IRN connects those in need with those who have surplus. We match the needs of charities and nonprofits throughout the world with surplus furnishings and equipment from schools, universities, corporations and other large organizations. Our services provide a complete reuse solution for organizations who generate surplus and those who receive it. IRN makes the match and manages the labor and logistics to move, load, and ship surplus to reusers.

ORDERING AND PRICING GUIDELINES

**An order is defined as a single order shipping to a single destination.

**Pricing is predicated on Factory Direct Ordering for best value and product selection.

** Pricing tiers are determined by the total list price of all product offered within a single brand. The aggregate total determines the pricing tier, and as applicable - the corresponding discount percent applies for product categories.

**Brands may be combined on a single purchase order to streamline the order process and eliminate the need to generate multiple purchase orders -- but

**Full line catalogs, cut sheets, specification, color & finish cards are available on request.

**The current list price in effect at time of order will determine the purchase price.

A variety of freight terms are included in the pricing schedule above. FOB FACTORY (additional freight charges will be added) and Tailgate Dock Delivered (delivered pricing) is included to offer the best value pricing option to all members. FOB FACTORY pricing provides deeper product discounts with the provision to provide pass-thru actual freight charges as applicable. The actual freight charges will be applied as a line item charge on the invoice. Based on the logistics of shipping relative to the factory and ordering entity state of designation, freight rates can vary significantly. Freight quotes will be provided to member entities prior to order placement to determine BEST VALUE and lowest cost on an order by order basis.

The "Tailgate Dock Delivered" and "Delivered and Installed " pricing columns can only be selected as a pricing tier if the end user has a formal, functional and accessible Receiving Dock and if staff is available to assist in the off-load of product. LTL carriers do not provide assistance in the off-load of product or assist in moving product from a "drop spot" inside a building structure. Please understand that IF a formal dock is not available and if manpower resources are not provided to assist in the offload of product to an internal staging area with a building structure - the "Discount Including Full Installation "pricing tier must be selected.

IRN connects those in need with those who have surplus. We match the needs of charities and nonprofits throughout the world with surplus furnishings and equipment from schools, universities, corporations and other large organizations. Our services provide a complete reuse solution for organizations who generate surplus and those who receive it. IRN makes the match and manages the labor and logistics to move, load, and ship surplus to reusers.

ORDERING AND PRICING GUIDELINES

****An order is defined as a single order shipping to a single destination.**

****Pricing is predicated on Factory Direct Ordering for best value and product selection.**

**** Pricing tiers are determined by the total list price of all product offered within a single brand. The aggregate total determines the pricing tier, and as applicable - the corresponding discount percent applies for product categories.**

****Brands may be combined on a single purchase order to streamline the order process and eliminate the need to generate multiple purchase**

****Full line catalogs, cut sheets, specification, color & finish cards are available on request.**

****The current list price in effect at time of order will determine the purchase price.**

A variety of freight terms are included in the pricing schedule above. FOB FACTORY (additional freight charges will be added) and Tailgate Dock Delivered (delivered pricing) is included to offer the best value pricing option to all members. FOB FACTORY pricing provides deeper product discounts with the provision to provide pass-thru actual freight charges as applicable. The actual freight charges will be applied as a line item charge on the invoice. Based on the logistics of shipping relative to the factory and ordering entity state of designation, freight rates can vary significantly. Freight quotes will be provided to member entities prior to order placement to determine BEST VALUE and lowest cost on an order by order basis.

The "Tailgate Dock Delivered" and "Delivered and Installed " pricing columns can only be selected as a pricing tier if the end user has a formal, functional and accessible Receiving Dock and if staff is available to assist in the off-load of product. LTL carriers do not provide assistance in the off-load of product or assist in moving product from a "drop spot" inside a building structure. Please understand that IF a formal dock is not available and if manpower resources are not provided to assist in the offload of product to an internal staging area with a building structure - the "Discount Including Full Installation "pricing tier must be selected.

Installation Rate Terms as referenced in Pricing Discount Schedule

* Install can be completed by two men and one truck in accordance with OSHA standards
* Non-Union labor rates - normal business hours

Federal Provisions Addendum

The provisions in this addendum may apply if the purchase will be paid for in whole or in part with funds obtained from the federal government. If any provision below is not required by federal law for this Contract, then it does not apply and must be disregarded. If any provision below is required to be included in this Contract by federal law, then the applicable provision applies and the language is not negotiable. If any provision below conflicts with the State's terms and conditions, including any attachments, schedules, or exhibits to the State's Contract, the provisions below take priority to the extent a provision is required by federal law; otherwise, the order of precedence set forth in the Contract applies. Hyperlinks are provided for convenience only; broken hyperlinks will not relieve Contractor from compliance with the law.

1. Federally Assisted Construction Contracts

If this contract is a "**federally assisted construction contract**" as defined in 41 CRF Part 60-1.3, and except as otherwise may be provided under 41 CRF Part 60, then during performance of this Contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

2. Davis-Bacon Act (Prevailing Wage)

If applicable, the Contractor (and its subcontractors) for **prime construction contracts** in excess of $2,000 must comply with the Davis-Bacon Act (40 USC 3141-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

3. Copeland "Anti-Kickback" Act

If applicable, the Contractor must comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"), which prohibits the Contractor and subrecipients from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

4. Contract Work Hours and Safety Standards Act

If the Contract is **in excess of $100,000** and **involves the employment of mechanics or laborers**, the Contractor must comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5), as applicable.

5. Rights to Inventions Made Under a Contract or Agreement

If the Contract is funded by a federal "funding agreement" as defined under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

6. Clean Air Act

If this Contract is **in excess of $150,000,** the Contractor must comply with all applicable standards, orders, and regulations issued under the Clean Air Act (42 USC 7401-7671q) and the Federal Water Pollution Control Act (33 USC 1251-1387). Violations must be reported to the federal awarding agency and the regional office of the Environmental Protection Agency.

7. Debarment and Suspension

A "contract award" (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

8. Byrd Anti-Lobbying Amendment

If this Contract **exceeds $100,000**, bidders and the Contractor must file the certification required under 31 USC 1352.

9. Procurement of Recovered Materials

Under 2 CFR 200.322, a non-Federal entity that is a state agency or agency of a political subdivision of a state **and its contractors** must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Byrd Anti-Lobbying Certification

The following certification and disclosure regarding payments to influence certain federal transactions are made under FAR 52.203-11 and 52.203-12 and 31 USC 1352, the "Byrd Anti-Lobbying Amendment." Hyperlinks are provided for convenience only; broken hyperlinks will not relieve Contractor from compliance with the law.

1. FAR 52.203-12, "Limitation on Payments to Influence Certain Federal Transactions" is hereby incorporated by reference into this certification.

2. The bidder, by submitting its proposal hereby certifies to the best of his or her knowledge and belief that:

    a. No federal **appropriated** funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress on his or her behalf in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan, or cooperative agreement;

    b. If any funds **other than federal appropriated funds** (including profit or fee received under a covered federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress on his or her behalf **in connection with this solicitation**, the bidder must complete and submit, with its proposal, OMB standard form LLL, Disclosure of Lobbying Activities, to the Solicitation Manager; and

    c. He or she will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of $150,000 must certify and disclose accordingly.

3. This certification is a material representation of fact upon which reliance is placed at the time of Contract award. Submission of this certification and disclosure is a prerequisite for making or entering into this Contract under 31 USC 1352. Any person making an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision is subject to a civil penalty of not less than $10,000, and not more than $100,000, for each such failure.
