

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF NATURAL RESOURCES
LANSING

RODNEY A. STOKES
DIRECTOR

Dear Licensed Falconer:

This letter is the application for a **General Raptor Capture Permit**. If issued, this permit authorizes the live capture of one (1) raptor in accordance with Section 10.10 of the Wildlife Conservation Order and any other applicable State or Federal falconry regulations. A copy of Section 10.10 is affixed to this application.

If issued, this permit is valid for the take of both passage (first year) raptors and eyasses (chicks in the nest) during the spring season (February 1 - July 19); the fall season (September 12- December 31); or until the capture of one (1) raptor; or until you are notified of the capture of 80 birds statewide by all permit holders per year. The type of raptor live captured shall be limited to one: Red-tailed hawk, American kestrel, Cooper's hawk, Sharp-shinned hawk, or Rough-legged hawk. Apprentices may possess only a Red-tailed hawk or American kestrel.

If you wish to apply, please complete this application and submit to:
Permit Specialist, DNR, Wildlife Division, PO Box 30444, Lansing, MI 48909-7944.

Your signature below shall certify that you understand all applicable State and Federal regulations on falconry including Section 10.10 of the Wildlife Conservation Order and shall abide by those regulations if a permit is issued.
