

Muskegon Wastewater Manager's Update 2016 Season - Week ending 1/1/2017

Weather

Milder weather to end December, and lost most of our snow last week. Lows generally in 30s, and highs from upper 30s to 50 degrees. Rain, after Christmas, but not much snow.

Waterfowl Abundance

Waterfowl numbers declining. See weekly counts.

Hunting Conditions

No changes, but hunting is over for the season. Last hunting day was December 20.

Hunter Numbers

Final total for the season – 551 hunter trips.

Waterfowl Harvest

Final totals – 235 geese and 93 ducks (mostly mallards).

What To Expect This Week

No changes, closed for the season.

Upcoming Events

No events until spring of 2017.

Other Comments

Good goose hunting success in December.
