Introduction and Overview

The State of Michigan, by the Department of Technology, Management and Budget (DTMB/State or Lessee), for the Department of Health & Human Services (DHHS) is evaluating their space alternatives in Redford or Livonia, Michigan. Please respond to the Request for Proposal (RFP) if you (Lessor or Bidder) have a potential location in the geographic boundaries set forth in this RFP. If you have more than one potential location, submit separate proposals for each location.

Please review and read this package thoroughly. Your proposal should be based on the sample documents and the requirements as detailed in this package.

Please be advised that State tax credits and incentives are administered by the Michigan Economic Development Corporation (MEDC), who is the appropriate contact for resources and program information. The DTMB will not accept proposals contingent upon receiving credits, incentives or other project cost inducements.

The State reserves the right to waive any irregularities or defects in any submission; to request clarifications or additional information regarding proposals; to conduct a Best and Final Offer (BAFO); and to reject any and all proposals at its sole discretion. The submission of this RFP does not constitute an agreement to lease with the State. The State shall assume no liability whatsoever for any expense incurred by a Bidder in replying to this RFP. The State shall also assume no liability for any development risk of a successful bidder. A lease agreement, if completed, shall be with the proposal deemed to have offered the best value to the State of Michigan.

Pursuant to 1984 PA 431, as amended, ("The DMB Act"), the Department of Technology, Management and Budget is the only agency authorized to enter into lease agreements on behalf of the State of Michigan. No individual, employee or agent of the State of Michigan has authority to bind the State without proper authorization. Bidders are directed to section VI.4 Proposal Submission of this RFP for correct information on the submission of a proposal. Bidders are hereby notified that communications during the RFP process non-compliant with the Proposal Submission guidelines may result in disqualification of a proposal.

Any release to the public of information relating in any respect to the contemplated lease agreement or any other matters set forth (i.e. advertisement, ground breaking, press releases, etc.) must have prior written approval and be made only in the form approved by the DTMB Real Estate Division Director.

I. Space Requirements

- I.1. This includes properties on either side of the street delineating only the west/south/east boundaries. The north boundary of W. 8 Mile Road can only have properties on the south side of this street (new location must remain within Wayne County). Please identify the location of the space by street and mailing address.
- I.2. Space (Premises):** The State requires approximately 33,790 usable square feet of office space. The State reserves the right to increase or decrease the size of this requirement by up to 10%. Special circumstances may require more extensive program size changes.

- I.3. **Parking:** The State requires 230+ (55+ common & 175 secured/reserved) parking spaces. Please describe the parking provided at the site, including the total number of spaces available and provide detail as to how you will meet this parking requirement.

II. Lease Term

- II.1. **Initial Lease Term:** The Initial Lease Term is for a minimum of ten (10) years; however, the State will consider a longer lease term if economic benefits are deemed to be in the State's best interest.
- Please propose a fixed, or flat, rental rate for a Gross Lease: including all expenses – taxes, insurance, janitorial services, maintenance, etc.
- The State may elect to pay for utilities separately so please include a cost per square foot to reduce the rental rate if such occurs.
- II.2. **Renewal Option(s):** The State requires two (2) ten (10) year options to renew with thirty (30) days advance written notice to the Lessor to exercise such option based on the terms and conditions defined in the Initial Lease. Please outline the rental rate for said option periods.
- II.3. **Adjustments/Escalations:** There will be no adjustments made to the rental consideration.

- II.5. **Concessions:** Given current market conditions, the State is very interested in acquiring market concessions for this transaction. Any concessions, especially the timing of such, will be a major factor in assessing proposals received. Concessions may include reduced rent, free rent, moving allowances or any other item you are willing to incorporate into the proposal. Clearly a combination of these items may be included also.
- II.6. **Cancellation:** Legislative cancellation requiring ninety days written notice for the initial term and Executive cancellation requiring ninety days written notice for all renewal options. All State leases for real property are required to contain a cancellation provision as established within the framework of the Michigan Constitution. The attached SAP form and sample lease contain this provision.
- II.7. **Security Deposit:** The State will not provide a security deposit.
- II.8. **Alternative Terms:** The State may consider proposals with alternative lease terms and conditions if such are determined to be in the best financial interest of the State; however, bidders are encouraged to respond to the specific requirements listed in this RFP, as alternative proposals may or may not be considered. All proposed alterations from the standard form of lease agreement attached to this RFP must be clearly identified. The State must receive sufficient information to accurately assess all proposals. The State reserves the sole and exclusive right to consider alternative proposals, to seek proposal clarification, and to reject any and all proposals.

III. Building Standards and Systems

- III.1. **Building and Tenant Improvements:** If you are submitting proposal(s) for either a build to suit or an existing building requiring remodeling work, reference the attached State of Michigan Minimum Design Standards for guidelines. The Lessor will be responsible for providing the Premises in a turnkey condition.

If your proposal is a new build requiring site approval, the final approved plan of the Premises must comply with your response to this RFP, including parking requirements.

Please provide a detailed description of the building and other material descriptions; for example, explain the HVAC system, the type of access and security system and procedures, and the telecommunications services available, barrier free design, etc. that will allow the State to understand the quality and appearance of the building.

- III.2. Construction Taxes, Permits and Fees:** The Lessor is responsible for all taxes, permits, fees, etc., required for any construction, infrastructure upgrades, and/or remodeling. The Lessor is responsible for all necessary inspections by the architect/engineer during the construction and/or remodeling.

Telecommunication items incorporated in this building project shall adhere to ANSI/EIA/TIA and BICSI Standards. The detailed specification for telecommunications may override the ANSI/EIA/TIA and BICSI standards in some areas due to changes in technology. In addition to the ANSI/EIA/TIA and BICSI Standards, all applicable building standards and codes must be incorporated. Lease spaces shall meet or exceed current industry Standards relating to building spaces, pathways and equipment which will be required from the building owner in order to achieve compliance.
- III.4. Environmental Disclosure:** The Lessor covenants that he/she has undertaken a due diligence inquiry of the Premises. The Premises, and property on which the Premises is located, is free of any toxic, hazardous or injurious substances as defined under Federal and State laws and regulations. The attached sample lease contains environmental provisions that must be adhered to when entering into a lease with the State of Michigan. These provisions, as recited in the lease agreement, will not be altered. Proposers are directed to the attached lease agreement to review all environmental requirements.
