

**Summary of City of Flint (City) Actions  
In Response to the  
EPA Emergency Administrative Order  
Updated: February 12, 2016**

Chapter 61: Adequate Demonstration that the City has the Necessary, Capable, and Qualified Personnel Required to Perform the Duties and Obligations Required to Ensure the Public Water System Complies with the Safe Drinking Water Act (SDWA) and the National Primary Drinking Water Regulations.

EPA Order Due Date: 02/05/2016

Organizational charts for both the Flint Water Treatment Plant and for the division of the City of Flint Water Department responsible for maintenance and repairs to the distribution system have been provided by the City and posted to the State of Michigan's "Taking Action on Flint Water" website.

The City of Flint (City) also provided job descriptions related to the above referenced organizational charts.

City employees in these departments are provided on the job opportunities to gain the necessary knowledge and training in their respective fields with certified personnel, enrollment in water treatment and distribution system courses through the University of California - Sacramento, and classes instructed by organizations that include the Michigan Department of Environmental Quality (DEQ), Michigan Water Environmental Association (MWEA), American Water Works Association (AWWA), and other entities with classes certified for continuing education credits.
