

Category Renaming

Previously, only CMA Experts could rename a category. Now Site Administrators can change Category Names. All you need to do is **Edit** a category and change its name.

New – Active and editable

Edit Category

[Jump to associations](#) [Add New Content](#) [Add Child Category](#)

ID # 58064

Parent Category: (Edit) **E-MICHIGAN**

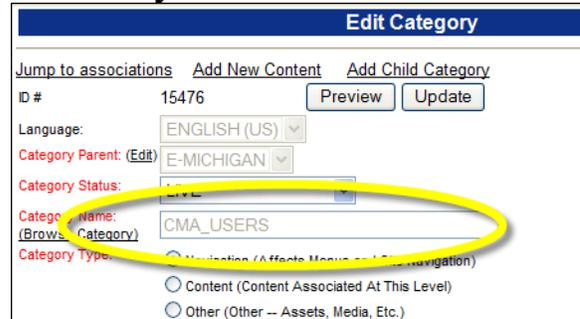

Category Status: LIVE

Category Name: (Browse Category)

Category Type:

- Navigation (Affects Menus and Site Navigation)
- Content (Content Associated At This Level)
- Other (Other -- Assets, Media, Etc.)

Old – Greyed out and not editable

Edit Category

[Jump to associations](#) [Add New Content](#) [Add Child Category](#)

ID # 15476

Language: ENGLISH (US)

Category Parent: (Edit) E-MICHIGAN

Category Status: LIVE

Category Name: (Browse Category)

Category Type:

- Navigation (Affects Menus and Site Navigation)
- Content (Content Associated At This Level)
- Other (Other -- Assets, Media, Etc.)

This will allow Site Administrators to keep the **Name** of category in sync with the **Title** of the category. It will help Content Authors navigate the Category Browser because the categories can have a name that is similar to what one sees on the website.
