, refer to the Michigan Black Bear Digest.
