Algonac State Park

PHASE 2 - LONG-RANGE ACTION GOALS

Long-range action plan providing specific action goals focused on the natural resources, historic-cultural resources, recreation opportunities, and the education-interpretation opportunities of each zone established in the "General Management Plan" for...

Prepared by:
Paul N. Curtis, Park Management Plan Administrator

(For Information)

CITIZENS COMMITTEE FOR MICHIGAN STATE PARKS:	<u>10/1/2008</u>
DNR – STATEWIDE COUNCIL:	<u>11/4/2008</u>
DNR – SLP ECOTEAM:	<u>10/21/2008</u>
PRD – SECTION CHIEFS:	<u>5/27/2008</u>

INTRODUCTION

This is “Phase 2”, the 10-year ‘Action Goals’ phase of planning for Algonac State Park. In this phase, the first action is to re-evaluate the General Management Plan to assure that no conditions have changed that would cause a change in that overall guiding document. Having recently adopted the General Management Plan for this park, it stands as written.

The second phase of management planning for Algonac State Park establishes long-range action goals for each of the management zones defined in the “General Management Plan” (GMP). For each management zone in the plan, action goals are recommended that address the following categories:

- Natural Resources
- Historic/Cultural Resources
- Recreation Opportunities
- Education/Interpretation Opportunities
- Management Focus
- Visitor Experience
- Development

One action item that is common to all management zones of the park is that Stewardship will develop a new/updated “Stewardship Plan”. This new plan will be a five-year implementation action plan structured to reflect the defined management zones and objectives of the GMP. It will fall into sync with the Phase 3 (5-year Implementation Plan) of the Management Plan.

- Develop a new/updated “Stewardship Plan”.

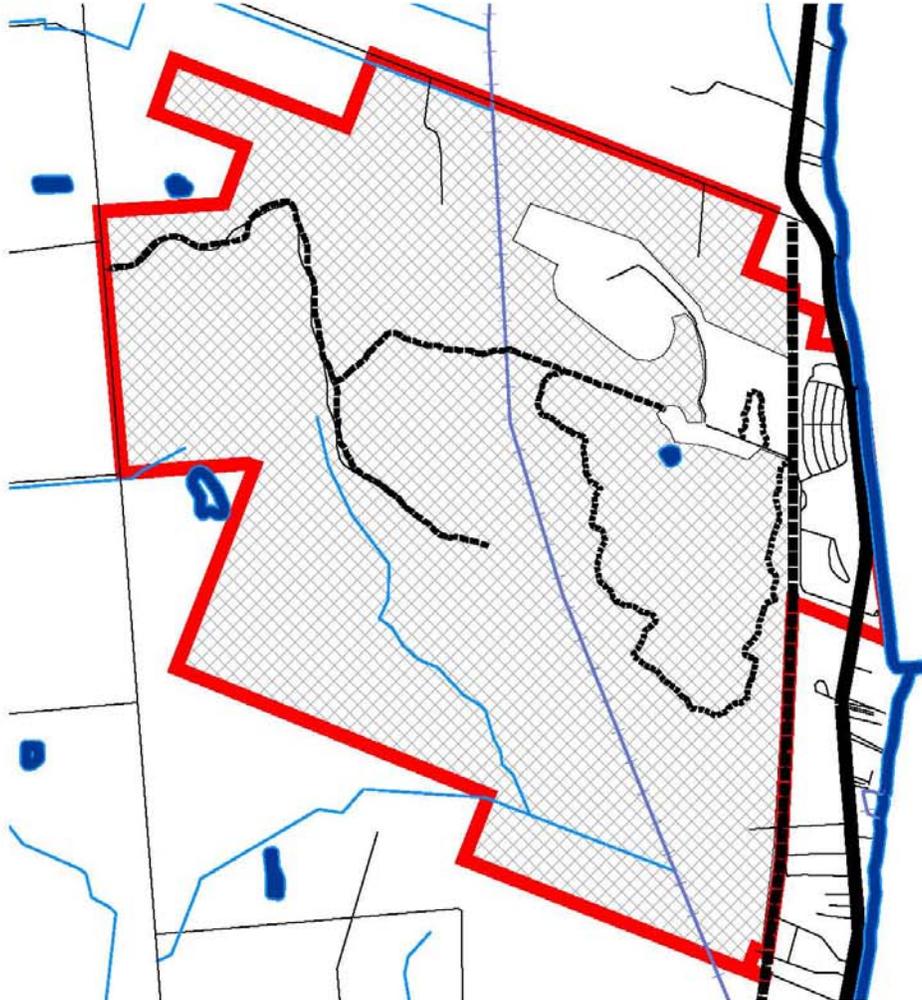

TARGET DATE: 4/15/2013

RESPONSIBLE POSITION: Stewardship Ecologist

LEAD STAFF: Glenn Palmgren

In addition to implementing the new Stewardship Plan, the following long-range action goals are proposed for each Management Zone of the park, as follows:

Algonac State Park PRIMITIVE ZONE

LEGEND:

- | | |
|---|---|
|  Algonac_Property_Line |  M-29 |
|  Primitive Zone |  Local Road |
|  Marine City Drain |  St. Clair River |

PRIMITIVE ZONE – The purpose of this zone designation is to preserve and re-establish the lakeplain prairie and oak savannah communities, and the Great Lakes Marsh, all of which are of global significance. Based on recommendations of the Phase 1 – General Management Plan for Algonac SP, the DNR initiated action in October of 2007 to expand the “Natural Area” designation at Algonac to include all of this zone. On March 5, 2008, rule R322.73.1 was added to the Michigan Administrative Code, expanding the dedicated Natural Area from 370 acres to 1,244 acres.

The following action goals will be attained:

- **Natural Resources** - (Note...the new/updated Stewardship Plan will be written to reflect the specific management requirements of the “Natural Area Act” designation of this entire zone.)
 - With dedication of this zone as a “Natural Area” (effective March 5, 2008), eliminate the multiple separate NRC designations found in this zone.

TARGET DATE: 7/1/2009

RESPONSIBLE POSITION: Stewardship Ecologist

LEAD STAFF: Glenn Palmgren
 - Implement the specific provisions of the (new/updated) Stewardship Plan.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Stewardship Unit Manager and the Park Manager

LEAD STAFF: Ray Fahlsing and Steve Pondo
 - Burn 20% to 25% of the zone per year.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: FMFM Fire Officer or Stewardship Ecologist

LEAD STAFF: Earl Cole or Glen Palmgren
 - Restore the Great Lakes Marsh hydrology at the south end of the zone.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Stewardship Unit Manager

LEAD STAFF: Ray Fahlsing

- **Historic/Cultural Resources**

- Review all proposed earthwork activities for potential impact on historic/cultural resources. (Known archeological sites exist primarily along the sand ridges on the west end of the park, the likelihood exists that others could be found in this zone.)

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Cultural Resource Specialist and Park Manager

LEAD STAFF: Lisa Gamero and Steve Pondo

- **Recreational Opportunities**

- Expand the “Lakeplain Prairie Trail” to cross the Marine City Drain to make it into a ‘loop’ trail.

TARGET DATE: 2018

RESPONSIBLE POSITION: District Planner

LEAD STAFF: Kriss Bennett

- Improve hunter access to this zone at the Marsh Road access lot.

TARGET DATE: 2018

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- With designation of this entire zone as a “Natural Area”, no snowmobile, ATV, ORV, equestrian or mountain bike use will be allowed. (Note...mechanized access is allowed for law enforcement, fire management, emergency access, and zone restoration work.) A ‘Land Use Order’ or other legal mechanism needs to be enacted to secure law enforcement authority. (Note...we need this for all zones)

TARGET DATE: 2009

RESPONSIBLE POSITION: District Supervisor

LEAD STAFF: Luba Sitar

- **Education/Interpretation (E/I) Opportunities** - develop and provide information on the following:

- The 'Natural Area Act' and designation of this zone.

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- Oak Savannahs, Lakeplain Prairies, and Great Lakes Marsh and the rarity of this eco-system.

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- The management techniques used to re-establish and maintain the system (ie. controlled burning).

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- Invasive species impacts to the park, and control measures available/used.

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- Rare and endangered species.

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- Herons and heron rookeries.

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- Cultural resources

TARGET DATE: 2018

RESPONSIBLE POSITION: Office of Communications
with assistance from Stewardship Program

LEAD STAFF: Janet Canode

- **Management Focus**

- Implement the Stewardship Plan for restoration.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Stewardship Unit Manager
and the Park Manager

LEAD STAFF: Ray Fahlsing and Steve Pondo

- Promote volunteer partnerships to meet the resource goals.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Stewardship Program

LEAD STAFF: Laurel Malvitz

- Maintain a visitor experience that reflects a high degree of 'natural' feel, a significant sense of solitude, and a lack of man-made improvements.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- Target the training of "Outdoor Explorers" to meet the above cited specific E/I needs for this zone.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Office of Communications

LEAD STAFF: Janet Canode

- Meet the management requirements of the zone as directed under the 'Natural Areas Act'.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager

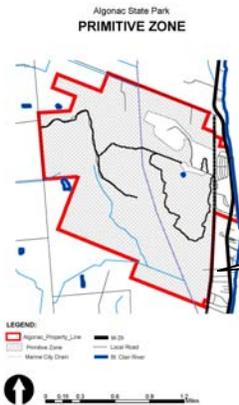

LEAD STAFF: Steve Pondo

- Address park management access rights to the Bridge-to-Bay Trail within the park boundaries for purposes of staff access to the Primitive Zone for fire control and zone maintenance.

TARGET DATE: 2012

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

Establish park management access rights to the Bridge-to-Bay trail within the park.

- Update the “Wildfire Management Plan”

TARGET DATE: Review annually and update as needed

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- Prepare an “Emergency Access Plan”

TARGET DATE: 2009

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- **Development**

- Build the connector trail section to cross the Marine City Drain and make the “Lakeplain Prairie Trail” a loop trail.

TARGET DATE: 2018

RESPONSIBLE POSITION: Park Manager

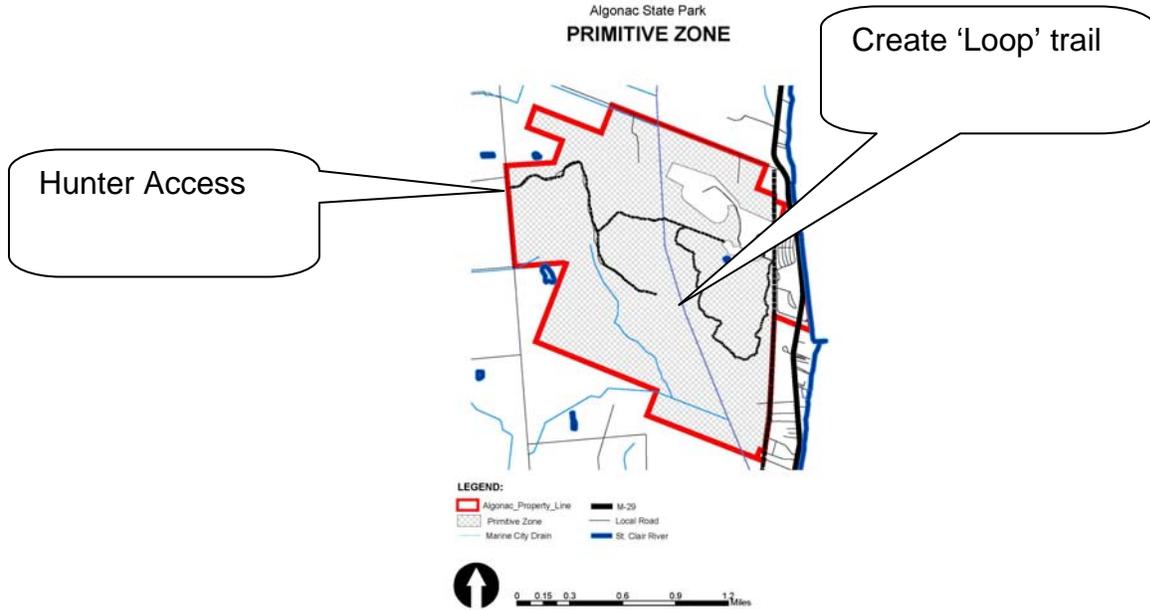

LEAD STAFF: Steve Pondo

- Develop a formalized parking area at the existing Marsh Road access point to the zone for improved hunter access, law enforcement access, and emergency access.

TARGET DATE: 2018

RESPONSIBLE POSITION: District Planner and Park Manager

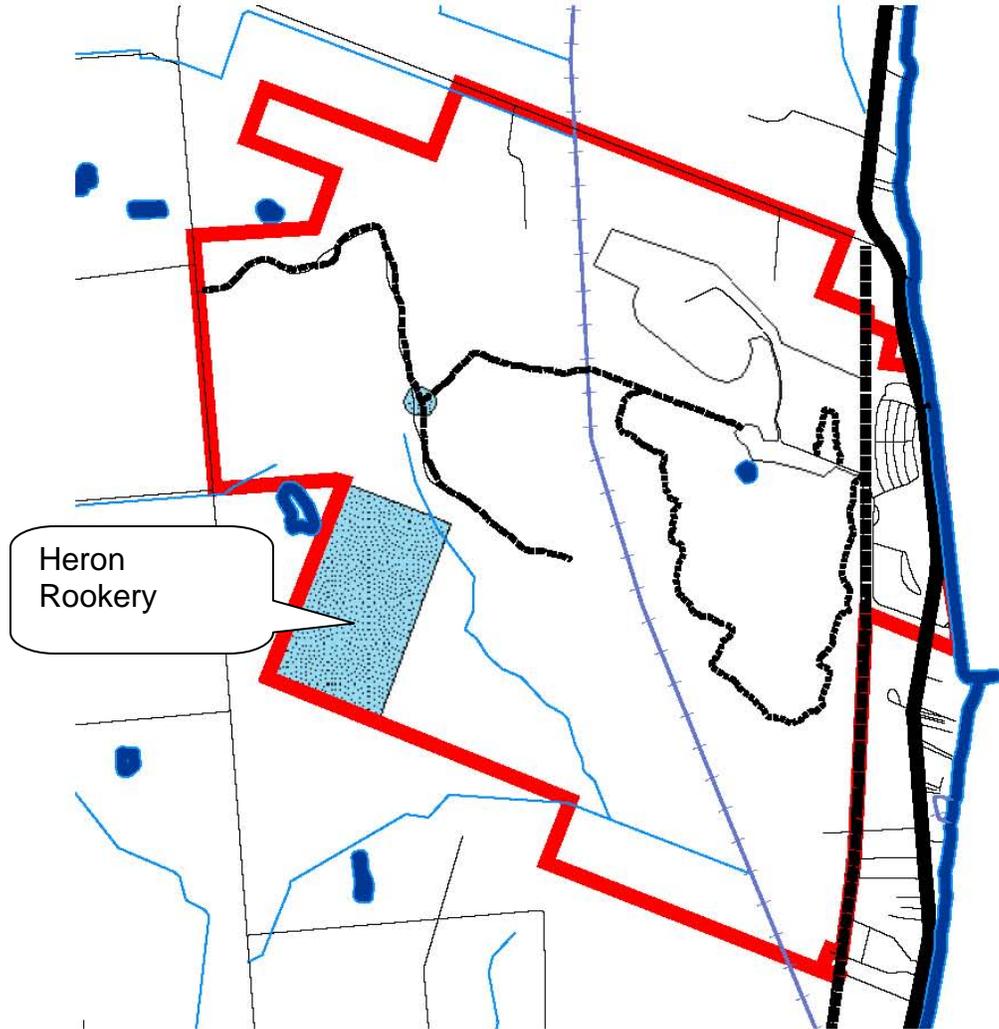

LEAD STAFF: Kriss Bennett and Steve Pondo

ECOLOGICALLY SENSITIVE ZONE

(Seasonal Heron Rookery)

LEGEND:

-  Algonac_Property_Line
-  Ecologically Sensitive Zone
-  Marine City Drain
-  M-29
-  Local Road
-  St. Clair River

ECOLOGICALLY SENSITIVE ZONE - This zone has a seasonal designation of April 1 to September 15. The zone is defined by the location of nesting herons, which may change nest locations over time. Additionally, this zone is a sub-set of the Primitive Zone, and the requirements of the Primitive Zone apply. Exceptions or modifications to those requirements are:

- **Natural Resources**

- No vegetative management that would disturb historically active nesting trees will be allowed at any time of the year.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager and Stewardship Unit Manager

LEAD STAFF: Steve Pondo and Ray Fahlsing

- During the zone season, vegetative management practices will not conflict with the purpose of the zone (protection of the rookery(s) from disturbance)

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager and Stewardship Unit Manager

LEAD STAFF: Steve Pondo and Ray Fahlsing

- **Recreational Opportunities**

- During the zone season, recreational activities will not be allowed in the zone. During hunting season (September 15 to April 1) there are no restrictions on access.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- **Education/Interpretation Opportunities**

- Provide information on herons and heron rookeries at appropriate locations away from the protected zone.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Explorer Guide and Office of Communications

LEAD STAFF: Karen Gourlay and Janet Canode

- Allow heron research with oversight by PRD-Stewardship.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Stewardship Unit Manager

LEAD STAFF: Ray Fahlsing

- **Management Focus**

- Determine nesting activity and define (with marker posts or other means) a 450' protective buffer annually.

TARGET DATE: Annually by April 1

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- Control the scheduling of work and park use activities do as not to cause disturbance to the zone.

TARGET DATE: April 1 to September 15 annually

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

Algonac State Park NATURAL RESOURCE RECREATION ZONE

LEGEND:

-  Algonac_Property_Line
-  Natural Resources Recreation Zone
-  Marine City Drain
-  M-29
-  Local Road
-  St. Clair River

NATURAL RESOURCE RECREATION ZONE – The purpose of this designation is to recognize the more intensive public use of the area for general recreational purposes and special events (ie. Historic Re-enactment). There are scattered occurrences of Endangered, Threatened, or Special Concern species in this area. The following action goals will be attained:

- **Natural Resources**

- Protect ‘protected’ plants that may be impacted by public use (ie. Historic Re-enactments).

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- Submit for a variance to allow for mowing of ‘protected’ plants in the active use area of this zone. (NOTE...mowing during a prescribed time-period will not be injurious to the plants, and with the degree of plant management throughout the park, it is felt that we should be able to acquire a variance to allow for that form of maintenance/management)

TARGET DATE: 2009

RESPONSIBLE POSITION: Stewardship Unit Manager

LEAD STAFF: Ray Fahlsing

- Expand the ‘Blazing Star Prairie’ out to road/parking edges and trail on all four sides.

TARGET DATE: 2012

RESPONSIBLE POSITION: Stewardship Unit Manager

LEAD STAFF: Ray Fahlsing

- **Historic/Cultural Resources**

- Review all proposed earthwork activities for potential impact on historic/cultural resources. (Known archeological sites exist primarily along the sand ridges on the west end of the park, there is a possibility that others could be found in this zone.)

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Cultural Resource Specialist and Park Manager

LEAD STAFF: Lisa Gamero and Steve Pondo

- **Recreational Opportunities**

- Prohibit 'All Terrain Vehicle' (ATV), 'Off Road Vehicle' (ORV), and snowmobile use.

TARGET DATE: 2008

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- **Education/Interpretation Opportunities**

- Provide information on the 'Blazing Star Prairie' and the global significance of this park's ecosystem.

TARGET DATE: 2012

RESPONSIBLE POSITION: Stewardship Ecologist and Office of Communications

LEAD STAFF: Glenn Palmgren and Janet Canode

- Provide information on the Historic Re-enactment Camp and the general historical significance of the area.

TARGET DATE: Ongoing

VISITOR SERVICES ZONE

LEGEND:

-  Algonac_Property_Line
-  Visitor Services Zone
-  Marine City Drain

-  M-29
-  Local Road
-  St. Clair River

VISITOR SERVICES ZONE - The zone encompasses the developed areas required for program administration and operations. Typically it will include offices, contact stations, maintenance facilities and all related land base required to conduct the business of running a state park or recreation area. At Algonac, a holding of undeveloped land immediately north of the current shop area has been included in this zone for purposes of future expansion.

- **Natural Resources**

- Except for protected plants, the natural resources can be modified to support the needs for administration of the park.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- **Historic/Cultural Resources**

- If any activity in this zone requires earthwork, it must first be reviewed and approved by Stewardship. Known archeological sites exist adjacent to the park manager's residence. Others could be found in this zone.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Cultural Resource Specialist and Park Manager

LEAD STAFF: Lisa Gamero and Steve Pondo

- **Recreational Opportunities**

- Potential for rental of manager's former residence (assess).

TARGET DATE: 2018

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo

- **Education/Interpretation Opportunities**

- Educational materials will be made available in the office 'public space', and office staff will assist with verbal information and directions to other places for information in the park.

TARGET DATE: Ongoing

RESPONSIBLE POSITION: Park Manager

LEAD STAFF: Steve Pondo
