

Virtual Science Fair Video Contest Rules

Overview of Contest:

Students should explore a science topic and then create a video displaying their project while providing an explanation during the video.

Experiments, research studies, demonstrations, and models are all acceptable project formats.

Submissions are due on October 25, 2013.

There is no cost to participate!

Eligibility

The virtual science fair is open only to students in grades Kindergarten through Twelfth grade in Michigan. All students must register and submit a parental consent form with their science fair entry to be considered for this contest.

Registration

Students can register at <http://questionpro.com/t/AgDLZPE85>

Students must register in order to participate. Registration is open September 4, 2013 through October 25, 2013.

Parental contest forms are required for all students.

- The form must be either emailed to sasyn@michigan.gov or faxed to 517-335-9776. The parent consent form allows us to show the video on our website.

By registering for this science fair, each entrant acknowledges he/she has read, understands and will abide by these official rules.

Categories

The contest will be separated by grade level

- ❖ K-4th grade students are eligible for the Lab Kids category
- ❖ 5th-8th grade students are eligible for the Atomic Kids category
- ❖ 9th-12th grade students are eligible for the Lab Teens category

Students may either submit an individual experiment or a group experiment. The group experiment should not have more than four students.

Video length and content

Videos must be at least two minutes long. The maximum length for a video is six minutes.

Videos must have science related content; biology, chemistry, physics, Environmental, life/Earth and laboratory science are acceptable topics.

The science project may take a variety of forms including experiments, research studies, demonstrations, and models. Students must either demonstrate the experiment or show the results of the experiment while providing an explanation of the project.

Submissions

Videos may be submitted via mail or uploading the video to a media sharing site like YouTube.

If you choose to submit your video via YouTube (or a comparable site), then you must email the video url (web address) to olsene@michigan.gov. Videos must be uploaded by 5pm on October 25, 2013.

- ❖ Students under the age of 13 must have their parents create an account on YouTube. We recommend that you set your video privacy to “Unlisted”.

If you choose to submit your video via the mail then it must be postmarked by October 25, 2013 in order to be considered for judging.

- ❖ Mailing Address:

Michigan Department of Community Health

Bureau of Laboratories

ATTN: Ninah Sasy-Explore Lab Science

927 Terminal Road

Lansing MI, 48906.

Prizes

The top three winners in each category (Lab Kids, Atomic Lab Kids and Lab Teens) will receive a lab coat with the Explore Lab Science logo. In addition the top three winners will receive a medal and certificate. All science fair participants will receive a certificate of participation if their entry meets all of the contest requirements. The prize is non-refundable and non-transferable.

Winners will be announced by November 15, 2013 on our website www.michigan.gov/explorelabscience. We will also contact the winners via email.

If students (or parents) have questions about the contest, please contact Liz Olsen at olsene@michigan.gov.

Thank you for participating in the Explore Lab Science Virtual Science Fair! Good luck to all participants!
