

# Michigan Ports and Their Function

## LEGEND

### PORT FUNCTIONS

#### Cargo Port

Deep-water harbors that host cargo shipping vessels and facilities as defined by the Michigan Department of Transportation.

#### Ferry Port

Hosts Great Lakes ferry services that accommodate passengers, vehicles, package freight or a combination of those.

#### Commercial Port

Hosts commercial maritime activities other than the movement of cargo, including vessel construction, maintenance, repair; commercial fishing; marine contractors; salvage, dredging and towing services; charters, and other excursion services; and land-based support operations.

#### Recreational Port

Harbors and marinas funded by the Michigan Waterways Commission.

Map Created by: Matt Warner  
Michigan Coastal Management Program  
Department of Natural Resources and Environment

This map of the port communities is a work in progress and will be updated as new information becomes available. September 21, 2010.
