

## **Eagle Lake Land Acquisition** Cass County, Michigan

# **Cass County Road Commission Meeting**

July, 18, 2013

The following are objectives the DNR has identified that will be beneficial to supporting a safer environment for Eagle Lake Road with the development of a public boating access site.

- Provide public vehicle/trailer parking on site reducing potential for parallel parking along Eagle Lake Rd.
- Remove and trim vegetation onsite at inside bend of Eagle Lake Road to open up vision to site.
- Provide a regulated facility for parking and use of launch.
- Work with Road Commission to install road signs to north and south of site notifying drivers of site ahead.
- Install onsite directional signage improving flow.
- Relocate launching area to larger portion of land to support improved launching/maneuvering off of road.
- Work with Road Commission to create a marked cross walk on Eagle Lake Rd. to improve organization of pedestrian crossing.
- Create a stacking/staging lane off of Eagle Lake Rd.
- If a fee site, add an onsite attendant to monitor site traffic and launching.
