IRN connects those in need with those who have surplus. We match the needs of charities and nonprofits throughout the world with surplus furnishings and equipment from schools, universities, corporations and other large organizations. Our services provide a complete reuse solution for organizations who generate surplus and those who receive it. IRN makes the match and manages the labor and logistics to move, load, and ship surplus to reusers.

ORDERING AND PRICING GUIDELINES

An order is defined as a single purchase order shipping to a single destination.

All pricing is predicated on factory sourced orders - retail and on line purchases are not eligible for these special discount rates.

** Pricing tiers are determined by the total list price of all product offered within a single brand. The aggregate total determines the pricing tier, and as applicable - the corresponding discount percent applies for product categories for that single brand. The aggregate order total reflecting a combination of brands is not applicable when determining volume tiers.

**Brands may be combined on a single purchase order to streamline the order process and eliminate the need to generate multiple purchase orders -- but tiered pricing is based on the total list price per BRAND.

**Full line catalogs, cut sheets, specification, color & finish cards are available on request.

** Discounts are applied to the current list price in effect at time of order.

A vendor directory that includes all suppliers listed in this response is provided for your convenience. The directory contains manufacturer and catalog web links. The web sites will provide information regarding sustainability, indoor clean air certifications, products and finishes. The site also contains industry standards and certifications and resource information such a white paper studies. The web sites contain the most up-to-date product information and finishes. We encourage you to explore the vast amount of information provided.

Two freight terms are included in the pricing schedule above. FOB FACTORY (additional freight charges will be added) and Tailgate Dock Delivered (delivered pricing). The dual

The "Tailgate Dock Delivered" pricing column can only be selected as a pricing tier for factory direct shipments when the following criteria is met. The end user must have a formal, functional and accessible Receiving Dock and staff is available to assist in the off-load of product. LTL carriers do not provide assistance in the off-load of product or assist in moving product from a "drop spot" inside a building structure. Please understand that IF a formal dock is not available and if manpower resources are not provided to assist in the offload of product to an internal staging area with a building structure - we cannot process your order to ship direct from the factory to your site.

IRN connects those in need with those who have surplus. We match the needs of charities and nonprofits throughout the world with surplus furnishings and equipment from schools, universities, corporations and other large organizations. Our services provide a complete reuse solution for organizations who generate surplus and those who receive it. IRN makes the match and manages the labor and logistics to move, load, and ship surplus to reusers.

Discounts apply to factory sourced orders ONLY - pricing does not support ON LINE or Retail Purchases. Discounts will be applied against the current list price in effect at time of order.

ORDERING AND PRICING GUIDELINES

An order is defined as a single purchase order shipping to a single destination.

All pricing is predicated on factory sourced orders - retail and on line purchases are not eligible for these special discount rates.

** Pricing tiers are determined by the total list price of all product offered within a single brand. The aggregate total determines the pricing tier, and as applicable - the corresponding discount percent applies for product categories for that single brand. The aggregate order total reflecting a combination of brands is not applicable when determining volume tiers.

**Brands may be combined on a single purchase order to streamline the order process and eliminate the need to generate multiple purchase orders -- but tiered pricing is based on the total list price per BRAND.

**Full line catalogs, cut sheets, specification, color & finish cards are available on request.

** Discounts are applied to the current list price in effect at time of order.

A vendor directory that includes all suppliers listed in this response is provided for your convenience. The directory contains manufacturer and catalog web links. The web sites will provide information regarding sustainability, indoor clean air certifications, products and finishes. The site also contains industry standards and certifications and resource information such a white paper studies. The web sites contain the most up-to-date product information and finishes. We encourage you to explore the vast amount of information provided.

Two freight terms are included in the pricing schedule above. FOB FACTORY (additional freight charges will be added) and Tailgate Dock Delivered (delivered pricing). The dual

The "Tailgate Dock Delivered" pricing column can only be selected as a pricing tier for factory direct shipments when the following criteria is met. The end user must have a formal, functional and accessible Receiving Dock and staff is available to assist in the off-load of product. LTL carriers do not provide assistance in the off-load of product or assist in moving product from a "drop spot" inside a building structure. Please understand that IF a formal dock is not available and if manpower resources are not provided to assist in the offload of product to an internal staging area with a building structure - we cannot process your order to ship direct from the factory to your site.

Staples

State of Michigan Contract #190000000268
Manufacturer Direct Furniture Offering
Effective July 1, 2020
