School: Morrice High School
School District: Morrice Area Schools
Grade and Age: (12/17, 12/17, 11/16, 11/16)
Lead Teacher: Kari Ann Jones

LEARNING STATEMENT

**While working on "One Michigan: Celebrating Many Traditions,"
I learned...**

Through this project, we learned how to work together to create a sculpture that would communicate our ideas. In the beginning, we met to discuss the different ideas we had for representing the theme "One Michigan: Celebrating Many Traditions" and explored the potential effectiveness of each choice. After discussion, we formulated a plan of what we would need and a plan for building the sculpture. Everyone had input into how the snowmen would be built and what objects we could use to create another level of meaning in the sculpture. For example, we chose to use small cars to build the snowmen to represent the automotive industry that has been an integral part of the growth and development of Michigan. We also learned a lot about working cooperatively and time management!
